Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PRICEWATERHOUSECOOPERS, LLP**

(2) EIN: **13-4008324**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		15000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Report of Independent Auditors

To the Administrator of Princeton University Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Princeton University Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Plan sponsor's accounting records for contracts and custodial accounts issued to current or former employees prior to January 1, 2009 do not provide sufficient evidence supporting investments, investment income, benefit payments, and net assets available for benefits to permit the application of adequate auditing procedures.

As described in Note 3, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the

related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

IRS FORM 5500 Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Organization

The Princeton University Retirement Savings Plan (the “Plan”), formerly the Princeton University Tax Deferred Annuity Plan, is a defined contribution 403(b) plan which was created by Princeton University (the “University”) to provide retirement benefits to eligible employees. The Plan, which was established on January 1, 1970, qualifies under section 403(b) of the Internal Revenue Code, (the “IRC”) and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”). Teachers Insurance and Annuity Association - College Retirement Equities Fund (“TIAA and CREF” or “TIAA-CREF”) and Vanguard Fiduciary Trust Company (“Vanguard”) sponsor the funding vehicles of the Plan. TIAA-CREF is the record-keeper and insurance company along with TIAA, FSB as the directed trustee for the Plan’s non annuity assets through July 13, 2023. Effective July 14, 2023, TIAA Trust, N.A. has served as directed trustee and custodian. In addition, College Retirement Equities Fund (“CREF”) serves as insurance company for the CREF variable annuities. TIAA-CREF serves as custodian of all the investment assets of the Plan.

2. Description of the Plan

The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Generally, participation in the Plan is available to all employees of the University who are on the regular monthly or bi-weekly payroll. Excluded from eligibility are interns, pre-doctoral research assistants, full-time students, hourly or leased employees, temporary employees, collectively bargained employees unless the collective bargaining agreement provides for the eligibility of such person to participate in the Plan, independent contractors, casual employees, and short-term professional employees.

Contributions

Participant contributions may either be made as a percentage of the participant’s compensation or flat dollar amount, or the annual maximum amount allowed by the IRC 402(g) limit. Contributions are sent to TIAA-CREF and/or Vanguard at the end of each month in which the contribution is made. Participant contributions may not exceed \$22,500 for the year ended December 31, 2023, adjusted for escalation in the cost of living as provided in Section 415 of the IRC. Employees who are age 50 or over at the end of the calendar year can also make catch-up contributions of \$7,500 for the year ended December 31, 2023 beyond the basic limit on elective deferrals.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Rollover contributions in the Statement of Changes in Net Assets Available for Benefits represent participant rollovers from prior employer’s qualified plans.

Contributions receivable represents contributions earned by Plan participants but not yet paid by the University to the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds (which are reported as “registered investment companies”), various variable annuity accounts offered by CREF, and the TIAA Real Estate Account (which is reported as a “pooled separate account”) and the TIAA Traditional Annuities as investment options for participants.

Vesting

Participants are fully vested in the Plan when they begin making contributions.

Payment of Benefits

On termination of service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's account, or annual installments. Also refer to Note 5 for more information.

Plan Loans and Participant Loans

Plan loans prior to October 1, 2020 were issued directly from the funds owned by TIAA and plan loan proceeds were not removed from a participant's account balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and plan provisions. Loan terms range from one to five years in one-year increments (up to ten years for the purchase of the participant's primary residence). The loans are secured by the participants' TIAA Traditional Annuity account balance in an amount equal to 110% of the outstanding loan balances. Loans bear interest at a rate that may be fixed or variable depending upon the plan, annuity contract provisions and state insurance regulations. Principal and interest are paid ratably by the participant to TIAA and each payment will reduce amounts secured by the participant's TIAA Traditional Annuity accounts. The amount of such outstanding loans is \$1,402,711 and \$2,412,744 at December 31, 2023 and 2022, respectively. Additionally, associated collateral of \$1,542,982 and \$2,654,019 are included in the TIAA Traditional Annuity accounts as of December 31, 2023 and 2022, as are defaulted loan amounts of \$451,105 and \$464,258, respectively. Investments underlying defaulted plan loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs. The interest rate for participant loans range between 4.25% and 9.50%. No loans are offered through the CREF and Vanguard vehicles.

Starting October 1, 2020, TIAA offers loans to participants funded directly from a participant's account. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate. At December 31, 2023 and 2022, participant loans totaling \$5,013,670 and \$3,995,433, respectively, comprised of unpaid principal balance plus any accrued unpaid interest, are reflected as notes receivable from participants in the statement of net assets available for benefits.

3. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (GAAP).

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Plan Reporting Requirements

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to IRC Section 403(b) (“403(b)”) plans from the audit requirement in connection with the reporting of certain financial information on the annual Form 5500. The removal of this exemption subjected the Plan to the same Form 5500 reporting and audit requirements as Section 401(k) plans, effective with the Plan’s 2009 Form 5500 filing.

In complying with the new DOL annual reporting requirements, the Plan administrator constructed the initial statement of net assets available for benefits as of January 1, 2009 from the account and summary records, which were maintained by TIAA-CREF and Vanguard, the Plan custodians at that time. Prior to the new DOL reporting requirements, plan-level reporting was not required for 403(b) plans, and TIAA-CREF and Vanguard maintained account records only at the individual level for the benefit plan contracts and account records which were designed to be portable from one institution to another. In order to prepare the initial plan-level financial statements, the individual accounts associated with the Plan were aggregated based on account information maintained by them. TIAA-CREF and Vanguard certified the Plan reports as to their accuracy and completeness as of December 31, 2009 and 2008 and for the year ended December 31, 2009. Prior to the Pension Protection Act effective in 2007, however, plan participants were permitted to transfer their individual contracts and accounts to other custodians under certain circumstances. The fact that a contract may have been transferred out of the Plan between Plan inception in 1970 and 2007 could impact the aggregated amount of Plan assets.

For purposes of providing transitional relief to plan administrators implementing the new ERISA annual reporting requirements, the DOL’s Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, permits 403(b) plans to exclude certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009 from being reflected on Form 5500. The DOL also has acknowledged that full annual reporting compliance “may not be possible for the 2009 plan year,” and “the guiding principle must be to ensure that appropriate efforts are made to act reasonably, prudently, and in the interest of the plan’s participants and beneficiaries”. Notwithstanding the DOL’s specific recognition of the “compliance challenges” engendered by its new requirements, in accordance with GAAP, provide no such relief and require that all accounts be included in 403(b) plan financial statements. The extent to which certain contracts and custodial accounts issued prior to January 1, 2009 are not included, and the effect of this on the Plan’s financial statements, are not reasonably determinable. As a result, the Plan administrator is unable to determine that the accompanying statements of net assets available for benefits at December 31, 2023 and 2022, as well as prior years, reflect all assets that would be considered Plan assets on an aggregate basis for financial accounting purposes in accordance with GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Risks and Uncertainties

The Plan invests in various investment funds and annuity products. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit responsive investment contracts which are stated at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the Vanguard mutual funds, TIAA-CREF Institutional Mutual Funds, CREF variable annuity accounts, and other mutual funds are valued at the quoted net asset value (NAV) per share as determined by the funds' investment advisers based on the fair market value of the underlying investments. The NAV is calculated daily based on the closing market prices and accruals of the securities in the funds' portfolios (total value of the fund) divided by the number of shares currently issued and outstanding. The unit value of TIAA Real Estate pooled separate account has been calculated daily and is derived from the market value of the underlying real estate holdings or other real estate-related investments. Each fund and annuity account offers daily liquidity. These investments are quoted on a listed exchange (refer to Note 4).

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date or as soon as the investment advisor is informed of the ex-dividend date.

TIAA Traditional Annuities

The TIAA Traditional Annuity is comprised of four types of contracts. The Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus ("RCP") contracts are fully benefit responsive. The Retirement Annuity ("RA") contract is non benefit responsive.

The fully benefit responsive contracts are reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and administrative expenses. The amount of investments reported at contract value is \$262,709,928 and \$252,496,241 at December 31, 2023 and 2022, respectively. Participants may direct the withdrawal or transfer of all or a portion of their account balances held under the contract in accordance with the terms of the Plan. Certain events, such as plan terminations and early retirement incentives, may impact the ability of the Plan to collect the full value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Under GSRA, SRA, and RCP contracts lump-sum withdrawals and transfers can be done at any time. However, because of their increased liquidity, these contracts are credited with lower interest rates than the RA contract.

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

GSRA, SRA, RCP and RA contracts use the vintage method to credit interest to the TIAA Traditional Annuity. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity and the corresponding interest rate during that distinct time period. The vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity, they are immediately invested at the prevailing pay-in rate for new money. The funds earn interest at the prevailing vintage rate. This vintage rate will always consist of two parts: the guaranteed portion and the dividend portion. For GSRA, SRA and RA contracts, the guaranteed portion is 3% (2.5% for vintages established prior to 1979) and represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. For RCP contracts, the guaranteed portion will be between 1% and 3%. The dividend portion represents interest earned over and above the guaranteed rate. During the year ended December 31, 2023, the crediting rate for the GSRA, SRA, and RCP contracts was between 5.25% and 6.25%. During the year ended December 31, 2022, the crediting rate for the GSRA, SRA, and RCP contracts was between 2.75% and 5.75%. The RCP contract is not an investment option for participants' directed contributions. The RCP contract holds the remaining Revenue Credit Account balance (refer to Other Income).

The RA contract, which is non benefit responsive, is recorded at contract value, which approximates fair value. The contract is a guaranteed annuity contract which guarantees principal and pays a guaranteed minimum interest of 3.00% for December 31, 2023 and 2022. The crediting rate for the RA contract was between 6.00% and 6.75% in 2023 and was between 3.25% and 6.25% in 2022. The RA contracts have liquidity restrictions. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments through Transfer Payment Annuities.

Administrative Expenses

Administrative expenses directly related to the Plan consist primarily of fees for audit services, education, and preparation of participant related communication materials. These fees are paid by the Plan from the Revenue Credit Account (refer to Other Income below), a component of additions to net assets available for benefits. Certain other administrative expenses, including investment fees paid by the University are not reflected in the Plan's financial statements.

Other Income

Other income includes income from a negotiated revenue sharing agreement with TIAA-CREF that involves specific allocation methods. The credit will be deposited into the Revenue Credit Account as defined by the Plan and may only be used either to pay direct, reasonable and necessary expenses of the Plan for which the Plan is authorized to pay or to provide benefits for Plan participants and beneficiaries. Other income related to this agreement amounted to \$634,350 for the year ended December 31, 2023. The Revenue Credit Account balance was \$249,591 and \$162,975 at December 31, 2023 and 2022.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Princeton University Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements

The Plan classifies its investments into Level 1, which refers to assets valued using quoted prices from active markets for identical assets; Level 2, which refers to assets not traded on an active market but for which market inputs are directly or indirectly observable; and Level 3, which refers to assets valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023 and 2022.

	2023			
	Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	\$ 808,852,163	\$ -	\$ -	\$ 808,852,163
Variable annuity contracts (a)	389,528,433	-	-	389,528,433
Pooled separate accounts (b)	50,186,487	-	-	50,186,487
TIAA traditional annuity	-	-	15,901,168	15,901,168
	<u>\$ 1,248,567,083</u>	<u>\$ -</u>	<u>\$ 15,901,168</u>	<u>\$ 1,264,468,251</u>

	2022			
	Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	\$ 649,234,516	\$ -	\$ -	\$ 649,234,516
Variable annuity contracts (a)	329,537,961	-	-	329,537,961
Pooled separate accounts (b)	61,328,358	-	-	61,328,358
TIAA traditional annuity	-	-	16,493,896	16,493,896
	<u>\$ 1,040,100,835</u>	<u>\$ -</u>	<u>\$ 16,493,896</u>	<u>\$ 1,056,594,731</u>

- (a) The variable annuity contracts invest in equities, global equity, index, other index, fixed income, lifecycle and money market funds and are valued at quoted NAV. All variable annuities have daily liquidity and are not subject to any redemption restrictions at the measurement date. The funds have different trading terms varying from one to three days. Participants will be locked out of the variable annuity for 90 days if a purchase, sale and repurchase within that variable annuity is made within a 60 day period.
- (b) The TIAA real estate pooled separate account invests in real estate and real estate related investments. Its investments are valued at quoted NAV. Although the underlying investments of the pooled separate account cannot be quickly sold and converted to liquid asset, the TIAA general account provides a liquidity guarantee to meet participant redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of the investment are limited to once per quarter. Internal transfers in the TIAA real estate account will be prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed \$150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term.

Notes to Financial Statements

December 31, 2023 and 2022

For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of Levels 1, 2 or 3.

The Level 3 investment asset consists of the TIAA Traditional Annuity RA non fully benefit responsive contract. These TIAA annuities are not available for sale or transfer on any securities exchange. Accordingly, transaction in similar instruments are not observable, and the investments are valued using unobservable inputs (Level 3). While transactions involving the purchases/sales of individual TIAA non fully benefit responsive annuity contracts are not observable in a public marketplace, contract value is an approximation of fair value. The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the year ended December 31, 2023.

Beginning balance at January 1, 2023	\$ 16,493,896
Interest	787,577
Purchases	1,432,502
Distributions/redemptions	<u>(2,812,806)</u>
Ending balance at December 31, 2023	<u>\$ 15,901,168</u>

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2023 and 2022:

Type		Fair Value	Valuation Technique	Significant Unobservable Inputs	Crediting Rate
TIAA Traditional Non Benefit Responsive - RA	2023	\$ 15,901,168	Discounted Cash Flow	Risk-adjusted	Between 6.00% and 6.75%
TIAA Traditional Non Benefit Responsive - RA	2022	\$ 16,493,896	Discounted Cash Flow	Risk-adjusted	Between 3.25% and 6.25%

TIAA Traditional Annuity RA account balances are reported at contract value which approximates fair value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

5. Withdrawals and Distributions

If the employment of any participant is terminated, or if such employee retires or resigns, the participant is entitled to receive the full vested value of his account. Generally, distribution of Plan accounts will be made in the form of a qualified joint and survivor annuity or a single life annuity, depending on the participant's marital status. Additionally, other forms of benefit payments may be available depending upon the terms of the group annuity contract or the instrument governing the investment fund. Under certain circumstances participants can choose to defer the final distribution

of their Plan accounts. Faculty and staff may cash out 100% of their vested accumulated CREF and/or Vanguard holdings after termination of employment or retirement and attainment of age 55.

Further, upon retirement, participants may elect to transfer the accumulations in their TIAA Real Estate and CREF variable annuity accounts to TIAA Traditional Annuities. TIAA-CREF Institutional Mutual Funds and Vanguard Mutual Funds are not eligible to be annuitized by TIAA-CREF.

6. Termination

Although the University has not expressed any intent to terminate the Plan, it has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the value of each participant's account will be distributed.

7. Federal Income Taxes

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Information Certified by the Insurance Companies

The Plan's management requested that an ERISA Section 103(a)(3)(C) audit be performed for the Plan's assets held by the insurance companies (TIAA-CREF). The insurance companies have certified that the amounts reflected for investment balances, interest and dividends, net appreciation / (depreciation) in the fair value of investments and all other related investment information in the accompanying financial statements, notes to the financial statements, other than the leveling provided in Note 4, and supplemental schedule are complete and accurate. TIAA-CREF has been authorized by TIAA, FSB to certify the investments and investment information for which TIAA, FSB is the directed trustee. TIAA-CREF has been authorized by TIAA, FSB through July 14, 2023 to certify the investments and investment income information for which TIAA, FSB is the directed trustee and custodian. TIAA Trust, N.A. served as directed trustee and custodian from July 15, 2023 through December 31, 2023.

9. Exempt Party-In-Interest and Related Party Transactions

Certain plan investments are advised by an affiliate of TIAA-CREF. Additionally, the Plan has a revenue sharing agreement with TIAA-CREF. These transactions and expenses therefore, qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

In addition, the University is a related party and party-in-interest as it provides certain services to the Plan. Currently, the University does not seek reimbursement for such services.
