In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Little Rock Christian Academy 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements (and supplemental schedule) were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Little Rock Christian Academy 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Little Rock Christian Academy 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Little Rock Christian Academy 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Little Rock Christian Academy (LRCA). It is subject to the provisions of ERISA, as amended. The Administrative Committee is responsible for the oversight of the Plan.

Contributions. Each year, participants may contribute up to the maximum 401(k) elective deferral limit of \$22,500 for 2023 and \$20,500 for 2022. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of \$7,500 for 2023 and \$6,500 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants' contributions are self-directed and are invested in pooled separate accounts. LRCA contributes an amount equal to 50% of the participant's elective deferral, up to 5% of the participant's compensation. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of LRCA's contribution, and the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the total vested portion of his or her account.

Vesting. Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in LRCA's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payments of Benefits. Withdrawals from the Plan are generally permitted when an employee terminates employment, retires, reaches the age of 59 ½, becomes permanently disabled, or has a severe financial hardship, as defined under the Plan. On termination of service, death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or various forms of annuities or installments over the participant's or beneficiary's assumed life expectancy.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested balance. These loans are secured by the balance in the participant's account and must be paid back generally over a five-year period. Principal and interest are paid ratably through payroll deductions. The current interest rates range from 5.25% to 10.50%. If a participant terminates employment with LRCA, they may continue to make loan payments. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

Forfeited Accounts. Forfeited nonvested accounts totaled \$858 and \$1,047 as of December 31, 2023 and 2022, respectively. These accounts are used to reduce Plan fees or employer contributions. The forfeited amounts used to reduce fees were \$8,636 and \$5,178 for the years ended December 31, 2023 and 2022, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates. The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants. Notes receivable from participants are valued at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest is recognized as income as it is collected, and any fees or costs related to the notes are expensed as they are paid. No allowance for credit losses was recorded at December 31, 2023 or 2022.

Investments and Income Recognition. Investments are reported at fair value as of the end of the year. See Note 5 for a discussion of the fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on a modified cash basis. Dividend income is recorded on the ex-dividend date. Net realized and unrealized gains (losses) on investments includes realized and unrealized gains and losses and the change in the fair value of securities held for the year ended December 31, 2023.

Contributions. Contributions from LRCA and participants are recorded as they are received, as determined by the Plan's administrator in accordance with the modified cash basis of accounting.

Payment of Benefits and Plan Expenses. Benefits are recorded when paid. Employees of LRCA perform certain administrative functions with no compensation from the Plan. Certain plan administrative expenses are absorbed by LRCA. These amounts are not considered significant.

Risks and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits - Modified Cash Basis.

Date of Management's Review. Management has evaluated subsequent events through October 3, 2024, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2023.

Note 3 – Change in Trustee and Transfer of Assets

During the year ended December 31, 2022, LRCA changed John Hancock products from a group annuity-based John Hancock Signature platform utilizing pooled separate accounts to a John Hancock Enterprise platform that utilizes mutual funds and collective trust funds for participant directed investments. The Signature plan closed on June 30, 2022, and assets were transferred on July 5, 2022, during a blackout period ending on July 22, 2022, to the Enterprise plan.

Note 4 – Information Certified by Trustee

The Plan administrator elected the method of compliance as permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited audit procedures with respect to the investment information certified by the Trustee. Information certified by the Trustee included total investments as of December 31, 2023 and 2022, the total investment income for the year ended December 31, 2023, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

Note 5 – Fair Value Measurements

Certain provisions of Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted market prices that are observable for the asset or liability.
 - Inputs that are derived principally from or are corroborated by observable market data, by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds. Investments in mutual funds are valued based on published market prices, which represent the net asset value (NAV) of shares held at year-end (Level 1).

Collective Trust Funds. The Plan invests in the Goldman Sachs Stable Value Institutional Series Class 1 (GSS I) which is a collective trust fund measured using the fair value reported by the fund manager. The GSS I's investment objective is to seek to earn current income while preserving capital and maintaining principal stability. GSSI's strategy to achieve its investment objective is to invest in fixed income instruments which underlie Stable Value Contracts. Under Stable Value Contracts, the issuer of the contract agrees, subject to contract conditions, to make payments representing redemptions from the Fund for participant-initiated benefit payments as "book value". This benefit responsiveness feature is designed to allow the fund to maintain participant balances at book value (except under certain circumstances set forth within the Stable Value Contracts) and maintain a constant NAV of \$1.00 per unit which is considered readily determinable as of December 31, 2023 (Level 2).

The following table summarizes the collective trust funds for which fair value is measured using NAV as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2023				
Collective trust funds	\$ 61,130	N/A	Daily	12 months
December 31, 2022				
Collective trust funds	\$ 110,756	N/A	Daily	12 months

Note 6 – Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Transactions with parties-in-interest also include fees paid during the year for trustee, accounting, and other services, as well as contributions paid to the Plan by LRCA, and loans made to participants. The Plan sponsor paid \$16,884 in fees for the benefit of the Plan during 2023. Loans to participants were \$64,977 and \$57,781 during the years ended December 31, 2023 and 2022, respectively. Such transactions, while considered party-in-interest transactions, are exempted from prohibited transaction rules under ERISA.

Note 7 – Plan Termination

Although LRCA has not expressed intent to do so, LRCA has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, in which the IRS stated the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and as then designed, the related trust is exempt from income taxes.

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan must file Form 5500 annually with the IRS, which is subject to examination generally for three years after it has been filed.

Plan management regularly evaluates its tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken by the Plan.

Note 9 – Reclassifications

Certain reclassifications have been made to the December 31, 2022, financial statements to conform to the December 31, 2023, presentation, with no effect on net assets available for benefits.
