INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Taurus Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Taurus Holdings, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A--DESCRIPTION OF PLAN

The following description of the Taurus Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents and agreements for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Taurus Holdings, Inc. (the "Company") who have completed three consecutive calendar months of service and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). On January 1, 2016, the Plan was amended to adopt a safe harbor matching contribution, in accordance with Internal Revenue Code ("IRC") section 401(k)(12)(B). In 2023, the Plan was amended to incorporate changes in its Plan document and administration to the extent required by the Setting Every Community up for Retirement Enhancement ("SECURE") 2.0 Act.

Elective Deferrals and Contributions: Each year, participants may elect to have the Company contribute a portion of their total eligible annual compensation to the Plan ("elective deferrals"). For any calendar year, a participant's elective deferrals may not exceed a specific dollar amount [\$22,500 and if over 50 years of age, the participant may contribute an additional \$7,500 in 2023 as determined by the Internal Revenue Service ("IRS")]. Prior to January 1, 2016, the Plan allowed for discretionary employer contributions, in the form of discretionary matching contributions, Qualified Non-Elective Employer Contributions ("QNEC"), Qualified Matching Contributions ("QMAC") and discretionary profit-sharing contributions at the option of the Company's Board of Directors. Effective January 1, 2016, the Plan adopted safe harbor matching contributions and eliminated the discretionary employer matching contributions. The safe harbor matching contributions are made, per pay period, and are equal to 100% of participant salary deferrals that do not exceed 3% of their compensation, as defined by the Plan, plus 50% of participant salary deferrals between 3% and 5% of their compensation. There were no QNEC, QMAC or discretionary profit-sharing contributions in 2023.

Participant Accounts: Each participant's account is credited with the participant's elective deferrals and allocations of safe harbor matching contributions and Plan earnings and losses and charged with an allocation of administrative expenses if the expenses are not paid by the Company. Allocations are based on participant earnings or account balances, as defined by the Plan documents.

TAURUS HOLDINGS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE A--DESCRIPTION OF PLAN--Continued

Participant Accounts--Continued: Safe harbor matching contributions and discretionary employer contributions are allocated based on participant contributions and participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All Plan investments are participant directed.

Investment Options: Upon enrollment in the Plan, a participant may direct elective deferrals and safe harbor matching contributions in any of the investment options offered by the Plan. Participants may change their investment options at their discretion.

Vesting: Participants are immediately vested in their elective contributions, safe harbor matching contributions and QNECs plus actual earnings thereon. Vesting in the participant's discretionary employer matching contributions portion of their accounts and discretionary profit sharing contributions, made prior to 2016, plus earnings thereon, are based on the following:

<u>Years of service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants are considered fully vested upon normal retirement (65 years), death, total and permanent disability, or termination of the Plan.

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to a maximum of two loans outstanding at any time. Loan terms range from 0-5 years. If the purpose of the loan is to acquire or construct the primary residence of the Participant, the period of repayment may exceed five years, but in no event shall it exceed the usual repayment period required by commercial lenders for similar loans. The loans are secured by a maximum of 50% of the non-forfeitable balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is approved. Interest rates on participant loans outstanding at December 31, 2023 range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

TAURUS HOLDINGS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE A--DESCRIPTION OF PLAN--Continued

Payments of Benefits: On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time, not to exceed the participant's life expectancy or the joint life expectancy of the participant and the participant's beneficiary. The normal retirement age is 65 years. Once a participant reaches the age of 72 years in 2022, annual required minimum distributions must be taken. Effective January 1, 2023, the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE 2.0") changed the required minimum age from 72 to 73 for 2023. A participant may also receive a distribution if they experience undue financial hardship as further defined in the Plan agreement and in accordance with the IRC.

Forfeited Accounts: Forfeitures of non-vested Company matching, and profit-sharing contributions are used by the Company to offset its future contributions to the Plan. For the years ended December 31, 2023 and 2022, forfeitures were approximately \$30,000 and \$4,000, respectively. During 2023, forfeitures applied against Plan expenses and matching contributions totaled approximately \$30,000. At December 31, 2023 and 2022, there were unallocated forfeiture balances remaining of approximately \$2,500 and \$11,000, respectively.

Expenses Paid by the Company: Administrative Plan related expenses, such as professional fees, amounting to approximately \$20,000 were paid by the Company in 2023.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of additions and deductions. Actual results may differ from those estimates.

TAURUS HOLDINGS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Investment Valuation and Income Recognition: Investments are reported at fair value (except for the fully benefit-responsive group annuity contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment earnings (losses) and interest income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest and related fees. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company as disclosed in Note A and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to participant's accounts and are included in administrative expenses. Investment related expenses are recorded as a reduction to net appreciation in fair value of investments. Certain investment advisory and management fees are included in administrative expenses on the accompanying statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

TAURUS HOLDINGS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Subsequent Events: The Plan's management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 30, 2024, the date the financial statements were available to be issued.

NOTE C--INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Retirement LLC, (collectively "Empower" or "Custodian"), the Trustee.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy in accordance with GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

TAURUS HOLDINGS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodology used at December 31, 2023 and 2022.

Pooled separate accounts: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investment for an amount different than the reported NAV.

In accordance with Codification Topic 820-10, all of the Plan's investments, which are measured at fair value using the NAV per share (or its equivalent) as a practical expedient are not required to be classified in the fair value hierarchy.

NOTE E--FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2023 and 2022, respectively:

NOTE F--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed interest account provided through a Group Annuity Contract with Empower. Empower maintains the contributions in a fixed account, which is credited with interest at the declared interest rate established at the start of each period and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Upon plan discontinuance of the Group Annuity Contract, it may be possible to receive the market value of assets held in the fixed account. The declared interest rate as of December 31, 2023 and 2022 was 1.35%. As of December 31, 2023 and 2022, the contract value of the guaranteed interest account was approximately \$464,000 and \$413,000, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. Generally, there are not any events that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE G--TAX STATUS

The Plan is a volume submitter profit-sharing plan which is pre-approved by the IRS. The IRS determination letter dated June 30, 2020, for such plans and related trust, as then designed, was in compliance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, the Plan is qualified and is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2020.

NOTE H--PARTY-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan and paid to Empower for investment management services are included in administrative expenses. Empower is the custodian of the Plan and therefore, these transactions qualify as party-in-interest.

NOTE I--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J--CONCENTRATIONS

As of December 31, 2023 and 2022, one of the Plan's investment options held approximately 19% of the Plan's total investments.
