INDEPENDENT AUDITOR'S REPORT

To the Trustee, Management and participants
Geneva Supply 401(K) Plan
Delavan, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Geneva Supply 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GENEVA SUPPLY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

Geneva Supply 401(K) Plan is a defined contribution plan sponsored by Geneva Supply Inc. (the Company). The Plan was formed effective January 1, 2020. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of the Company who have reached eighteen years of age. Employees can start contributing to the Plan and receiving the employer match immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan provides for both voluntary pre-tax and ROTH employee contributions up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute pre-tax amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company contributes a safe harbor match of 100% of the participant's contribution up to 3% of eligible compensation and 50% of the participant's contribution of the next 2% of eligible compensation. The safe harbor matching contribution amounted to \$224,089 and \$187,672 in 2023 or 2022, respectively.

In addition, the Company may, but is not required to, make an additional discretionary employer match and discretionary profit sharing contributions. The additional discretionary employer match and discretionary profit sharing contributions are eligible to employees who have completed a minimum of 1,000 hours of service during the plan year and are employed on the last day of the plan year. Even if they do not satisfy the annual service allocation requirement, employees are eligible to share in the allocation of profit sharing contributions if they retired, died, or became disabled during the plan year. There were no additional discretionary employer match or discretionary profit sharing contributions authorized for 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and earnings thereon, and is charged with the withdrawals, losses, and an allocation of plan expenses. Depending on the nature of the expense, Plan expenses are allocated either proportionally based on the value of participant account balances, or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant directed.

Investment Options

Participants may direct employee and Company contributions in any of several investment options. By designating these investment alternatives for participants, allowing frequent fund transfers, and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant Directed Account Arrangement.

The Plan's investment in a group annuity contract allows for participant directed allocations of participant and Company contributions among numerous pooled separate investment funds (Funds). Each of the Funds reflect the Plan's proportionate share of investments in shares of registered investment companies (mutual funds). The mutual funds invest in common stocks of domestic and foreign corporations, corporate bonds, and money market funds, which cover a wide range of fund objectives, risks, and returns.

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Recordkeeping fees related to participant distributions and loans are included in administrative fees. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in the accompanying Statements of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately fully vested in their contributions and the safe harbor matching contributions, plus actual earnings thereon. Participants become fully vested in their account balances upon retirement, death, or disability, as defined by the Plan. A year of vesting service is a vesting service period in which a participant has at least 1,000 hours of service.

Company discretionary matching and profit sharing contributions are vested on a six-year schedule as follows:

Years of Service	% Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account's vested balance, to postpone distribution until required by Internal Revenue Code rules, or elect to rollover all of the balance into an Individual Retirement Account (IRA). If a participant's vested account balance exceeds \$5,000 the participant must consent to the distribution before it is made. If a mandatory distribution is being made to a participant whose vested account balance does not exceed \$5,000, but the amount of the distribution exceeds \$1,000, then the distribution is required to be in the form of an automatic rollover into an IRA. If the participant's balance is below \$1,000, then the balance will be paid in a lump sum distribution directly to the participant. In-service distributions are allowed under certain circumstances as described in the Plan agreement.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of Prime + 2.00%, which are determined by the Plan administrator based on interest rates charged for similar types of loans by other lenders. Once the participant loan rate is established, that rate of interest will be fixed for the life of the loan. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures may be used to pay plan expenses or to reduce employer contributions. During 2023, \$2,456 of forfeitures were reallocated to participant accounts for incorrect withholding in the prior year. Forfeitures in the amount of \$790 were used to pay plan expenses for the year ended December 31, 2023. There were no forfeitures used for the year ended December 31, 2022. There were no outstanding forfeitures for the year ended December 31, 2023. There were outstanding forfeitures in the amount of \$2,456 for the year ended December 31, 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Valuation of Investments and Income Recognition

The Plan's investments are reported at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Realized gains (losses) and unrealized appreciation (depreciation) are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments. Realized gains (losses) on investment transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S INSURANCE COMPANY (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance allowed by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule:

- a) Investments at fair value as disclosed in the Statements of Net Assets Available for Benefits.
- b) The net appreciation (depreciation) in fair value of investments as disclosed in the Statements of Changes in Net Assets Available for Benefits.

c) The Schedule of Assets (Held at End of Year).

The Plan's independent auditor performed limited auditing procedures with respect to this information, including comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of pooled separate accounts are the net asset value (NAV), based on quoted market prices in active markets of shares held by the Plan at year end. Appreciation (depreciation) in fair value is added to, or deducted from, the pooled separate account and allocated to the individual participants as defined by the contract.

There were no significant transfers between Level 1, Level 2, and Level 3 investments during the years ended December 31, 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023:

Investment Assets at Fair Value				
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	\$ 2,476,042	\$ 2,476,042	\$ -	\$ -
Total investments at fair value	\$ 2,476,042	\$ 2,476,042	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

Investment Assets at Fair Value				
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	\$ 1,288,262	\$ 1,288,262	\$ -	\$ -
Total investments at fair value	\$ 1,288,262	\$ 1,288,262	\$ -	\$ -

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE 6 - TAX STATUS

The Plan, which is a non-standardized pre-approved profit sharing plan with CODA, obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and tax-exempt at the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the insurance company as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - RECONCILIATION TO FORM 5500

The following is a reconciliation of line items per the financial statements to Form 5500 at December 31:
