We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Participación en Ganancias para los empleados de Suiza Dairy y sus Afiliadas** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the **Plan de Participación en Ganancias para los empleados de Suiza Dairy y sus Afiliadas** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Plan de Participación en Ganancias para los empleados de Suiza Dairy y sus Afiliadas** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters - Supplemental Schedules Required by ERISA**

The supplemental schedules *Schedule H, Part IV - Line 4i - Schedule of Assets (Held At End of Year)* and *Schedule H, Part IV - 4a - Schedule of Delinquent Participants Contributions* as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is not in compliance with ERISA reporting requirements related to filing of Form 5500 with audited financial statements, as required. The Plan's management is currently evaluating the effects and procedures to perform in order to be complying.

## **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

### **Subsequent event**

During the month of June of 2024, the Plan's sponsor (the Sponsor) labor union declare a strike requesting compensation increase, additional fringe benefits and other related. After negotiations, an agreement was reached by the parties and the strike ended during the following month. During the strike time, the Sponsor stated that since it has been accumulating significant losses for the operations amounting to approximately \$3mm a month, it decided to temporarily cease operations of several lines of business. Accordingly, it terminated approximately 480 employees.

Since the majority of the employees that were terminated represents at least 20% of the Plan's participants, it constituted a termination of the Plan for benefits purposes. Accordingly, the employer matching and profit-sharing contributions are immediately vested regardless of the vesting schedule of the Plan. It is the Sponsor opinion that the Plan would continue accordingly with the remaining employees. Our opinion is not modified for this matter.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

---

### 1) Description of plan and summary of significant accounting policies -

- A) **Description of Plan:** The following description of the Plan de Participación en Ganancias para los Empleados de Suiza Dairy y sus Afiliadas (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan with cash or deferred arrangement, which became effective on January 1, 1998. The Plan was created for the purpose of providing additional incentive and retirement, death, and disability security for employees eligible to participate in the Plan. It encourages and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). It covers the eligible employees of the following companies: Suiza Dairy Corporation, Neva Plastics Manufacturing Corporation and Suiza Fruit Corporation (collectively "the Plan Sponsor").

Eligibility - The Plan covers substantially all qualified employees of the Plan Sponsor, who have six months of service and are age twenty-one or older.

Contributions - Each year, participants may contribute pre-tax annual compensation up to the maximum limit allowed by the "Código de Rentas Internas para un Nuevo Puerto Rico", as amended, (\$15,000 for 2022 and 2021). Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions of \$1,500. Participants may also contribute to the Plan amounts representing distributions from other qualified benefit plans (rollover contributions).

The Plan Sponsor makes a matching contribution of \$.50 of each dollar contributed by employees up to 6% of compensation as defined by the Plan. The Plan Sponsor may make additional contributions in such amounts as it may determine. During the years ended December 31, 2022 and 2021, no additional amounts were contributed to the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations to each participant's account of the Plan Sponsor's discretionary contributions, as defined, are based on a pro-rata basis on the ratio the participant's compensation bears to the total compensation of all participants for the Plan year.

Allocation of Plan earnings and administrative expenses are based on the participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contributions portion of their accounts plus actual earnings thereon is based on years of service. The contribution vest in accordance is twenty percent after the first year of service and twenty percent for each subsequent year up to one hundred percent which is the fifth year.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

---

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lower of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan termination - Although it has not expressed any intent to do so, the Plan's Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Forfeitures - As established by Plan document, forfeitures may be used to reduce Plan's administrative expenses or future Company contributions. As of December 31, 2022, and 2021, forfeitures contributions balance amounted to approximately \$39,000 and \$7,000, respectively.

Party-in-interest - During the years ended December 31, 2022 and 2021, certain Plan assets are investments funds managed by Great West Trust Company, LLC. Accordingly, transactions qualify as party-in-interest under ERISA regulations.

- B) Summary of significant accounting policies:** The accounting and financial reporting policies followed by the Plan conform with accounting principles generally accepted in the United States of America and to prevailing practices within its industry. The following is a description of the most significant of these policies:

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments contracts held by the Plan are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

# PLAN DE PARTICIPACIÓN EN GANANCIAS PARA LOS EMPLEADOS DE SUIZA DAIRY Y SUS AFILIADAS

## NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

---

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of benefits - On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments over a ten-year period.

Operating expenses - The majority of expenses for maintaining the Plan are paid by the Company.

Risk and uncertainties - The Plan's investments are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the statements of net assets available for benefits presentation.

Subsequent events - In accordance with ASC 855 - *Subsequent Events*, the Plan evaluated subsequent events through September 12, 2024, the date these financial statements were available to be issued.

During the month of June of 2024, the Plan's sponsor (the Sponsor) labor union declare a strike requesting compensation increase, additional fringe benefits and others related. After negotiations, an agreement was reached by the parties and the strike ended during the following month. During the strike time, the Sponsor stated that since it has been accumulating significant losses for the operations amounting to approximately \$3mm a month, it decided to temporarily cease operations of several lines of business. Accordingly, it terminated approximately 480 employees.

Since the majority of the employees that were terminated represents at least 20% of the Plan's participants, it constituted a termination of the Plan for benefits purposes. Accordingly, the employer matching and profit-sharing contributions are immediately vested regardless of the vesting schedule of the Plan. It is the Sponsor opinion that the Plan would continue accordingly with the remaining employees.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

---

Continued...

The following is a description of the valuation methodology used for assets measurement at fair value:

Level 1 fair value measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 fair value measurements - The fair value of investment funds for which quoted market price are not available are valued based on the market approach which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from independent sources. The availability of observable market data is monitored to assess the appropriate classification of financial instruments with the fair value hierarchy.

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluated the significance of the transfers between levels based upon the nature of the financial information and size of the transfer relative to total net assets available for benefits. During the years ended December 31, 2022 and 2021, there were no significant transfers in or out levels 1, 2 or 3. Plan's fiduciary of Participación en Ganancias para los Empleados de Suiza Dairy y sus Afiliadas (the Plan) set investment policies and strategies for trust. Long-term strategic investment objectives include preserving the funded status of the trust and balancing risk and return. The plan's fiduciary oversees the investment allocation process, which includes selecting investment managers, commissioning periodic asset-liability studies, setting long-term strategic targets and monitoring asset allocations.

#### **4) Investment contract with insurance company -**

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. As described in the basis of accounting disclosure because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract approximates the contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. During the years ended December 31, 2022 and 2021, the average yield earned and credited amounted to 1.01% and 1.00%, respectively.

### 5) Plan termination -

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to reduce, suspend, or discontinued their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

### 6) Tax status -

The Puerto Rico Treasury Department has determined and informed the Company by letter dated June 26, 2015, that the Plan and the related trust, as designed, qualified for tax-exempt status. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by regulatory agencies. The Plan's Administrator has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is not in compliance with the filing of audited financial statements to the US Department of Labor as required too. This situation may jeopardize the Plan's exempt status.

### 7) Risk and uncertainties -

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 8) Prohibited transactions -

During the year ended December 31, 2022, a total of approximately \$234,000 of employees contributions were deposited late.

The Plan is not in compliance with ERISA reporting requirements related to filing of Form 5500 with audited financial statements, as required. The Plan's management is currently evaluating the effects and procedures to perform in order to comply.
