INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

UNION HOSPITAL 403(B) SAVINGS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Union Hospital 403(b) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, and the schedule of delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Union Hospital 403(b) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a defined contribution plan sponsored by the Union Hospital Association (the "Hospital") that is designed under and intended to comply with the provisions of Internal Revenue Service ("IRS") code section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On April 1, 2018, the Foundation became the full member of the Hospital pursuant to a Member Substitution Agreement.

The Plan Administrator is the Hospital. The Board of Directors of the Hospital has authorized the Retirement Committee of the Foundation to act on behalf of the Hospital to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Eligibility - All employees are immediately eligible to participate in the Plan. To receive employer matching contributions, employees must work 20 or more hours per week, be at least 18 years of age and have 90 days of service for non-union employees or one year of service for union employees. Additionally, to receive employer matching contributions, non-union employees must contribute 3% of eligible compensation to the Plan, union employees must contribute 3.5% of eligible compensation to the Plan.

Contributions - Each year, participants may contribute up to a maximum percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Hospital contributes 100% of the first 6.5% of salary deferral contributions for Union employees and 100% of the first 6% of salary deferral contributions for non-union employees. Participants direct the investment of Hospital contributions into various investment options offered by the Plan.

The Plan includes an automatic deferral percentage of 3.5% for union participants and 3% for non-union participants unless the participant elects a lesser percentage or no deferral. Contributions for automatically enrolled participants are invested in a designated target-date fund until changed by the participant.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code ("IRC").

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant investment account options - All current contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or a guaranteed investment contract held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Voya Retirement Insurance and Annuity Company ("Voya") continues to hold certain Plan assets in accordance with participant direction. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's elective contributions, and an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - All participants are 100% vested in elective deferrals, rollover contributions and employer contributions made to the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are made ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, periodic installments, annuity contracts or a combination of these. If the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment custodians. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Hospital and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participant's are charged directly to the participant's account and are included in administrative expenses. The Hospital may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information prepared and certified by the custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and Voya, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable:

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the custodians (continued)**

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) **Fair value measurements**

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at NAV of units of the separate account. The NAV, as provided by Voya, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. The pooled separate accounts are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 77,205,203	\$ -	\$ -	\$ 77,205,203

	Investments at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,328,748	\$ -	\$ -	\$ 62,328,748
Self-directed brokerage accounts	29,998	-	-	29,998

Investments measured at NAV ^(a)				<u>134,490</u>
Total investments measured at fair value				<u>\$ 62,493,236</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Prudential Life Insurance Company of America ("Prudential") at December 31, 2023 and 2022. The contract is held by Fidelity. Contributions are maintained in the general accounts of the contract issuer. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate is based on formulas agreed upon with the issuer, but may not be less than 2.45%. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GIC meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive investment contract (continued)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuer to terminate the contract which would require the Plan to transact at amounts different than contract value.

(6) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the Hospital. Administrative fees charged by the custodians, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity and Voya (the custodians). Such transactions are exempt from being prohibited transactions. The custodians provide certain management services to the Plan pursuant to plan service agreements. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity and is funded quarterly based on revenue sharing on covered investments, as defined, in excess of quarterly participant fee. The Revenue Credit Account may be used to reimburse the Hospital for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses for the Plan may be allocated to Plan participants. The Plan earned revenue credits of \$8,329 in 2023 and \$6,134 in 2022 which are reported in the financial statements as other income.

(7) **Plan termination**

Although it has not expressed any intent to do so, the Hospital has the right to terminate the Plan subject to the provisions of ERISA.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(8) **Tax status**

The Plan adopted the Fidelity Workplace Services LLC 403(b) Volume Submitter Plan Document (Basic Plan Document #20 and Adoption Agreement #001).

The Fidelity Workplace Services LLC 403(b) Volume Submitter Plan has received a favorable opinion letter from the IRS dated August 7, 2017 regarding the tax-qualified status of the Plan pursuant to Revenue Procedure 2013-22. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

(9) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) **Delinquent contribution**

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Hospital remitted all employee contributions to the Plan, contributions of \$176,562 were not remitted within the required time period for the year ended December 31, 2023. The Hospital remitted the delinquent contributions in 2023 and is in the process of remitting any lost earnings.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(11) **Subsequent events**

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2023, through September 19, 2024, which is the date the financial statements were available to be issued. Other than noted below, no significant matters were identified for disclosure during this evaluation.

Effective January 1, 2024, the Plan was amended and all non-union participants ceased to be active participants in the Plan as of December 31, 2023. Concurrently, the terms of the Cleveland Clinic Savings and Investment Plan ("SIP") were amended to provide that active non-union employees participating in the Plan will be eligible to participate in the SIP on January 1, 2024. Additionally, on January 4, 2024, all assets and liabilities of the Plan that were attributable to non-union participants were transferred to and became assets and liabilities of the SIP.

The Plan's union participants approved in their collective bargaining agreement, participation in the SIP effective January 1, 2025, and at which time the assets and liabilities of the Plan will be transferred to and become assets and liabilities of the SIP.
