INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Provident Financial Management LLC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Provident Financial Management LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Provident Financial Management LLC 401(k) Profit Sharing Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement or the Summary Plan Description for more information about the Plan.

General

The Plan is a participant-directed defined contribution plan, covering all eligible employees of Provident Financial Management LLC (the Employer or Plan Sponsor) and PL Management Holdings, LLC. Effective January 1, 2022, the Plan Sponsor terminated its participation in the Insperity 401(k) Plan, a Professional Employer Organization (PEO), and established the Provident Financial Management LLC 401(k) Profit Sharing Plan.

Participation in the Plan is voluntary. Employees, except union, nonresident aliens, and interns, are eligible to enter the Plan once they have attained the age of 21 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the Plan Administrator and has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Charles Schwab Trust Bank (Charles Schwab) is the Plan trustee and holds and manages certain Plan investments. Charles Schwab acts at the direction of the Plan Administrator. Sentinel Pension Advisors is the investment advisor. Sentinel Benefits Group, LLC (Sentinel) is the recordkeeper and fiduciary of the Plan.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for rollovers, in-plan Roth rollovers, and Roth contributions subject to the restrictions as defined by the Plan.

Effective April 1, 2022, the Plan elected an automatic salary deferral feature, wherein unless an eligible participant elects otherwise, they are deemed to have elected to make an automatic pretax contribution of 3% of eligible compensation.

The Employer may make a discretionary matching contribution as determined by the Employer, subject to limits set by the IRC. To be eligible for the Employer's discretionary matching contribution, participants must complete a year of service (1,000 hours) and be employed on the last day of the Plan year.

For the year ended December 31, 2023, Employer matching contributions were 25% of the participants' contributions, up to a maximum of 1% of each participant's eligible compensation. For the year ended December 31, 2023, the Employer made discretionary matching contributions of $124,682.

The Employer may also make a discretionary profit-sharing contribution as determined by the Employer, subject to limits set by the IRC. To be eligible for the Employer's discretionary profit-sharing contribution, participants must complete a year of service (1,000 hours) and be employed on the last day of the Plan year. These contributions will be allocated to participants in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the contribution period. For the year ended December 31, 2023, no discretionary profit-sharing contributions were made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer discretionary contributions, if applicable, and their allocation of Plan earnings and losses, and, administrative expenses, which are allocated to participant accounts based on participants compensation, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, Employer discretionary matching contributions and accrued earnings thereon. Participants are vested in the Employer discretionary profit-sharing contributions and the related allocated gains and losses as follows:

Number of years of service	Vested percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants are immediately vested in all accounts upon death, disability, or attainment of normal retirement age.

Participant Notes Receivable
Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years, or up to ten years for the purchase of a principal residence, with only two notes outstanding at any one time. The notes are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions or check.

In-service Withdrawals
Participants who have attained aged 59 ½ may elect to receive an in-service distribution of all or any portion of their account. Participants are required to take distributions upon the earlier of the attainment of age 72 or retirement. Hardship distributions are not permitted.

Payment of Benefits
Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in their account.

If a participant's vested balance is equal to or less than $5,000, the amount will be distributed in cash or rolled over to an individual retirement account designated by the Employer, unless otherwise directed by the participant.

Forfeitures
Participants in the Plan who leave the employment of the Employer before becoming fully vested forfeit the non-vested portion of the Employer discretionary profit-sharing contributions in their accounts. Forfeitures may be used to reduce future Employer contributions or pay administrative expenses. As of December 31, 2023 and 2022, there was no balance in the forfeited non-vested accounts. For the year ended December 31, 2023, there were no forfeitures used to reduce Employer contributions or pay administrative expenses.

Plan Termination
The Plan Sponsor expects to continue the Plan indefinitely. However, the Plan Sponsor reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash
Cash held at December 31, 2023, represents funds held in a noninterest bearing account at Charles Schwab for pending transactions.

Valuation of Investments and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan invests in a collective investment trust fund. The Plan's interest in the collective investment trust fund is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the collective investment trust at year end.

At December 31, 2022, the name of the trust was Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract Series 25554 Class J, and was trusteed by Wilmington Trust, N.A. (Wilmington). During the year ended December 31, 2023, Wilmington assigned all of its rights, title, and interest in the collective investment trust business to Great Gray Trust Company, LLC (Great Gray). Effective April 2023, through an amended and restated declaration of trust, the name of the trust was amended to Great Gray Collective Investment Trust III for MetLife Group Annuity Contract Series 25554 Class J. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan trustee, Wilmington at December 31, 2022, and Great Gray at December 31, 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Participant contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary matching contributions and any additional Employer discretionary contributions are recorded as a receivable at year end and are remitted to the Plan during the following year.

Payment of Benefits
Benefits are recorded when paid to participants or their designated beneficiaries.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within the stated terms. Delinquent participant notes receivable are reclassified as distributions based on terms of the Plan document. Management believes that all participant notes receivable are fully collectible and, therefore, there is no allowance for credit losses at December 31, 2023 and 2022.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Administrative Expenses
Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statements of Changes in Net Assets Available for Plan Benefits.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with a variety of investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in two mutual funds that accounted for approximately 23% and 26% of total Plan investments as of December 31, 2023 and 2022, respectively.

Subsequent Events
Management has evaluated subsequent events through September 25, 2024, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: The Plan invests in the Collective Investment Trust III for the MetLife Group Annuity Contract Series 25554 Class J, an investment vehicle that invests primarily in fixed income securities. It is valued at NAV of units held by the Plan. The NAV, as provided by Great Gray at December 31, 2023 and Wilmington at December 31, 2022, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan.

The following table sets forth by level the Plan's investments at fair value:

	2023	2022
Mutual funds (level 1)	$ 15,259,989	$ 11,051,584
Total assets in the fair value hierarchy	15,259,989	11,051,584
Collective investment trust, measured at net asset value (a)	623,024	624,756
Investments at fair value	$ 15,883,013	$ 11,676,340

(a) In accordance with Subtopic 820-10, the collective investment trust is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amount presented on the Statements of Net Assets Available for Plan Benefits.

4. Income Tax Status

The Plan has been designed using a defined contribution non-standardized pre-approved profit-sharing plan sponsored by Sentinel. Sentinel obtained its latest opinion letter on November 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. However, the Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Information Certified by the Trustee

The following is a summary of financial information and data certified by Charles Schwab, the trustee of the Plan:

Statement of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, except for cash, receivables and liabilities, if any;

Investment income on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Recordkeeping administrative services are provided by Sentinel. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Sentinel for services of $27 for the year ended December 31, 2023. Participant notes receivable also qualify as party-in-interest transactions.

8. Non-exempt Transactions

For the year ended December 31, 2023, the Employer failed to remit participant contributions of $104,987 and loan repayments of $3,426, to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer.

During 2023, the Employer remitted untimely participant contributions of 82,172 and loan prepayments of $1,888 due to the Plan for the year ended December 31, 2022. Payment of lost earnings associated with the 2022 late remittances was made during 2023. During 2023, the Employer also remitted untimely participant contributions of $104,987 and loan repayments of $3,426 due to the Plan for the year ended December 31, 2023. Payment of lost earnings associated with the 2023 late remittances will be made in 2024.
