## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

### UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Union Hospital Money Purchase Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 4, 2024, December 31, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period and years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of January 4, 2024, December 31, 2023, and December 31, 2022, and for the period and years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### ( 1 ) Description of plan

The following description of the Union Hospital Money Purchase Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation (“Foundation”).

**General** - The Plan is a defined contribution plan sponsored by and covering certain employees of The Union Hospital Association (the “Hospital”). Effective January 1, 2019, the Plan was frozen to new participants and the employer matching provision that was previously included in the Plan is included in the Union Hospital 403(b) Savings Plan. Prior to January 1, 2019, employees who worked more than 18 hours per week were eligible to participate in the plan upon attainment of age 18 and 90 days of service for non-union employees or one year of service for union employees. To participate in the Plan, non-union employees had to contribute 3% of eligible compensation to the Union Hospital 403(b) Savings Plan and union employees had to contribute 3.5% of eligible compensation to the Union Hospital 403(b) Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On April 1, 2018, the Foundation became the full member of the Hospital pursuant to a Member Substitution Agreement.

The Plan Administrator is the Hospital. The Board of Directors of the Hospital has authorized the Retirement Committee of the Foundation to act on behalf of Union Hospital to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

**Contributions** - Prior to January 1, 2019, the Hospital contributed 100% of the first 6.5% of salary deferral contributions for union employees and 100% of the first 6% of salary deferral contributions for non-union employees. After January 1, 2019, the Hospital no longer made contributions to this Plan.

**Participant investment account options** - All participants’ account balances held in the Plan have been deposited in accounts maintained by Fidelity Management Trust Company (“Fidelity”). All participants’ account balances and earnings are to be invested as directed by the participants in any of the various mutual funds or a guaranteed investment contract held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Separate accounts are maintained for each participant. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

**Participant accounts** – Each participant’s account is credited with allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

# UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### ( 1 ) Description of plan (continued)

**Vesting** – All participants are 100% vested in the employer contributions plus actual earnings thereon.

**Payment of benefits** - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a joint and survivor annuity, a series of installment payments over five years, or a combination of these. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### ( 2 ) Summary of significant accounting policies

**Basis of accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Master Trust** - The investments of the Plan, along with the investments of certain other defined contribution plans sponsored by the Foundation and its affiliates, are pooled for investment purposes into a master trust pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): Employee Benefit Master Trust Reporting*. ASU 2017-06 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Administrative expenses** - Certain expenses of the Plan are paid by the Hospital and are not included in the statements of changes in net assets available for benefits. The Hospital may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net investment (loss) income – participation in Master Trust.

### NOTES TO FINANCIAL STATEMENTS

#### ( 2 ) Summary of significant accounting policies (continued)

**Valuation of investments held by the Master Trust** – Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

**Recognition of income by the Plan and Master Trust** - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment (loss) income – participation in Master Trust include gains and losses on investments bought and sold, as well as held during the year.

**Payment of benefits** - Benefits are recorded when paid.

#### ( 3 ) Information prepared and certified by the trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments:

- Investments at fair value – Interest in Master Trust
- Investments at contract value – Interest in Master Trust
- Net investment (loss) income – participation in Master Trust

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

#### ( 4 ) Master Trust

The following is financial information with respect to the Master Trust:

While certain of the investments of the participating plans are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the Master Trust's investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 5.

### NOTES TO FINANCIAL STATEMENTS

#### ( 5 ) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments held by the Master Trust and measured at fair value. There have been no changes in the methodologies used at January 4, 2024, December 31, 2023 and 2022.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

*Self-directed brokerage accounts:* Accounts primarily hold investments in mutual funds.

## UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 6 ) Fully benefit-responsive investment contract

The Plan had a fully benefit-responsive guaranteed investment contract (GIC) issued by Prudential Insurance Company of America ("Prudential") at December 31, 2023 and 2022. The contract was held in the Master Trust. Contributions to this contract were maintained in the general account of the contract issuer. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 2.45%, at December 31, 2023. The crediting interest rate was reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contract was evergreen and did not have a maturity date. The Plan did not maintain a GIC at January 4, 2024.

The GIC met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contract.

There were no events that permitted the issuer to terminate the contract which would have required the Plan to transact at amounts different than contract value.

## UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 7 ) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the Hospital. Administrative fees charged by Fidelity (the trustee), including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in interest transactions include the purchase and sale of investments through Fidelity, the trustee of the Plan. Such transactions are exempt from being prohibited transactions. Fidelity provides certain management services to the Plan pursuant to plan service agreements. Fees incurred by the Plan for investment management services are included in net investment (loss) income - participation in Master Trust, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity and is funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the Hospital for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2023 and 2022, the Plan earned revenue credits of \$4,560 and \$4,476, respectively, which are reported in the financial statements as other income. There were no revenue credits earned for the period ended January 4, 2024.

#### ( 8 ) **Plan termination**

The Plan was merged in January 2024 (Note 11). If the Plan had been terminated, the participants would have become 100% vested in benefits through the date of termination subject to the provisions of ERISA.

#### ( 9 ) **Tax status**

The Plan adopted the Fidelity 401(a) Money Purchase Pension Volume Submitter Plan Document (Basic Plan Document #16 and Adoption Agreement #001).

The Fidelity 401(a) Money Purchase Pension Volume Submitter Plan has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014. The adoption of the Plan terms was executed in accordance with the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe the Plan and related trust are currently being operated in compliance with the applicable provisions of the IRC.

# UNION HOSPITAL MONEY PURCHASE RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### ( 9 ) Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of January 4, 2024, December 31, 2023, and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

### ( 10 ) Risks and uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### ( 11 ) Plan Merger

Effective January 1, 2024, the Plan was amended and all active participants in the Plan ceased to be participants in the Plan as of December 31, 2023. Concurrently, the terms of the Cleveland Clinic Investment Pension Plan ("IPP") were amended to provide that active participants in the Plan are eligible to participate in the IPP on January 1, 2024. Additionally, on January 4, 2024, all assets and liabilities of the Plan were transferred into the IPP and the Plan was merged into the IPP.

### ( 12 ) Subsequent events

The Plan has evaluated events that have occurred subsequent to the period ended January 4, 2024, through September 19, 2024, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
