Independent Auditor's Report

To the Participants and Plan Administrator of
Kentucky Blood Center 401(k) Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kentucky Blood Center 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of
Kentucky Blood Center 401(k) Plan
Independent Auditor's Report, continued

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Kentucky Blood Center 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan covers all eligible employees of Kentucky Blood Center, Inc. (the Plan Sponsor and Administrator).

Eligibility

The Plan is a single employer plan that covers all employees of the Plan Sponsor, excluding employees as part of an acquisition. Employees are eligible to begin deferring compensation into the Plan on their hire date. Employees become eligible for participation in employer profit sharing and employer safe harbor matching contributions after completing one year of service. One year of service is defined as a 12-month period in which the employee completes 1,000 or more hours of service. Employees begin receiving allocation of employer profit sharing and employer safe harbor matching contributions on the first day of the month after the date eligibility requirements are met.

Contributions

The Plan is funded with employee salary deferral, rollover, and Plan Sponsor contributions. Participants may elect to contribute up to the maximum allowable annual contribution as defined by the *Internal Revenue Code* (IRC). The Plan Sponsor makes safe harbor matching contributions on behalf of eligible participants equal to 100% of the participant contributions up to 3% of each participant's elective deferrals and equal to 50% of the participant contributions in excess of 3% up to 5% of each participant's elective deferrals. The Plan Sponsor also contributes a profit sharing contribution equal to 6% of each eligible participant's compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Plan Sponsor's contributions, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan adoption agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. The Plan Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Vesting

Participants are vested immediately in their contributions and the Plan Sponsor's safe harbor matching contributions plus actual earnings thereon. Participants become 20% vested in Plan Sponsor's profit sharing contributions and related earnings after two years of service of 1,000 hours or more, and vest 20% each additional year of service up to 100% after six years. Participants become fully vested regardless of length of service in the event of death or disability.

Payment of Benefits

Upon retirement, disability, death or termination of employment, participants with individual account balances of \$5,000 or less are paid in a lump sum distribution. For participants with individual account balances exceeding \$5,000, participants may receive the value of the vested interest of their accounts as lump sum distributions, partial payments, installment payments or annuity contracts. Participants also have the option to roll their accounts to other qualifying plans or Individual Retirement Accounts (IRAs) upon termination of employment.

Forfeited Accounts

Any non-vested amounts are forfeited by terminating participants, and are applied to reduce the Plan Sponsor's contribution for such plan year. As of both December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1. During the year ended December 31, 2023, forfeitures totaling \$37,143 were used to reduce Plan Sponsor contributions.

Risks and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan adoption agreement. All other administrative expenses are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. The Plan's fully allocated insurance contracts are not benefit-responsive and are therefore reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year. Investment expenses are reported as a reduction in net appreciation in fair value of investments.

Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which participant compensation is earned.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through October 7, 2024, the date that the financial statements were available to be issued.

3. Information Certified or Provided by Trustee

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by the Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that investment information provided to the Plan Administrator by the trustee related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure* under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

3. Information Certified or Provided by Trustee, continued

The following table presents the fair value of investments (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by TIAA-CREF.

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 15,758,545	\$ 13,160,481
Fully allocated insurance contracts	1,179,598	1,119,609
Fully benefit-responsive investment contracts	968,492	919,522
Money market fund	500,661	532,519
Real estate fund	<u>111,080</u>	<u>138,328</u>
Total investments	<u>\$ 18,518,376</u>	<u>\$ 15,870,459</u>

TIAA-CREF also certified to the completeness and accuracy of \$2,170,737 of net appreciation in the fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) and \$334,574 of interest and dividends related to the aforementioned investments for the year ended December 31, 2023.

4. Investment Contract with Insurance Company

Participants may choose to invest in TIAA Traditional Annuity accounts, which pay a guaranteed rate of interest plus additional amounts that are not guaranteed but may be established on a yearly basis. These additional amounts, when declared, remain in effect through the end of the "declaration year," which begins each March 1. The guaranteed annual interest is generally 3.00%. The average interest rate was 4.85% for the year ended December 31, 2023.

5. Fully Benefit-Responsive Investment Contracts

The Plan has a fully benefit-responsive investment contract with TIAA-CREF. TIAA-CREF maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. If participants want to transfer money from their investment to a competing fund, the amount must first be directed to a non-competing option, where it must remain for 90 days, before being transferred to the competing fund. To minimize the negative effects of frequent trading, transfers into these contracts may not be made for 30 days following a transfer out.

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

5. Fully Benefit Responsive Investment Contracts, continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan; (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor event (e.g., divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at cost, which approximates fair value.

Real estate fund: Valued at the NAV per unit based on the fair value of the underlying investments held by the fund less its liabilities.

Fully allocated insurance contracts: These are TIAA Traditional Annuity accounts valued at contract value which equals the accumulated cash contributions and interest credited to the Plan's contracts less any withdrawals. Contract value approximates fair value.

There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

6. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Investments measured at fair value:				
Mutual funds	\$ 15,758,545	\$ -	\$ -	\$ 15,758,545

Fully allocated insurance contracts	<u>-</u>	<u>-</u>	<u>1,179,598</u>	<u>1,179,598</u>
Total investments in fair value hierarchy	<u>\$ 16,259,206</u>	<u>\$ -</u>	<u>\$ 1,179,598</u>	17,438,804
Investments measured at NAV:				
Real estate fund				<u>111,080</u>
Total investments at fair value				<u>\$ 17,549,884</u>
<u>2022</u>				
Investments measured at fair value:				
Mutual funds	\$ 13,160,481	\$ -	\$ -	\$ 13,160,481
Money market fund	532,519	-	-	532,519
Fully allocated insurance contracts	<u>-</u>	<u>-</u>	<u>1,119,609</u>	<u>1,119,609</u>
Total investments in fair value hierarchy	<u>\$ 13,693,000</u>	<u>\$ -</u>	<u>\$ 1,119,609</u>	14,812,609
Investments measured at NAV:				
Real estate fund				<u>138,328</u>
Total investments at fair value				<u>\$ 14,950,937</u>

In accordance with GAAP, investments in 2023 and 2022 that are measured at fair value using the NAV practical expedient have not been classified as Level 1, 2 or 3 in the fair value hierarchy, but are included above to permit reconciliation of the fair value hierarchy tables to the amounts presented in the Statements of Net Assets Available for Benefits.

KENTUCKY BLOOD CENTER 401(K) PLAN

Notes to the Financial Statements, continued

6. Fair Value Measurements, continued

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no significant transfers in or out of Level 3.

The fair values of the Plan's investments are based on third-party pricing information without adjustment. As permitted under the accounting guidance for fair value disclosures, the Plan has not provided quantitative information about the significant unobservable inputs used in the fair value measurements of these securities.

There was \$54,853 in investment income, \$84,081 in deductions, and \$89,217 in net transfers within the Plan's Level 3 assets for the year ended December 31, 2023. Management determined that additional disclosures relative to investments at NAV were deemed immaterial to the overall financial statements.

7. Exempt Party-in-Interest Transactions

The Plan's investments include fully allocated insurance contracts with and accounts managed by TIAA-CREF. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. For the year ended December 31, 2023, administrative fees paid to TIAA-CREF for investment management services and withdrawal charges were \$45,073.

Additionally, indirect fees are paid to TIAA-CREF based on investment account values. These fees range from 0.04% to 3.13% of the investment account value. The fees are included with net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

8. Tax Status

The Plan uses a prototype Plan document sponsored by TIAA-CREF. TIAA-CREF received an opinion letter from the Internal Revenue Service (IRS), dated October 7, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

9. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.
