INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the MISTRAS Group, Inc. Salary Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the MISTRAS Group, Inc. Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2023 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2023 Financial Statements* section:

- the amounts and disclosures in the 2023 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2023 Financial Statements* section of our report. We are required to be independent of the MISTRAS Group, Inc. Salary Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MISTRAS Group, Inc. Salary Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MISTRAS Group, Inc. Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MISTRAS Group, Inc. Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2023 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2022 Financial Statements

The financial statements of the MISTRAS Group, Inc. Salary Savings Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

MISTRAS Group, Inc. Salary Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following brief description of the MISTRAS Group, Inc. Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) savings plan that covers substantially all employees of MISTRAS Group, Inc. (the "Company") and related adopting employers. Nonresident aliens and leased employees are not eligible to participate in the Plan. Certain union employees, as defined in the Plan document, are not eligible for employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan had a group annuity contract with The Standard Insurance Company ("Standard"). Standard was the insurance company and recordkeeper of the Plan. Effective October 2, 2023, custody of the assets, as well as recordkeeping services, were moved to Empower Trust Company, LLC, which became the trustee of the Plan. Empower Trust Company, LLC and its affiliates ("Empower") provide recordkeeping services to the Plan.

The change in service provider from the Standard to Empower initiated a "Black Out" period beginning September 22, 2023 and continued through October 11, 2023. During this period, participants' plan accounts were not available for investment fund exchanges, loan requests, and distribution requests. During the Black Out period, funds were transferred to Empower at which point participants had the option to make their own investment elections or otherwise have their account balance mapped to a target date fund based on the age of the respective participant.

Eligibility

Eligible employees of the Company who have completed three months of service and are age 21, or older, are eligible to participate in the Plan. Participants may enter the Plan on the first day of the next month after such requirements are satisfied.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document, not to exceed the maximum amount allowable under the Internal Revenue Code ("IRC"). Participants may designate contributions as Roth contributions. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests.

The Company may make discretionary matching contributions to participants based on their elective deferrals at a percentage determined by the Company. For 2023, the Company matched at 50% of the participant's salary deferral contributions, up to 4% of compensation, as defined by the Plan, through March 31, 2023 and up to 6% of compensation, as defined by the Plan, from April 1, 2023 through December 31, 2023.

Additional discretionary nonelective contributions may be made at the option of the Company's Board of Directors. No discretionary nonelective contributions were approved for the year ended December 31, 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions, rollovers and transfer contributions, plus actual earnings thereon.

Vesting in the Company's discretionary matching and nonelective contributions portions of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than one	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Participants also become fully vested upon attainment of normal retirement age (62) while an employee, death while an employee or becoming disabled while an employee.

Forfeitures

Forfeited nonvested accounts are used to pay Plan expenses or to reduce future Company contributions. During the year ended December 31, 2023, forfeitures of approximately \$89,000 were used to pay Plan expenses and approximately \$33,000 were used to reduce Company contributions. Forfeited nonvested accounts available as of December 31, 2023 and 2022 were approximately \$20,000 and \$11,000, respectively.

Notes Receivable from Participants

Eligible participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The term of a loan is five years unless the loan qualifies as a residential home loan. The term of a home loan may not exceed ten years. The interest applicable to the loan is set at 1% above the prime rate, as defined, based on when the loan originated. Participants may only have two loans outstanding at a time. Repayments of principal and interest are generally made through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, retirement, or otherwise a participant may receive a lump-sum amount equal to the value of the participant's vested interest. Partial withdrawals and installment payments are also available. If a participant's vested account balance is less than \$5,000 upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. If the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Under terms of the Plan, participants are eligible for in-service benefit payments upon reaching age 59.5. Hardship distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded (deemed distribution).

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Code ("IRC") limits. As of December 31, 2023 and 2022, the Plan had excess contributions. Such excess contributions are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions payable as of December 31, 2023 and 2022 to the applicable participants during the years ended December 31, 2024 and 2023, respectively.

Contributions

Contributions from Plan participants and discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions, if any, from the Company are recorded in the year in which the related compensation is earned.

Payment of Benefits

Benefits are recorded when paid.

As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Administrative Expenses

All reasonable administrative expenses, including trustee and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, a qualified institution, and The Standard Insurance Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Certified by Empower Trust Company, LLC:

- Investments, at fair value, fully benefit-responsive investment contracts, at contract value and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2023.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023, as follows:

Net appreciation in fair value of investments	\$ 15,041,538
Interest and dividend income	848,166
Interest income on notes receivable from participants	119,860

- The information for all mutual funds, common collective trusts, the MISTRAS Group Stable Value Fund, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023 as shown in the ERISA-required supplemental schedule.

Certified by The Standard Insurance Company:

- Investments, at fair value, fully benefit-responsive investment contracts, at contract value and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2022.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023, as follows:

Net appreciation in fair value of investments	\$ 10,341,747
Interest and dividend income	284,118
Interest income on notes receivable from participants	214,807

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

Separate investment fund accounts: Valued at the NAV or equivalent based on units of the separate investment fund accounts. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the separate investment fund account less its liabilities. This practical expedient is not used when it is determined to be probable that the separate investment fund account will sell the investment for an amount different than the reported NAV.

MISTRAS Group, Inc. Salary Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 12,213,066	\$ 12,213,066	\$ -	\$ -
Common collective trusts, held separately (*)	154,391,797	-	-	-
Common collective trust, held in MISTRAS Group Stable Value Fund (*)	3,211,099	-	-	-
Total	<u>\$ 169,815,962</u>	<u>\$ 12,213,066</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

All investments of the Plan as of December 31, 2022, were valued using the net asset value per share practical expedient.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) of the Plan as of December 31, 2023 and 2022.

<u>Investment Type</u>	<u>Fair Value</u> <u>December 31,</u> <u>2023</u>	<u>Fair Value</u> <u>December 31,</u> <u>2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice</u> <u>Period</u>
Common collective trusts, held separately	\$154,391,797	\$ -	\$ -	Daily	Daily
Common collective trust, held in MISTRAS Group Stable Value Fund	3,211,099	-	-	Daily	Daily
Separate investment fund accounts	-	142,305,706	-	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2023 to its common collective trusts.

The Plan's investment options include common collective trusts, held separately, whose investment strategies are similar to target date, fixed income and equity funds. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trusts invested in fixed income or similar fixed income funds is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of common collective trusts with equity strategies is to invest in a majority of stocks with categories ranging across various business sectors, a mix of small, mid, large capitalization as well as domestic or international.

MISTRAS Group, Inc. Salary Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Common collective trusts, held separately, are redeemable at net asset value under agreements with the common collective trusts. However, it is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with common collective trust agreements. Due to the nature of the investments held by the common collective trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the common collective trusts, and consequently, the fair value of the Plan's interest in the common collective trusts. Furthermore, changes in the liquidity provisions of the common collective trusts may significantly impact the fair value of the Plan's interest in the common collective trusts.

Common collective trusts also include the Putnam Stable Value Fund, which is a component of the MISTRAS Group Stable Value Fund (see Note 5). The primary investment objective of the Putnam Stable Value Fund is to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Putnam Stable Value Fund requires a sixty-day notice for Plan-level terminations. Management of the Putnam Stable Value Fund may apply a twelve-month put in payment on Plan-level terminations, at its discretion. Participants who invest in the Putnam Stable Value Fund agree to limitations imposed by the Putnam Stable Value Fund. These limitations include restrictions on the timing and amounts which can be transferred from the Putnam Stable Value Fund to competing funds. Additionally, once money is transferred from Putnam Stable Value Fund into a non-competing fund, the money must remain in the non-competing fund for at least 90 days before it can be transferred into a competing fund.

The Plan is applying the practical expedient as of December 31, 2022 to its separate investment fund accounts. The Plan's separate investment fund accounts were invested in a variety of funds designed to mirror the investment strategies of similar registered investment companies (mutual funds), including equity style funds, fixed income style funds, and blended funds. The Plan's investments in separate investment fund accounts were liquidated as part of the transition to Empower (see Note 1).

5. Fully Benefit-Responsive Investment Contracts

Standard

The Plan held the Stable Asset Fund II, a traditional investment contract, issued by The Standard Insurance Company. The Plan's interest in the Stable Asset Fund II was fully liquidated as part of the transition to Empower (see Note 1). The Stable Asset Fund II met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, on a daily basis. Standard declared a crediting rate for financial activity on a monthly basis. Monthly rates were combined quarterly into cells (weighted based on the amount of net transactions in the fund over each month). Each cell had a five-year rate guarantee. No negative cells were established, but rather negative net quarterly transactions were deducted from the oldest established cell. The crediting rate for the stable asset fund for the Plan was the combined returns on all the existing cells, weighted by the size of the cell. Based on the size of the contract, Standard determined an interest rate enhancement as a supplement to the guaranteed crediting rate. This enhancement rate changed with the size of the contract and was not fixed over a five-year period. The average interest crediting rate was 1.60% as of December 31, 2022. During 2023, the average interest crediting rate was 1.38% through the transition to Empower.

MISTRAS Group, Inc. Salary Savings Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Certain events could have limited the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, and partial or total plan termination. Upon occurrence of any of these events, a market value adjustment applied. The Plan Sponsor could have elected to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

MISTRAS Group Stable Value Fund

As part of the transition to Empower, the MISTRAS Group Stable Value Fund was established for purpose of equalizing the contract value of the Stable Asset Fund II previously held by the Plan with its fair value and to provide Plan participants with a stable value style investment option at Empower. The MISTRAS Group Stable Value Fund is comprised of the Putnam Stable Value Fund (see Note 4) and a portfolio of traditional investment contracts that are directly effected with insurance companies. With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at specified interest rates that are guaranteed to the Plan. As of December 31, 2023, the fixed interest rates on these contracts ranged from 3.48% to 4.54%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; and
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;

6. Tax Status

Effective October 2, 2023, the Plan was amended and restated by adopting a defined contribution pre-approved plan designed by Empower Retirement, LLC. The Internal Revenue Service ("IRS") issued an opinion letter, dated November 14, 2022, stating that this pre-approved plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the October 2, 2023 amendment and restatement, the Plan had adopted a Standard Retirement Services, Inc. defined contribution pre-approved plan. The IRS issued an opinion letter, dated June 30, 2020, stating that this pre-approved plan document as then designed was in accordance with applicable IRC requirements. Although the Company has not applied for a determination letter for the Plan, and the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt as of December 31, 2023 and 2022. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

9. Related-Party and Party-In-Interest Transactions

During 2023, the Plan had agreements with Empower and Standard to provide services to the Plan. Total fees paid by the Plan were \$174,679 for the year ended December 31, 2023. Prior to the change in service providers (see Note 1), the Plan's investments included units in separate investment fund accounts with underlying investments in mutual funds managed by Standard and an investment in an unallocated insurance contract held in the general account of the insurance company. The Plan's investment options include the MISTRAS Group Stable Value Fund as of December 31, 2023. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

10. Plan Amendments

Effective April 1, 2023, the Plan was amended to increase the matching limit on elective deferrals from 4% of compensation, as defined by the Plan, to 6% of compensation, as defined by the Plan.

Effective October 2, 2023, the Plan was amended and restated as part of the transition to Empower.

11. Reconciliation of Financial Statements to Form 5500
