Independent Auditors' Report

To the Plan Administrator and Participants
The Gateway Engineers, Inc. Profit Sharing Retirement & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Gateway Engineers, Inc. Profit Sharing Retirement & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing Retirement & 401(k) Plan**

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of The Gateway Engineers, Inc. Profit Sharing Retirement & 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all employees of The Gateway Engineers, Inc. (the "Employer") who are at least 18 years of age except for leased employees or interns who work less than 1,000 hours, and residents of Puerto Rico ("Participants").

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, "Empower") provide trustee and asset custodian services to the Plan. Empower Retirement, LLC, an affiliate of Empower, provides recordkeeping services for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant directed.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual Participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer.

Participant Deferral Contributions

Participants may defer up to a maximum of 100% of their eligible compensation, as defined by the Plan, not to exceed the annual dollar limit established by the Internal Revenue Code ("IRC"). Participants may make pre-tax or Roth contributions to their accounts. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

Employer Contributions

The Employer, at its discretion, may elect to make matching contributions. For the year ended December 31, 2023, the Employer elected to match 50% of each Participant's deferral elective contributions up to 8% of eligible compensation.

The Employer, at its discretion, may elect to make non-elective employer contributions to the Plan. All Participants are eligible for the non-elective employer contribution if they have completed a year of service, defined as at least 1,000 hours of service during the Plan year, and are employed on the last day of the Plan year. Employer non-elective contributions are allocated at the Employer's discretion to Participant allocation groups, as defined, based on a percentage of a Participant's compensation, as defined. During the year ended December 31, 2023, the Employer elected to make a non-elective employer contribution of \$710,350 plus an allocation of forfeitures of \$63,018.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan (continued)

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, the respective Employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain administrative expenses, if applicable. Allocations are based on Participant compensation, account balances, or specific Participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their respective participant deferral and rollover contributions plus actual earnings thereon. Participants vest in their Employer's contributions accounts based on the following schedule unless termination of service is due to disability or death, at which the participant becomes fully vested.

<u>Years of Service</u>	<u>Percent Vested</u>
0 - 2 Years	0%
3 Years	100%

Notes Receivable from Participants

Participants may borrow from their fully vested accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of any other loan to the participant from the Plan during the preceding 12-month period over the outstanding balance of such loan on the date the loan is made, or fifty percent (50%) of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. A Participant may have two loans outstanding at any point in time. Loan terms range up to five (5) years (or fifteen (15) years for the purchase of a primary residence). Principal and interest are paid ratably through payroll deductions. If a Participant ceases to make loan payments and the Plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is made in accordance with the Plan document. The loans mature at various dates through March 2049 and interest rates on loans outstanding ranged from 3.74% to 9.50% at December 31, 2023, and 3.74% to 6.05% at December 31, 2022.

Payment of Benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum or partial distribution in an amount up to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution, property distribution in the form of insurance or annuity contracts to the Participant, subject to income tax withholdings, or a tax-free rollover to an Individual Retirement Account ("IRA") or another qualified plan, as defined. If a Participant's vested account is less than \$5,000, the Plan administrator, after notification, may distribute the benefit into an IRA.

1. Description of Plan (*continued*)

Payment of Benefits (*continued*)

In-service withdrawals from a Participant's vested account balance are permitted upon reaching age 60. In-service withdrawals are also permitted due to financial hardship, disability, qualified reservist and deemed severance as defined.

Forfeitures

A Participant who is no longer employed by the Employer forfeits any non-vested balance. Forfeitures may be used to pay administrative expenses or reduce employer contributions. During the year ended December 31, 2023, an allocation of forfeitures of \$63,018 was allocated as an additional contribution to the non-elective employer contribution. At December 31, 2023 and 2022, the balance in the forfeiture account had been fully allocated to participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Investment, Investment Valuation, and Income Recognition

Investments are reported at fair value, except for the fixed annuity account which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**The Gateway Engineers, Inc.
Profit Sharing Retirement & 401(k) Plan**

Notes to Financial Statements
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investments valued using net asset value ("NAV") as a practical expedient are not classified within the fair value hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units in the collective trust. The NAV, as provided by Empower, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Fixed annuity account: The fixed annuity account is reported at contract value. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for information on the fixed annuity account.

Unit Values

Individual Participant accounts for the common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Notes to Financial Statements

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from Participants is recognized on the accrual basis of accounting. Related fees are recorded as administrative fees and expensed when incurred.

Payments of Benefits

Benefit payments to Participants are recorded in the period in which the Participant is paid.

3. Investments Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4(i), Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, 2023 and 2022, grouped by the fair value hierarchy:

4. Investments (*continued*)

Fair Value of Investments in Entities That Use NAV

Great Gray Trust American Retirement Funds ("Retirement Funds"): The funds are generally priced using values obtained from independent pricing sources and redemptions from the funds may occur daily. At December 31, 2023, the fund has no unfunded commitments.

BlackRock EAFE Equity Index Fund ("BlackRock"): The funds are generally priced using values obtained from independent pricing sources and redemptions from the funds may occur daily. At December 31, 2023, the fund has no unfunded commitments.

The Retirement Funds and BlackRock fund are valued at the NAV of units held by the Plan. The NAV, as provided by Empower, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. Guaranteed Investment Contract

The Plan holds a fully benefit-responsive investment contract (the "Investment Contract") with Empower called the EI Fixed Account – Series Class I. Empower maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Investment Contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims paying ability of Empower. Participants invest in the Investment Contract through the EI Fixed Account.

As the Investment Contract is fully benefit responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Investment Contract is maintained under a group annuity contract which guarantees minimum interest rates and may credit interest that exceeds the minimum guaranteed rate. The crediting interest rate is based on several factors determined by Empower including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and amortization of any capital gains or losses from the sale of invested assets, and amortization of any capital gains or losses from the sale of invested assets. Such interest rates are reviewed on a quarterly basis for resetting. During 2023, the average yield earned by the Plan was equal to the yield earning (i.e. interest credited) on the group annuity contract, which was 1.23%. The crediting rate may not be lower than 0.00%. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Notes to Financial Statements
December 31, 2023 and 2022

5. Guaranteed Investment Contract (*continued*)

Certain events limit the ability of the Plan to transact at contract value with the Insurance Company. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, or (iv) a material amendment to the agreement without consent of the issuer.

6. Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

7. Party-In-Interest Transactions

Plan investments include a mutual fund and a fixed annuity account managed by Empower and therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of \$66,990 was paid to Empower or affiliates of Empower and \$59,757 was paid to investment advisors during 2023. Notes receivable from Participants qualify as exempt party-in-interest transactions as defined by ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

9. Tax Status

The underlying volume submitter profit sharing plans with a cash or deferred arrangements both received an opinion letter from the Internal Revenue Service ("IRS"), dated November 14, 2022, stating that the form of the plan is qualified under Section 401(a) of the IRC, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as the date of these financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of the Plan is considered a tax position. No such uncertain tax positions have been recognized by the Plan as of December 31, 2023 or 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan administrator has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued, and determined that there have been no subsequent events that would require recognition in, or disclosure in the financial statements and notes to the financial statements.
