Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒

Independent Auditor's Report

To the Plan Administrator
Cardinal Group Management 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cardinal Group Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Cardinal Group Management 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which was established by Cardinal Management Group & Advisory LLC and participating affiliates (the Company or the Plan Administrator) on January 1, 2010, and was most recently amended and restated effective April 4, 2022, is a defined contribution plan covering all eligible employees of the Company.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Recordkeeper and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee). The recordkeeper of the Plan is Fidelity Employer Services Corporation. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. All assets of the Plan are in investment plan accounts of Fidelity. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee is eligible to be an active member of the Plan on the first day of the month after meeting the eligibility requirements. An employee is eligible to participate in the Plan after attainment of age 21 years and completion of six months of service. As defined in the Plan Document, an employee shall receive credit for one month of service for each month in which the employee completes one hour of service.

Contributions

Participants may contribute to the Plan on a pre-tax and after-tax Roth basis up to 85% of their eligible compensation, as elected in their salary deferral agreements, subject to certain IRC limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. A participant may cease making elective deferral contributions or change such elections at any time.

The Company makes a safe harbor matching contribution equal to 100% of the first 4% of participant contributions on a pay period basis.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

The Company may also make an additional discretionary non-elective employer contribution for participants who meet the eligibility requirements. For the year ended December 31, 2023, the Company did not make an additional discretionary non-elective employer contribution.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are accepted as permitted by the Plan Document.

Participant Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's safe harbor matching and discretionary non-elective employer contributions; and (3) an allocation of plan earnings or losses. Each participant's account is debited with distributions and expenses. Participants are charged an administrative fee for participant requested transactions. Earnings or losses from investment options are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various registered investment companies as investment options for its participants. Participants may make investment option changes at any time. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, catch-up, rollover and safe harbor matching contributions. A participant's vested interest in their discretionary non-elective employer contribution is based upon the participant's years of service, as defined, as follows:

Years of Service	Vesting (%)
Less than 2	-
2-3	20
3-4	40
4-5	60
5-6	80
6 years or more	100

A participant's vesting percentage in their discretionary non-elective employer contributions shall be 100% vested if any of the following conditions are met: the participant dies, the participant reaches normal retirement age (age 65) or early retirement age (age 59½), or the participant has become totally and permanently disabled, as defined by the Plan.

Forfeitures

Forfeitures, arising from non-vested prior discretionary employer matching and discretionary non-elective employer contributions, may be used to offset future employer contributions or pay plan expenses. As of December 31, 2023 and 2022, the forfeitures account totaled \$56 and \$12,240, respectively. During the year ended December 31, 2023, \$15,341 of forfeitures were used to offset the safe harbor matching contributions or to pay plan expenses.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Benefit Payments

A participant's vested interest in the Plan is payable upon death, disability, attainment of normal retirement age (age 65), or termination of service. A participant may elect to (1) receive a lump-sum amount equal to the vested value of the participant's account; (2) rollover the amount to another qualified retirement plan or IRA; (3) leave the account in the Plan to age 72, at which time one of the above distribution options must be selected, if no longer employed.

If the participant's vested account balance at termination has never been more than \$5,000, it can be distributed to the participant without consent. Distributions of account balances greater than \$1,000, but less than \$5,000, are paid as a direct rollover to an IRA in the name of the Plan participant. If the account balance is less than \$1,000, it will be paid in a lump-sum directly to the participant. These mandatory distributions apply only to participants who have separated from service and do not actively elect a distribution from their account.

Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan, if certain criteria are met.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding note balance in their account during the previous 12 months. Participants may only have one outstanding note at any given time. Notes bear interest at rates determined by the Company, which are commensurate with local prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Notes are fixed for the term of the note. The maximum note term is five years, except if the loan is made for the purchase of the participant's principal residence, in which case it may be no longer than 30 years. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. As of December 31, 2023, the participant notes outstanding and held by the Plan bore interest rates between 4.25% to 9.50%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan be terminated, the assets of the Plan would be distributed to the participants based on their individual account balances as determined under the provisions of the Plan. To the extent not already vested, participants would become 100% vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4, Fair Value Measurements, for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents realized and unrealized gains and losses on the investments, capital gains reinvested, as well as any investment fees charged within the registered investment companies.

Contributions

Participant deferral contributions and related employer contributions are recognized in the plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Administrative Expenses

In accordance with the Plan Document, participant accounts are reduced by investment, administrative, and transaction-based fees. Administrative expenses including legal, audit, and other professional fees may be paid by the Plan or by the Company. Certain other fees and expenses may be charged within the investments (as an expense ratio) and are reflected in the net appreciation (depreciation) in fair value of investments. All other expenses of the Plan were paid by the Company and have been excluded from these financial statements.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Interest and dividend income, net appreciation, and interest earned on participant notes receivable as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Investment balances and information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related investment information included in the financial statements and ERISA-required supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Registered Investment Companies (Mutual Funds) - The shares of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,105,378	\$	\$	\$ 15,105,378
Total Investments, at fair value	\$ 15,105,378	\$	\$	\$ 15,105,378

December 31, 2022

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,656,470	\$ -	\$ -	\$ 10,656,470
Total Investments, at fair value	\$ 10,656,470	\$ -	\$ -	\$ 10,656,470

5. Income Tax Status

Effective April 4, 2022, the Plan adopted a Pre-Approved Defined Contribution Plan sponsored by Fidelity. The IRS has informed Fidelity, by an advisory letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA qualifies under Code Section 401. The Plan Administrator and Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date, and no provision for income taxes has been included in the Plan's financial statements.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Parties-In-Interest Transactions

Certain Plan investments in registered investment companies are managed by the Trustee of the Plan. Administrative fees paid to the Trustee include participant loan fees, distribution fees, and asset-based fees. Investment advisory fees are also paid from the Plan. Certain participants of the Plan have outstanding loans with the Plan as of December 31, 2023 and 2022, which are secured by the vested balances of the participants' accounts. The transactions above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks and Uncertainties

The Plan provides various investments in registered investment companies. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 27, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that required recognition or disclosure in the financial statements, other than noted below.

Effective January 1, 2024, the Plan was amended to exclude temporary workers from participation in the Plan.

Independent Auditor's Report

To the Plan Administrator
Cardinal Group Management 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cardinal Group Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Cardinal Group Management 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which was established by Cardinal Management Group & Advisory LLC and participating affiliates (the Company or the Plan Administrator) on January 1, 2010, and was most recently amended and restated effective April 4, 2022, is a defined contribution plan covering all eligible employees of the Company.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Recordkeeper and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee). The recordkeeper of the Plan is Fidelity Employer Services Corporation. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. All assets of the Plan are in investment plan accounts of Fidelity. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee is eligible to be an active member of the Plan on the first day of the month after meeting the eligibility requirements. An employee is eligible to participate in the Plan after attainment of age 21 years and completion of six months of service. As defined in the Plan Document, an employee shall receive credit for one month of service for each month in which the employee completes one hour of service.

Contributions

Participants may contribute to the Plan on a pre-tax and after-tax Roth basis up to 85% of their eligible compensation, as elected in their salary deferral agreements, subject to certain IRC limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. A participant may cease making elective deferral contributions or change such elections at any time.

The Company makes a safe harbor matching contribution equal to 100% of the first 4% of participant contributions on a pay period basis.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

The Company may also make an additional discretionary non-elective employer contribution for participants who meet the eligibility requirements. For the year ended December 31, 2023, the Company did not make an additional discretionary non-elective employer contribution.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are accepted as permitted by the Plan Document.

Participant Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's safe harbor matching and discretionary non-elective employer contributions; and (3) an allocation of plan earnings or losses. Each participant's account is debited with distributions and expenses. Participants are charged an administrative fee for participant requested transactions. Earnings or losses from investment options are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various registered investment companies as investment options for its participants. Participants may make investment option changes at any time. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, catch-up, rollover and safe harbor matching contributions. A participant's vested interest in their discretionary non-elective employer contribution is based upon the participant's years of service, as defined, as follows:

Years of Service	Vesting (%)
Less than 2	-
2-3	20
3-4	40
4-5	60
5-6	80
6 years or more	100

A participant's vesting percentage in their discretionary non-elective employer contributions shall be 100% vested if any of the following conditions are met: the participant dies, the participant reaches normal retirement age (age 65) or early retirement age (age 59½), or the participant has become totally and permanently disabled, as defined by the Plan.

Forfeitures

Forfeitures, arising from non-vested prior discretionary employer matching and discretionary non-elective employer contributions, may be used to offset future employer contributions or pay plan expenses. As of December 31, 2023 and 2022, the forfeitures account totaled \$56 and \$12,240, respectively. During the year ended December 31, 2023, \$15,341 of forfeitures were used to offset the safe harbor matching contributions or to pay plan expenses.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Benefit Payments

A participant's vested interest in the Plan is payable upon death, disability, attainment of normal retirement age (age 65), or termination of service. A participant may elect to (1) receive a lump-sum amount equal to the vested value of the participant's account; (2) rollover the amount to another qualified retirement plan or IRA; (3) leave the account in the Plan to age 72, at which time one of the above distribution options must be selected, if no longer employed.

If the participant's vested account balance at termination has never been more than \$5,000, it can be distributed to the participant without consent. Distributions of account balances greater than \$1,000, but less than \$5,000, are paid as a direct rollover to an IRA in the name of the Plan participant. If the account balance is less than \$1,000, it will be paid in a lump-sum directly to the participant. These mandatory distributions apply only to participants who have separated from service and do not actively elect a distribution from their account.

Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan, if certain criteria are met.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding note balance in their account during the previous 12 months. Participants may only have one outstanding note at any given time. Notes bear interest at rates determined by the Company, which are commensurate with local prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Notes are fixed for the term of the note. The maximum note term is five years, except if the loan is made for the purchase of the participant's principal residence, in which case it may be no longer than 30 years. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. As of December 31, 2023, the participant notes outstanding and held by the Plan bore interest rates between 4.25% to 9.50%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan be terminated, the assets of the Plan would be distributed to the participants based on their individual account balances as determined under the provisions of the Plan. To the extent not already vested, participants would become 100% vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4, Fair Value Measurements, for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents realized and unrealized gains and losses on the investments, capital gains reinvested, as well as any investment fees charged within the registered investment companies.

Contributions

Participant deferral contributions and related employer contributions are recognized in the plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Administrative Expenses

In accordance with the Plan Document, participant accounts are reduced by investment, administrative, and transaction-based fees. Administrative expenses including legal, audit, and other professional fees may be paid by the Plan or by the Company. Certain other fees and expenses may be charged within the investments (as an expense ratio) and are reflected in the net appreciation (depreciation) in fair value of investments. All other expenses of the Plan were paid by the Company and have been excluded from these financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Interest and dividend income, net appreciation, and interest earned on participant notes receivable as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Investment balances and information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related investment information included in the financial statements and ERISA-required supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Registered Investment Companies (Mutual Funds) - The shares of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis:

December 31, 2023

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,105,378	\$	\$	\$ 15,105,378
Total Investments, at fair value	\$ 15,105,378	\$	\$	\$ 15,105,378

December 31, 2022

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,656,470	\$ -	\$ -	\$ 10,656,470
Total Investments, at fair value	\$ 10,656,470	\$ -	\$ -	\$ 10,656,470

5. Income Tax Status

Effective April 4, 2022, the Plan adopted a Pre-Approved Defined Contribution Plan sponsored by Fidelity. The IRS has informed Fidelity, by an advisory letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA qualifies under Code Section 401. The Plan Administrator and Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date, and no provision for income taxes has been included in the Plan's financial statements.

Cardinal Group Management 401(k) Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Parties-In-Interest Transactions

Certain Plan investments in registered investment companies are managed by the Trustee of the Plan. Administrative fees paid to the Trustee include participant loan fees, distribution fees, and asset-based fees. Investment advisory fees are also paid from the Plan. Certain participants of the Plan have outstanding loans with the Plan as of December 31, 2023 and 2022, which are secured by the vested balances of the participants' accounts. The transactions above qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks and Uncertainties

The Plan provides various investments in registered investment companies. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 27, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that required recognition or disclosure in the financial statements, other than noted below.

Effective January 1, 2024, the Plan was amended to exclude temporary workers from participation in the Plan.
