INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee and participants of the
Color Intermediate 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of the Color Intermediate 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023 and for the period from November 15, 2022 to December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 and for the period from November 15, 2022 to December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Color Intermediate 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Color Intermediate 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Color Intermediate, LLC and affiliated companies (collectively, the Company) effective November 15, 2022, except for members of a collective bargaining agreement, leased employees, or nonresident aliens who do not receive any earned income from the Company which constitutes United States of America source income. Employees become eligible to participate in the Plan upon completion of one month of service. Seasonal employees and temporary employees are eligible to participate in the Plan upon attaining age 21 and completion of at least 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was formed on November 15, 2022. The period from November 15, 2022 to December 31, 2022, is referred to as 2022 in these financial statements. During 2023 and 2022, assets of \$939 and \$33,407,442, respectively, were transferred into the Plan from other previous qualified plans.

Contributions

Upon satisfying the eligibility requirements, participants are automatically enrolled into the Plan on the first day of the following month and pre-tax contributions are withheld at 5% of eligible compensation, unless the participant elects differently. Contribution rates will automatically increase by 1% each year, up to 10%, unless the participant elects otherwise. Participants may make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$22,500 in 2023 and \$20,500 in 2022, plus up to an additional \$7,500 and \$6,500, respectively, for participants who have reached at least 50 years of age by the end of the year. An eligible employee may also elect to make voluntary after-tax contributions up to 25% of base compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are also permitted to make Roth direct rollover contributions into the Plan and in-plan Roth conversions are also allowed.

Effective January 1, 2023, the Company makes a safe-harbor matching contributions equal to 100% of the first 1% of participants' elective deferrals plus 50% of the next 5% of participants' elective deferrals. The Company may also make discretionary matching contributions. There were no discretionary matching contributions in 2023. There were discretionary matching contributions in 2022 of \$111,646 that were calculated under the same formula as described above for the safe-harbor matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Participants direct the investment of their account into various investment options offered by the Plan and may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company safe-harbor matching contributions, plus actual earnings and losses thereon. Participants are fully vested after 2 years of service in their qualified automatic contribution arrangement safe-harbor matching contributions. Participants vest 50% after one year of service and are fully vested after 2 years of service in Company discretionary matching contributions. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. During 2023 and 2022, notes had fixed rates ranging from 3.25% to 8.50% and 3.25% to 7.00%, respectively, for the term of the note not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions. All notes must be repaid immediately after termination of employment or death.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may elect to receive a payment of the vested interest in their account in a lump distribution. A participant's account balance between \$1,000 and \$5,000 may be paid as a direct rollover to an individual retirement account established by the Company for the benefit of the participant. If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. The participant's contributions may also be withdrawn in certain hardship situations.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$17,412 and \$0, respectively. These accounts may be used to pay administrative expenses of the Plan and any forfeitures not used to pay expenses can be used to reduce future Company matching

contributions. In 2023, \$820 was used to pay administrative expenses. There were no forfeitures used in 2022.

Administrative Expenses

The Plan has an established ERISA account to pay for third-party administrative fees. The Plan is responsible for payment of operational and administrative expenses. During 2023 and 2022, \$2,481 and \$0, respectively, were deposited into the ERISA account, including investment earnings, and no funds were used to pay administrative expenses. The ERISA account assets totaled \$2,481 and \$0 as of December 31, 2023 and 2022, respectively.

Certain account activity charges are paid from the accounts of the participants that incur the charge. The Plan allows for payment of administrative expenses from the Plan's assets which are allocated proportionately based on the value of the account balances. These expenses are paid to service providers of the Plan and therefore qualify for party-in-interest transactions. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Discretionary matching contributions are payable to the Plan after approval by the Company. Any unfunded participant or employer contributions are included in participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

Color Intermediate 401(k) Savings Plan

Notes to Financial Statements December 31, 2023 and 2022

In accordance with Financial Accounting Standards Board's (FASB) Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contribution receivables. The Company determined that no allowance for credit losses is necessary as of December 31, 2023 and 2022.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase and decrease in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 27, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedules of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2023 and 2022, and net increase and decrease in fair value of investments and interest income for the year ended December 31, 2023 and for the period from November 15, 2022 to December 31, 2022 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

Color Intermediate 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

4. Investments

Plan investments include mutual funds, a money market fund, and a stable value fund managed by Fidelity, the service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net increase and decrease in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to several risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund which trades daily at the net asset value (NAV) per share of the fund (Level 1).

Color Intermediate 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

The stable value fund has redemption restrictions that limit the timing of withdrawals. Participant directed withdrawals may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, redemptions of the stable value fund directed by the Plan must be preceded by twelve months written notice to Fidelity.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 40,318,740	\$ 30,105,097
Stable value fund	1,023,776	1,863,321
Money market fund	476,459	354,545
Total investments	\$ 41,818,975	\$ 32,322,963

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

6. Income Tax Status

The Plan uses a non-standardized, pre-approved profit sharing plan with CODA (pre-approved plan) sponsored by FMR, LLC (FMR) (an affiliate of Fidelity). FMR received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since FMR received the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns since inception are subject to examination by taxing authorities and may change upon examination.
