INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Webb-Stiles Company 401(k) Profit Sharing Plan
Valley City, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Webb-Stiles Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Webb-Stiles Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Webb-Stiles Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Webb-Stiles Company 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Webb-Stiles Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Webb-Stiles Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEBB-STILES COMPANY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Webb-Stiles Company 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan generally covering all eligible employees of Webb-Stiles Company (“Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must have completed one year of service, as defined in the Plan. Employees whose employment is covered by a collective bargaining agreement or who are field workers are not eligible to participate in the Plan. Employees are eligible for participation in the Plan on the first day of the quarter after meeting the service requirement.

Contributions: Participants may make voluntary pre-tax and after-tax (Roth) contributions by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. The Plan provides for automatic enrollment upon eligibility and, accordingly, employees are treated as having elected to contribute 4% of their earnings as a pre-tax 401(k) contribution, unless an election is made for a different amount or an election is made not to participate. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Plan participants over the age of 50 are also permitted to make additional pre-tax catch-up contributions to a maximum of \$7,500 in 2023.

The Company may make a discretionary matching contribution equal to a uniform percentage of the employee’s salary deferrals. No discretionary matching contributions were made in 2023 and 2022. The Company may also contribute discretionary non-elective profit sharing contributions to the Plan as determined by the Company’s Board of Directors. In 2023, discretionary non-elective profit sharing contributions by the Company to the Plan totaled \$479,475, which was remitted to the Plan in 2024. Participants must be employed on the last day of the Plan year in order to receive an allocation of the discretionary matching and discretionary non-elective profit sharing contributions.

Participant accounts: Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s discretionary matching and discretionary non-elective profit sharing contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in employer discretionary matching and non-elective profit sharing contributions are based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants: The Plan allows participants to obtain loans from the Plan, which are subject to the following general provisions: participants may borrow up to 50% of the vested interest in their individual pre-tax account up to a maximum of \$50,000, with a minimum of \$1,000, loans must be repaid through payroll deductions over a maximum term of five years unless the purpose of the loan is to purchase the participant's primary residence, and the loans are secured by the participant's entire vested account balance. Loans are not available from Roth contributions. Upon termination of employment, loans are immediately due and payable. The interest rate for each loan is based on the bank's prime lending rate (8.50% and 7.50% at December 31, 2023 and 2022, respectively) on the loan issuance date plus 1%. Interest income is recorded on the accrual basis.

Payment of benefits: The Plan permits in-service withdrawals for participants who have attained age 62. In the event of death, disability, termination of employment, or financial hardship, as defined by the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments for required minimum distributions only. Account balances of terminated employees totaling less than \$5,000 are distributed as soon as administratively feasible following severance of employment. A hardship distribution may not be taken from a Roth contribution.

A participant's vested account balance is paid as soon as administratively feasible following termination of employment. In the event of death, the account balance is paid to the participant's beneficiary.

Forfeited accounts: During 2023 and 2022, \$4,298 and \$30,692, respectively, was forfeited from participants' accounts. Forfeitures are used to reduce the employer discretionary non-elective profit sharing contribution, if any, and pay administrative expenses of the plan with any remaining forfeitures reallocated to remaining participants in the same manner as the Company's discretionary non-elective profit sharing contributions for the Plan year. During 2023, \$16,354 of forfeitures were used to pay administrative expenses. Forfeitures held in the Plan totaled \$18,402 and \$30,458 at December 31, 2023 and 2022, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2023, the administrative expenses paid for by the Plan included investment consulting fees and are included in the statement of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 3, 2024, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 28 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditors' examination with regard to the statements or information prepared and certified by Newport Trust Company, the trustee. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Newport Trust Company:

	2023	2022
Net assets available for benefits:		
Investments, at fair value	\$ 17,209,272	\$ 14,787,481
Notes receivable from participants	374,553	331,713
	<u>\$ 17,583,825</u>	<u>\$ 15,119,194</u>
Additions to net assets:		
Interest and dividends	\$ 583,459	
Interest income on notes receivable from participants	19,888	
Net appreciation in fair value of investments	2,124,643	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

1. Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Investments at net asset value: A common/collective trust composed primarily of fully benefit-responsive investment contracts held in a stable value fund that is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	\$ 15,573,319	\$ -	\$ -	\$ 15,573,319
Investments measured at net asset value ^(a)				
Common/collective trust	-	-	-	1,635,953
Investments at fair value	<u>\$ 15,573,319</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,209,272</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	\$ 12,310,169	\$ -	\$ -	\$ 12,310,169
Investments measured at net asset value ^(a)				
Common/collective trust	-	-	-	2,477,312
Investments at fair value	<u>\$ 12,310,169</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,787,481</u>

(a) Certain investments that are measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

For 2023 and 2022, there were no transfers between levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 – INCOME TAXES

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service pre-approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits per Schedule H of Form 5500	<u>\$ 17,844,247</u>	<u>\$ 15,381,544</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for 2023 to Form 5500:

Net change per the financial statements	\$ 2,956,993
Change in value of allocated insurance contracts	(1,928)
Employee contributions receivable	(12,887)
Employer contributions receivable	(479,475)
Total income per Form 5500	<u>\$ 2,462,703</u>

The reconciling items for contributions receivable is required due to the financial statements being prepared on the accrual basis of accounting and Form 5500 being prepared on the cash basis of accounting. The reconciling item related to allocated insurance contracts results from the contracts being excluded from Plan assets for financial reporting purposes but included for Form 5500.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA; however, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 8 – RISK AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RELATED PARTY TRANSACTIONS

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 10 – LIFE INSURANCE CONTRACTS

Prior to 2009, the Plan permitted participants to apply a portion of any contributions made to their account toward the purchase of whole life insurance policies which designate the Plan as the owner of the policies; however, the policies were for the sole benefit of the participants or their beneficiaries. Accordingly, for financial reporting purposes the cash surrender value of these allocated policies is not included as a Plan asset, and the investment income earned by the policies is not included in Plan earnings. The cash surrender value of the allocated life insurance contracts is reported as a Plan asset on Form 5500. If participants elect, however, to cancel their policy, the accumulated cash surrender value received is allocated to their other Plan investment account balances in the same manner as contributions. Subsequent to 2009, the Plan does not permit the purchase of additional life insurance policies. In 2023, policies with cash surrender values of \$33,799 were cancelled and the proceeds are included in other contributions in the statement of changes in net assets available for benefits. The cash surrender value of the existing life insurance contracts at December 31, 2023 and 2022 totaled \$260,422 and \$262,350, respectively.
