INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Jackson Thornton & Co., P.C. 401(k) Plan
Montgomery, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jackson Thornton & Co., P.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jackson Thornton & Co., P.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jackson Thornton & Co., P.C. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jackson Thornton & Co., P.C. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jackson Thornton & Co., P.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jackson Thornton & Co., P.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

1. DESCRIPTION OF PLAN

The following description of the Jackson Thornton & Co., P.C. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the Plan agreement.

General

The Plan is a defined contribution plan covering all eligible employees of the Company upon the date of hire. The Plan was established on May 1, 1979 and is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code (the “Code”) with cash or deferred arrangement qualified under Section 401(k) of the Code. Pursuant to the requirements of Section 401(a) 27 of the Code, the Plan is also a profit sharing plan. The Retirement Plan Trustee Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute into the Plan on a pre-tax basis up to 100% of their annual compensation, as defined by the Plan. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has the discretion to make non-elective profit sharing contributions, not limited to profits, in an amount determined by the Company’s management. The Plan includes an auto-enrollment provision whereby all newly eligible employees for the company discretionary profit sharing contribution are automatically enrolled in the Plan. Automatically enrolled participants have their company discretionary profit sharing contribution invested in a designated balanced fund until changed by the participant. All employees that are employed on the last day of the year and have completed at least 1,000 hours of service in a consecutive 12 month period are eligible to receive the Company’s discretionary profit sharing contribution. The entry dates for the Company’s discretionary profit sharing contribution are the following January or July after meeting the eligibility requirements. Contributions are subject to certain IRS limitations. The Plan offers a Roth feature that allows participants to make after-tax contributions to a Roth account. These after-tax contributions are subject to the IRS pre-tax employee contribution limits. The Roth contributions plus earning accumulate tax free and qualified Roth distributions are not subject to federal income tax.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(continued)

1. **DESCRIPTION OF PLAN** (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of vesting service. A participant is 100% vested in the discretionary profit sharing contribution after six years of vesting service, using a graduated schedule.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the twelve-month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan or 50% of their vested account balance, whichever is less. The maximum number of outstanding loans is three. The loans are secured by the balance in the participant's account and for the year ended December 31, 2023, bear interest at 4.25% to 9.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial withdrawal.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$13,716 and \$31,083 respectively. These amounts will first be used to reduce any employer discretionary contributions. Any remaining unused forfeitures will be used to reduce plan expenses. In 2023, forfeitures of \$13,716 were used to reduce employer discretionary contributions.

2. **SUMMARY OF ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Trustee Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for discussion of fair value measurements.

(continued)

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Newport Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

	December 31,	
	2023	2022
Investments held at year end:		
Mutual funds	\$ 110,122,637	\$ 95,058,192
Money market funds	13,765	583,369

The custodian also certified to the completeness and accuracy of \$12,856,364 of net appreciation in fair value of Plan investments and \$2,914,256 of dividend income related to the aforementioned investments for the year ended December 31, 2023.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

<u>Description:</u>	<u>December 31, 2023</u>

5. **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by Newport Trust Company. Newport Trust Company is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

The Company is the plan sponsor, and therefore, transactions with the Company may qualify as exempt party-in-interest transactions. The Plan also issues loans to participants, which are secured by the vested balance in the participant's accounts. These transactions qualify as party-in-interest transactions.

Plan investment advisory services are provided by Jackson Thornton Asset Management, LLC, a wholly-owned subsidiary of the Plan sponsor. There were no fees paid to Jackson Thornton Asset Management, LLC for investment advisory services provided in the year ended December 31, 2023.

Certain administrative functions are performed by the officers and employees of the Company (who may also be participants) at no cost to the Plan.

6. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. **TAX STATUS**

The Plan adopted a non-standardized pre-approved form of a plan sponsored by Newport Group Incorporated. The IRS has determined and informed the custodian by an opinion letter dated November 30, 2020, that the plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 111,477,150	\$ 96,869,057
Employer contribution receivable	<u>(1,079,420)</u>	<u>(990,132)</u>
Net assets available for benefits per Form 5500	<u>\$ 110,397,730</u>	<u>\$ 95,878,925</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2023:

Net increase in assets available for benefits per the financial statements	\$ 14,608,093
Current year employer contribution receivable	(1,079,420)
Prior year employer contribution received	<u>990,132</u>
Net income per Form 5500	<u>\$ 14,518,805</u>

10. NET ASSETS AVAILABLE FOR BENEFITS

Net assets available for benefits at December 31, 2023 and 2022, did not include any amounts allocated to the accounts of persons who, as of or prior to that date, had withdrawn from the Plan, but have not been paid.

11. PLAN AMENDMENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

12. LATE REMITTANCES OF PARTICIPANT CONTRIBUTIONS

During our audit, we noted a contribution remittance for the September 29, 2023 payroll was delinquent. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets. Failure to remit participant contributions to the Plan in a timely manner, results in a prohibited transaction that must be separately reported to the DOL and may result in penalties to the plan sponsor.

(continued)

12. LATE REMITTANCES OF PARTICIPANT CONTRIBUTIONS (Continued)

The Plan Sponsor reviewed the procedures involved in remittance of participant contributions to the Plan and implemented the necessary controls to ensure participant contributions are remitted timely. A Form 5330 will be filed with the IRS to remit excise taxes due on the contributions that were not remitted timely and corresponding lost earnings were remitted to the Plan and allocated to participants subsequent to year-end. The Plan administrator corrected the error under the VFCP. See Schedule II – Delinquent Participant Contributions.

13. SUBSEQUENT EVENTS

Subsequent to year end, the plan was amended to exclude interns, as well as waive eligibility requirements and credit previous service years from the previous employer of an acquired entity.

The plan administrator has evaluated subsequent events through September 18, 2024, the date which the financial statements were available to be issued.
