INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
InProduction, Inc. Retirement Savings Plan
Warrenville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the InProduction, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the InProduction, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of InProduction, Inc. (the "Company"). Employees become eligible to participate after completing one year of service, during which they have completed at least 1,000 hours of service, and attaining age 21. After employees have met all of the eligibility requirements, they may begin participation in the Plan on the first day of the Plan Year, or the first day of the fourth, seventh or tenth month of the Plan Year coinciding with or next following the date on which the participant met the eligibility requirements. Effective April 1, 2023, the Plan was amended to change the entry date to immediate upon satisfaction of eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan provides for participant contributions of pre-tax and Roth annual compensation, as defined in the Plan. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company will make safe harbor matching contributions of 100% of the elective contributions made by the participants up to 3% of compensation, and 50% of the remaining elective contributions up to a maximum of 5% of compensation. The Plan also allows for additional discretionary contributions defined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, as well as Company contributions, plus actual earnings thereon.

Investment Options: Participants may direct the trustees of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed 5 years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate of interest plus two percent. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants deemed to be in default by the plan administrator, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Distribution of a participant's account will occur upon the participant's termination of service, retirement, death, disability, or hardship withdrawal, as defined in the Plan. A participant is entitled to receive a lump-sum payment in an amount equal to the value of his or her account.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Prior to October 3, 2022, all assets of the Plan were held by the trustee, Great-West Trust Company, LLC, and participant accounts were administered by Empower Retirement, LLC, a subsidiary of Great-West Trust Company, LLC.

Effective October 3, 2022, all assets of the Plan were held by the trustees, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, resulting from a strategic naming rebrand from Great-West Trust Company, LLC. Participant accounts are administered by Empower Retirement, LLC. Related to the rebranding, the Plan received an updated opinion letter dated November 14, 2022, that the Internal Revenue Service has determined that the adopted prototype plan was designed in compliance with the applicable requirements of the Internal Revenue Code (see Note 8).

Forfeitures: Forfeited balances of terminated participants' non-vested accounts available to reduce Company contributions or pay Plan administrative expenses. Increases to the forfeiture account were \$624 for 2023 and \$2 for 2022. At December 31, 2023 and 2022, forfeiture balances available were \$810 and \$272, respectively. There were no forfeitures applied to pay Plan administrative expenses during 2023 and 2022. Forfeitures applied to reduce Company contributions were \$85 for 2023. There were no forfeitures applied to reduce Company contributions during 2022.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Group Annuity Contract: Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued, and has determined, other than the note below, there are no other subsequent events to be reported in the accompanying financial statements.

Effective March 22, 2024, the Plan was amended to change the eligibility requirements, allowing employees to become eligible to participate in the Plan upon attaining the age 18.

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no assets or liabilities whose fair value was determined using primarily Level 2 and 3 inputs at December 31, 2023 and 2022.

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of the Plan's year end date:

		Investments at Fair Value as of December 31, 2023	
		Level 1	Total
Investments:			
Mutual Funds		\$ 7,860,845	\$ 7,860,845
Total investments at fair value		<u>\$ 7,860,845</u>	<u>\$ 7,860,845</u>

		Investments at Fair Value as of December 31, 2022	
		Level 1	Total
Investments:			
Mutual Funds		\$ 5,902,824	\$ 5,902,824
Total investments at fair value		<u>\$ 5,902,824</u>	<u>\$ 5,902,824</u>

4. Group Annuity Contract:

The Plan includes a group annuity contract, Empower Investments Fixed Account, totaling \$329,408 for 2023 and \$313,546 for 2022. During 2022, Great-West rebranded as Empower Annuity Insurance Company of America ("EAICA"), which serves as the non-discretionary trustee of the trust established as part of the Plan pursuant to a trust agreement and is authorized to hold the assets of the trust under the terms of the trust agreement. The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of EAICA. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinary direct the withdrawal or transfer of all or a portion of their investment at contract value.

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements, Continued

4. Group Annuity Contract, Continued:

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. Administrative Expenses:

Although not required by the Plan, some of the costs of the Plan administration are absorbed by the Company. The Plan paid administration fees in the amount of \$28,012 for 2023 and \$26,225 for 2022.

6. Related-Party Transactions:

The Plan invests in a group annuity contract sponsored by an affiliate of the trustees. The Plan also permits notes receivables from participants, identified as participant loans in the accompanying schedule of assets (held at end of year). These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year).

INPRODUCTION, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements, Continued

6. Related Party Transactions, Continued:

The Plan paid certain administrative fees to its service providers, see Note 5. These fees are included in administrative expenses on the accompanying statements of changes in net assets available for benefits.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Tax Status:

The Internal Revenue Service has determined and informed the prototype sponsor by letter dated November 14, 2022 that the adopted prototype plan is designed in accordance with the applicable sections of the Internal Revenue code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and operated in compliance with applicable requirements of the Internal Revenue Code.

Management has evaluated the effect of accounting guidance related to uncertain income tax positions and concluded that the Plan has no significant financial statement exposure to uncertain income tax positions at December 31, 2023 and 2022. The Plan is not currently under audit by any tax authority.

9. Risks and Uncertainties:

The Plan provides for investments in various securities. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.
