INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Crenlo Retirement Savings Plan
Rochester, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Crenlo Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 20, 2023 (in liquidation) and December 31, 2022 (ongoing), and the related statements of changes in net assets available for benefits for the period from January 1, 2023 through June 20, 2023 (in liquidation), and the year ended December 31, 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Crenlo Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements of information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 20, 2023 (in liquidation) and December 31, 2022 (ongoing) and for the period from January 1, 2023 through June 20, 2023 (in liquidation), and the year ended December 31, 2022 (ongoing), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Crenlo Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 and 2 to the financial statements, management of the Plan approved a plan of liquidation effective June 20, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statement to the liquidation basis used in the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crenlo Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crenlo Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crenlo Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CRENLO RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Crenlo Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was a defined contribution plan. Crenlo Cab Products, Inc. (the Company and the Employer) was the administrator and sponsor of the Plan. The Plan was established on September 28, 2011, and has been amended throughout the years to comply with regulatory and legislative requirements. The Plan was most recently restated on July 15, 2022. The participants were responsible for the direction of their account balances into specific investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 20, 2023, the Plan was terminated in accordance with management's decision for the Company to participate in a pooled employee plan. In preparation for Plan termination, the Plan was frozen to new participants and contributions on June 9, 2023, assets were liquidated June 19, 2023, and distributed to the pooled employer plan on June 20, 2023.

Amendments:

Effective January 1, 2022, the Plan was amended to include a safe harbor matching contribution equal to 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation eligible, plus 50% of each participant's elective deferrals in excess of 3%, but not in excess of 5% of the participant's eligible compensation. The Plan was also amended to include additional matching contributions for union employees. The match formula is equal to 50% of the participating union employee's deferrals up to 4% of eligible compensation.

Eligibility:

All employees of the Company, excluding nonresident aliens, temporary employees, part time employees with less than 1,000 hours of service, were eligible to participate in the Plan immediately upon reaching the age of eighteen years of age. The Plan entry date was as soon as administratively possible following the date in which the above eligibility conditions were met. To receive the additional matching contributions, union employees were required to be employed at the Employer on the last day of the plan year.

Contributions:

Each year, participants could contribute up to 100% of compensation, as defined in the Plan. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan contained an automatic enrollment feature whereby eligible participants automatically had 6% of their eligible compensation withheld from their paycheck, unless specifically elected otherwise by the participant.

NOTE 1. (CONTINUED)

Contributions (continued)

The Plan provided a Safe harbor matching contribution to eligible participants equal to 100% of each participants elective deferrals not exceeding 3% of the participants eligible compensation, plus 50% of each participant's elective deferrals in excess of 3%, but not in excess of 5% of the participants eligible compensation. The Plan also provided additional matching contributions for union employees. The match formula was equal to 50% of the participating union employee's deferrals up to 4% of eligible compensation.

The Company could also provide a non-elective discretionary contribution, under which the Company could contribute additional funds for participants who had satisfied the eligibility requirements described above. The Company did not make a non-elective discretionary contribution for the period ended June 20, 2023 and year ended December 31, 2022. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account was credited with pre-tax deferrals, participant post-tax Roth contributions, employer matching contributions, employer non-elective discretionary contribution, and plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts were valued at the end of each business day. The benefit the participant was entitled to is the benefit that can be provided from the participant's vested account.

Vesting:

Participants contributions plus actual earnings thereon were always fully vested. For any employer matching contributions, vesting was based on continuous years of service. Participants were fully vested upon one year of credited service. For any employer non-elective discretionary company contributions and earnings thereon, a participant was 20% vested in their non-elective discretionary company contributions after two years of credited service and increased 20% for each additional credited year until the participant became fully vested after six years of credited service. A participant was fully vested upon reaching normal retirement age, death, or permanent disability. As a result of the Plan's termination, all participants became 100% vested in all accounts before the Plan liquidated all assets.

Notes receivable from participants:

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balances or \$50,000. The notes were secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.25% for the period ending June 20, 2023, which were commensurate with prevailing market rates by the plan administrator. Loans were repaid within five years, unless for the purchase of a primary residence, which were repaid within ten years. Principal and interest were paid through payroll deductions.

NOTE 1. (CONTINUED)

Payment of benefits:

Distributions to terminated or retired participants were made in a single lump-sum payment to the participant (or in the case of death, the participant's beneficiary) or periodic installments over a period specified by the Plan. If terminated/retired participants did not voluntarily elect to move their funds out of the Plan, vested account balances between \$1,000 and \$5,000 were rolled into an IRA on the employee's behalf. If a participant terminated employment and the participant's account balance did not exceed \$1,000, the Plan administrator could authorize the benefit payment without the participant's consent.

Active (not terminated/retired) participants experiencing financial hardship could withdraw a portion of their account balance as defined in the Plan and withdrawals were limited pursuant to the Plan's provisions.

Forfeited accounts:

At June 20, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0 and \$63,025, respectively. These accounts were used first to pay administrative expenses. Any remaining forfeitures were then to be used to reduce future employer contributions. During the period ended June 20, 2023, \$60,569 were used to reduce employer contributions and \$1,254 were used to pay administrative expenses. During the year ended December 31, 2022, \$24,514 were used to reduce employer contributions and \$104 were used to pay administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

As disclosed in Note 1 and Note 6, the Company approved a plan of liquidation on June 20, 2023. As a result, the Plan changed its basis of accounting to the liquidation basis of accounting for the period ended June 20, 2023. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. For the year ended December 31, 2022, the financial statements were prepared on the going concern accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. (CONTINUED)

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2023 and December 31, 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 30, 2024, the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Delaware Guarantee & Trust Company d/b/a Principal Trust Company, the asset custodian & trustee of the Plan, has certified as to the completeness and accuracy of all investment and notes receivable information reflected in the accompanying statements of net assets available for benefits as of June 30, 2023 (in liquidation) and December 31, 2022 (ongoing), the statements of changes in net assets available for benefits for the period from January 1, 2023 through June 30, 2023 and the year ending December 31, 2022.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and December 31, 2022.

Common collective trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee is a readily determinable fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. (CONTINUED)

There were no assets held by the Plan on June 20, 2023.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value:

Assets at Fair Value as of December 31, 2022 (Ongoing)

	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 10,979,045	\$ -	\$ 10,979,045
Mutual funds	35,131,055	-	-	35,131,055
<i>Total assets at fair value</i>	\$ 35,131,055	\$ 10,979,045	\$ -	\$ 46,110,100

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Delaware Guarantee & Trust Company d/b/a Principal Trust Company. Delaware Guarantee & Trust Company d/b/a Principal Trust Company was the trustee, and Principal Life Insurance Company was recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6. PLAN TERMINATION

Effective June 20, 2023, and in accordance with termination agreement, the Plan has been terminated and no additional benefits were earned subsequent to the termination date and the Plan Administrator began the process of making distributions, in accordance with the terms of the Plan. All participant funds were transferred to a new plan.

NOTE 7. PLAN TAX STATUS

The Plan is placing reliance on an advisory opinion letter dated June 30, 2020, received from the Internal Revenue Service (IRS) on the volume submitter plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under the current income tax law. The volume submitter Plan has been amended since receiving the advisory opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
