Report of Independent Auditors

To the Administrator of Employees' Savings and Retirement Plan of Credit Suisse

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Employees' Savings and Retirement Plan of Credit Suisse (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OF CREDIT SUISSE**

**Notes to Financial Statements
December 31, 2023 and 2022**

1. Description of the Plan

The following description of the Employees' Savings and Retirement Plan of Credit Suisse (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Credit Suisse Securities (USA) LLC (the Plan Sponsor) and certain affiliated companies in the United States.

The Plan was established as of January 1, 1966 to provide the investment, custody, and administration of the contributions made pursuant to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On March 19, 2023, Credit Suisse Group AG and UBS Group AG entered into an agreement and plan of merger (the merger), that was completed on June 12, 2023.

The Plan is administered by The Employee Benefits Committee of Credit Suisse. Fidelity Management Trust Company (Fidelity), the Trustee, is the record keeper and custodian as defined by the Plan.

Contributions

All full time employees of the Plan Sponsor are eligible to participate in the Plan 30 days after the start of employment. The Plan provides that all participants may elect to contribute up to 50% of their total compensation, as defined by the Plan, provided contributions do not exceed maximum allowable amounts under the Internal Revenue Code of 1986 (the Code). Under the Code, individual contributions for which taxes may be deferred were limited to \$22,500 in 2023 on a pretax or Roth basis. Roth contributions are made on an after-tax basis and cannot exceed the maximum contribution amount under the Code, inclusive of any pre-tax contributions. Employees who were age 50 or older at any time in 2023 could elect to make additional pre-tax or Roth ("catch-up") contributions over and above the \$22,500 permitted under the Code. In 2023, the maximum catch-up contribution was \$7,500. The catch-up contributions are not eligible for a matching contribution from the Plan Sponsor and catch-up contributions for prior years are not permitted.

Participants are eligible for a matching contribution, as defined in the Plan agreement, only if they are a grandfathered participant and do not have 20 or more years of service as of the beginning of the payroll period.

The Plan also provides for a retirement contribution, as defined in the Plan agreement, to participants that are not eligible for a matching contribution. In 2022 and 2023, the Plan Sponsor made a retirement contribution to the participant account, whether or not an employee participates on a per pay period basis. The employer contribution is based on the employee's base salary. As of December 31, 2023 and 2022, there were no participant contributions receivable and the Plan had no accrued excess contributions owed to employees.

December 31, 2023 and 2022**

1. Description of the Plan

Automatic Enrollment

Eligible employees who have not yet enrolled in the Plan after 45 days of employment will automatically be enrolled. Employees hired prior to March 15, 2010 would have their contributions directed to a Vanguard Life Strategy fund based on age. Employees hired on or after March 15, 2010 would have their contributions directed to a T. Rowe Price Retirement fund based on their age at the time of automatic enrollment and an assumed retirement age of 65.

Vesting

Prior to January 1, 2012, company matching contributions and earnings thereon will vest 100% once a participant reaches three years of service. If a participant was employed with the Plan Sponsor on or after January 1, 2012, the retirement contributions and earnings thereon will follow a graded vesting schedule where 33 1/3% vests each year until three years of service has been reached. Participants that have terminated employment from November 4, 2021 through December 31, 2024 shall be 100% vested, without regard to the number of years of service.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to pay Plan fees and expenses or reduce the Plan Sponsor's contributions to the Plan. As of December 31, 2023 and 2022, the forfeited non-vested balances amounted to \$5,363,142 and \$4,385,850, respectively. In 2023 and 2022, \$1,554,623 and \$4,918,846 was used to reduce the employer's contribution to the Plan.

Investment Options

Each participant has the right to designate the allocation of all contributions among a variety of funds offered by the Plan. Allocations are made in 1% increments. Investment elections made by the participant remain effective unless a new election is received.

Participants may change investment elections on demand. If participants do not have investment elections on file, contributions and participant notes receivable repayments are defaulted to T. Rowe Price Target Date funds based on participant's date of birth with an assumed retirement age of 65.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer's contributions. Investment income is allocated and reinvested in the same fund in which it is earned. Allocations to each participant's account are based on the proportion of the participant's account to total Plan participants' account balances.

Payment of Benefits

Participants may elect to receive benefit payments in a lump sum in cash or in installments of varying frequency (e.g. monthly, quarterly, annually). Benefits are payable upon the participant's death, disability, termination or retirement.

1. Description of the Plan

Expenses

Expenses arising in connection with the administration of the Plan are deducted from participants' accounts on a quarterly basis. However, the Plan Sponsor may, at its discretion, elect to pay some or all of these plan administrative fees.

Notes Receivable from Participants

Participants may borrow from their participant account up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 minus the highest outstanding participant notes receivable balance over the last twelve months. The participant notes receivable term can be up to five years and is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Employee Benefits Committee of the Plan Sponsor. As of the year ended December 31, 2023, the interest rates on notes receivable for participants ranged from 4.25% to 9.5% with maturities through 2029. As of the year ended December 31, 2022, the interest rates on notes receivable for participants ranged from 4.25% to 8.25% with maturities through 2028.

2. Summary of Significant Accounting Policies

Basis of Financial Information

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

Management is required to make estimates and assumptions, including but not limited to, the fair value measurements of certain financial assets and liabilities, as well as various contingencies. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the statements of net assets available for benefits. While management evaluates its estimates and assumptions on an ongoing basis, actual results could differ materially from management's estimates. Market conditions may increase the risk and complexity of the judgments applied in these estimates.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are valued at fair value based on quoted net asset value (NAV) per share. Investments in collective investment funds and pooled separate accounts are valued at fair value based on NAV as a practical expedient, which is based upon market quotations of the underlying investments. There were no unfunded commitments in the funds and all investments are redeemable on demand.

**EMPLOYEES' SAVINGS AND RETIREMENT PLAN
OF CREDIT SUISSE**

**Notes to Financial Statements
December 31, 2023 and 2022**

2. Summary of Significant Accounting Policies

The Plan's investment in the Fidelity Managed Income Portfolio II Fund, a collective investment trust, represents an investment in a fully benefit responsive investment contract held in a common collective investment fund. Under US GAAP, an indirect investment into a fully benefit responsive investment contract should be reported at fair value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant notes receivable are valued at outstanding principal plus accrued but unpaid interest.

Investment income of each investment fund is allocated to participants' accounts based upon the ratio of each participant's account to the total of the investment fund balance.

Purchases and sales of investments are recorded on a trade-date basis. Gains and losses on security transactions are computed using the average cost of securities sold. Interest income is recorded on an accrual basis. Divided income is recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses are recorded on an accrual basis.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan offers a number of investment options consisting of a variety of investment funds. The investment funds include U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances.

3. Fair Value Measurements

The fair value hierarchy requires that the Plan use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**EMPLOYEES' SAVINGS AND RETIREMENT PLAN
OF CREDIT SUISSE**

**Notes to Financial Statements
December 31, 2023 and 2022**

3. Fair Value Measurements

Fair Value Hierarchy

The levels of the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical investments that the Plan has the ability to access at the measurement date. This level of fair value hierarchy provides the most reliable evidence of fair value and is used to measure fair value whenever available.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly. These inputs include: (a) quoted prices for similar investments in active markets; (b) quoted prices for identical or similar investments in markets that are not active, that is, markets in which there are few transactions for the investment, the prices are not current, or price quotations vary substantially either over time or among market makers, or in which little information is released publicly; (c) inputs other than quoted prices that are observable for the investment; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs that are unobservable for the investment. These inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the investment (including assumptions about risk). These inputs are developed based on best information available in the circumstances, which include the Plan's own data. The Plan's own data used to develop unobservable inputs are adjusted if information indicates that market participants would use different assumptions.

Quantitative Disclosures of Fair Values

Following is a tabular presentation of fair value of investments for instruments measured at fair value on a recurring basis based on information certified from Fidelity Management Trust Company (the Trustee).

December 31, 2023	Level 1	Level 2	Level 3	NAV ⁽¹⁾	Total at Fair Value

Total investments	\$ 2,238,694,688	\$ —	\$ —	\$ 2,972,878,651	\$ 5,211,573,339

- (1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The redemption frequency for these investments is on demand.

**EMPLOYEES' SAVINGS AND RETIREMENT PLAN
OF CREDIT SUISSE**

**Notes to Financial Statements
December 31, 2023 and 2022**

4. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated May 30, 2023 that the Plan as amended and restated as of January 1, 2022, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become fully vested in the balance of their account and the assets of the Plan must be used for the exclusive benefit of the Plan's participants and their beneficiaries. Any remaining expenses incurred shall be paid by the Plan Sponsor.

6. Related Parties Transactions

Certain Plan investments are managed by Fidelity or an affiliate thereof. Fidelity or an affiliate thereof is the record keeper and custodian as defined by the Plan, and therefore, qualify as party-in-interest, as defined by ERISA.

Certain other Plan investments are managed by Credit Suisse Asset Management LLC (CSAM). CSAM is an affiliate of the Plan Sponsor and is therefore a party-in-interest as defined by ERISA. Additionally, CSAM's employees are participants within the Plan. The Plan has a number of other service providers which are parties-in-interest under ERISA.

7. Information Certified by Fidelity Management Trust Company

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee has certified the investments and participant notes receivable and interest on loans on the statements of net assets available for benefits as of December 31, 2023 and 2022, the investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023 and in the information included in the supplemental schedule of the financial statements as of December 31, 2023 as being complete and accurate.

The following is a summary of information certified by Fidelity Management Trust Company as of December 31, 2023 and 2022.

8. Subsequent Events

CSAM was the manager of certain investments (Note 6) until May 1, 2024 at which point Credit Suisse Asset Management LLC merged with UBS Asset Management (Americas) LLC (UBS AM). UBS AM is an affiliate of the Plan Sponsor and is currently the manager of such investments, and therefore qualifies as party-in-interest as defined by ERISA.

The Plan Sponsor has evaluated subsequent events from December 31, 2023 through the date of issuance of the financial statements on September 26, 2024. It was determined that there were no other material events or transactions other than those noted above that would require recognition or disclosure in the financial statements.
