Report of Independent Auditors

To the Participants and Administrative Committee of
The Savings Plan for Graham Holdings Company

Opinion

We have audited the financial statements of The Savings Plan for Graham Holdings Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report of Independent Auditors

To the Participants and Administrative Committee of
The Savings Plan for Graham Holdings Company

Opinion

We have audited the financial statements of The Savings Plan for Graham Holdings Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE SAVINGS PLAN FOR GRAHAM HOLDINGS COMPANY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Savings Plan for Graham Holdings Company (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution plan permitting eligible employees of Graham Holdings Company (the Company), and participating subsidiaries to participate upon hire. The Company is the Plan Sponsor. Eligible employees must affirmatively elect to participate in the Plan. In general, eligible employees who have completed 1,000 or more hours of service in a period of twelve consecutive months (Eligibility Year of Service) are eligible to receive a Company Matching Contribution. Effective January 1, 2022, employees of Graham Holding Company (GHC – Corporate) are immediately eligible at hire for a Company Matching Contribution.

The Plan is administered by The GHC Committee (the Plan Administrator), whose members are appointed by the Plan Sponsor. Vanguard Fiduciary Trust Company (VFTC) is the Plan's Trustee. The Plan entered into a Master Trust Agreement with VFTC to establish the Graham Holdings Company Master Trust (Master Trust) effective January 1, 2021.

During 2023 and 2022, the Plan Administrator adopted amendments to the Plan, which are not expected to affect the Plan's qualified status under ERISA. Substantially all of these amendments became effective in 2023. The Plan was restated in 2016 and the Summary Plan Description was revised on January 1, 2023, and restated again in January 1, 2024.

Effective January 1, 2023, Framebridge, Inc. became a participating employer in the Plan. Assets from their prior plan amounting to \$3,913,055 were transferred and received into the Plan in January 2023.

Effective in 2023, CarCareToGo changed its company name to Roda.

Effective June 20, 2023, Pinna separated from Graham Holdings Company. As of June 21, 2023, Pinna was no longer a Participating Employer of the Plan. This transaction did not involve a transfer of assets out of the Plan. Participants with deferred account balances can take a distribution per the Plan's provisions.

On December 29, 2023, the Leaf Group Ltd 401(k) Plan was merged into the Plan. Plan assets amounting to \$39,062,411 were transferred from Fidelity Investments on December 29, 2023 to the trustee of the Plan, VFTC, and received on January 2, 2024. The transferred plan assets were invested in the Plan's Qualified Default Investment Alternative (QDIA) on January 5, 2024. Notes receivable from participants in the amount of \$322,373 were also transferred to the trustee of the Plan. Following the merger, the Plan was amended to admit Leaf Group Ltd. (also known as World of Good Brands, or WGB), Saatchi Online, Inc. and Society6, LLC as participating employers in the Plan effective January 1, 2024.

All investments are participant directed. In 2023, employee contributions may be directed to any of the investment options except the Graham Holdings Company Stock Fund and only employer contributions may be invested in the Graham Holdings Company Stock Fund.

In addition, contributions to the Berkshire Hathaway Stock Fund may not exceed 25% of a participant's own contributions or 25% of the employer contributions to a participant's account. Exchanges into the Berkshire Hathaway Stock Fund from any other fund(s) may be made only if the resulting investment in the Berkshire Hathaway Stock Fund immediately following the exchange is no more than 25% of the participant's total account balance.

Contributions

Each year, participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (\$22,500 in 2023). Participants may also contribute a percentage of after-tax annual eligible compensation to the Plan at rates established by the Plan Administrator. Eligible participants in the Plan receive Company Matching Contributions equal to 100% of their pre-tax and after-tax contributions up to 1% of their base

salary. Clyde's Restaurant Group (Clyde's) may make a discretionary Company Matching Contribution for its participating employees equal to a percentage (to be determined at the discretion of Clyde's) of the employees' pre-tax contributions not in excess of a percentage (to be determined at the discretion of Clyde's) of the employee's compensation. The parameters of this discretionary contribution, and whether it will be made, will be communicated to participants on an annual basis.

Participant Accounts

Each participant's account is credited with his/her contributions, the Company contributions, if any, and an allocation of the investment income (losses). Allocations are based on participant earnings or account balances, as defined.

Notes Receivable from Participants

In 2023, the Plan does not permit participants to borrow from their accounts; therefore, loans are not granted. On occasion as a result of a plan merger or rollovers received, participant loans are transferred to the Plan and are administered in accordance with their terms.

Vesting

Upon enrollment in the Plan, participants are fully vested at all times in all amounts held in their accounts.

Plan Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. The Plan charges certain expenses directly to each of the participants' accounts such as recordkeeping and maintenance of the website and phone services to participants. Each of the investment funds incurs investment and administrative expenses that are paid by the fund itself, which reduce the net investment return to participants.

Payment of Benefits

At any time, a participant may withdraw employee contributions that do not qualify for tax deferred treatment. Employee tax deferred contributions and certain related earnings may be withdrawn if a participant is suffering a serious financial hardship and other sources of funds are not available to the participant. Upon attainment of age 59½, a participant may withdraw his/her full account. There is no limit to the number of non-hardship withdrawals permitted during the Plan Year.

Accounts of terminated participants may be retained in the Plan until the participant reaches age 65. At age 65, the full account balance must be distributed, which may from time to time be suspended by the Company. The terminated participant may request at any time prior to age 65 to receive a distribution of the total amount in his/her account. If a terminated participant with a deferred account dies prior to receiving the full value of the account, the account balance will be paid to the participant's beneficiary. Account balances of \$5,000 (in 2023) or less may not be deferred and are subject to automatic rollover/automatic cash out.

The form of payment of benefits under the Plan is a single lump-sum payment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time by action of the Plan Sponsor and Board of Directors subject to the provisions of ERISA. In the event the Plan terminates, participants would receive the value of their accounts from the Master Trust.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan is a participant in the Master Trust as described in Note 5. Investments held in the Master Trust are stated at fair value and are allocated to the Plan in proportion to the fair value of the assets assigned to the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan's allocated share of the Master Trust interest and dividend income, unrealized appreciation and depreciation of investments, realized gains or losses due to the difference between the proceeds received and the identified cost of investments sold are included in the Statement of Changes in Net Assets Available for Benefits, and are allocated on a per unit basis at the time of the transaction.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 4, 2024, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

Effective January 1, 2024, the Plan was amended to implement the following changes:

- Remove Company Matching Contributions for participating employers in the Plan;
- Add Roth and Roth catch-up employee contributions as an option to the Plan, and allow rollover contributions to the Plan in the form of Roth contributions which shall be maintained in a Roth Rollover Account;
- Allow participants to elect an In-Plan Roth conversion with respect to all or a portion of the vested amounts in the participant's accounts other than a Roth Contribution Account or a Roth Rollover Account;
- Permit participants to take out one active loan from the Plan at a time;
- Automatically enroll eligible participants who have not made an affirmative election to participate in the Plan at a default of 4% pre-tax. Participants may at any time change deferral elections, including change the deferral percentage to zero. The participant is able to opt out of auto-enrollment within a 30-day period of a notice mailed out to the participant. On this date, the Plan was also amended to automatically escalate a participant's elective deferral contribution on an annual basis, default of 1% pre-tax. The auto-escalation shall not apply if the participant's elective deferral contribution is at least 10% of Base Salary. Participants have the right to opt out of the automatic escalation provision or to elect a different amount of elective deferral contribution; and
- Permit participants to allocate up to 20% of any contributions, including participant contributions, Rollover Contributions or Qualified Nonelective Contributions in the Graham Holdings Stock Fund.

Effective July 1, 2024, Hoover Treated Wood Products, Inc. became a participating employer in the Plan.

NOTE 3 – RELATED-PARTY TRANSACTIONS

Shares of registered investment companies (mutual funds) and common collective trusts are managed by The Vanguard Group, Inc. Due to the relationship between VFTC as Trustee of the Master Trust and the Plan, investment transactions managed by The Vanguard Group, Inc. qualify as party-in-interest transactions. Investments in the Vanguard registered investment companies and common collective trusts are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor. In addition, the fees associated with the management of these investments by The Vanguard Group, Inc. are included in the net appreciation (depreciation) in fair value of investments.

The Plan also invests in shares of the Company through the Graham Holdings Company Stock Fund, therefore, these transactions qualify as party-in-interest transactions. Northern Trust acts as custodian of the Graham

Holdings Company Stock Fund and Berkshire Hathaway Stock Fund and, therefore, is deemed a party-in-interest and related party. Additionally, personnel and facilities of the Company have been used to perform administrative functions for the Plan at no cost to the Plan.

NOTE 4 – TAX STATUS

On October 21, 2016, the Internal Revenue Service made a favorable determination that the Plan, as then designed, was qualified under IRC Section 401(a). Such determination letter did not involve a review of the effect on the Plan of certain amendments subsequently adopted. The Master Trust, created in 2021 has not filed for a favorable determination since the Internal Revenue Service no longer supports determination letter filings. The Master Trust is designed to be tax-exempt under IRC Section 501(a).

The Plan Administrator believes that the Plan and Master Trust are designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan and the Master Trust are subject to routine audits for tax returns by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - GRAHAM HOLDINGS COMPANY MASTER TRUST

The Master Trust was established for the purpose of maintaining assets for the exclusive benefit of the participants of The Savings Plan for Graham Holdings Company, the Kaplan, Inc. Tax Deferred Savings Plan for Salaried Employees, and the 401(k) Savings Plan for GHC Affiliates (collectively, Participating Plans). Each Participating Plan's interest in the Master Trust is based on the account balances of the participants and their elected investment options. The Master Trust assets are allocated among the Participating Plans by assigning to each Participating Plan the entire amount of contributions received on behalf of each Participating Plan, benefit payments, or other expenses attributed solely to such Participating Plan, and every other transaction relating only to such Participating Plan and by allocating among all Participating Plans, in proportion to the value of the assets assigned to each Participating Plan, income and expenses resulting from collective investment of the assets of the Master Trust.

The following table presents the net assets of the Master Trust:

	As of December 31, 2023		As of December 31, 2022

NOTE 6 – FAIR VALUE MEASUREMENTS

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability, based on a three-tiered hierarchy that draws a distinction between market participant assumptions based on (i) observable inputs, such as quoted prices in active markets (Level 1); (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2); and (iii) unobservable inputs that require the Master Trust to use present value and other valuation techniques in the determination of fair value (Level 3). Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measure. The Master Trust's assessment of the significance of a particular input to fair value measurements requires judgment and may affect the valuation of the assets and liabilities being measured and their placement within the fair value hierarchy.

Financial assets held in the Master Trust and the valuation techniques for measuring fair value are as follows:

Registered Investment Companies (Mutual Funds): Registered investment companies (mutual funds) are valued at their respective net asset values. The net asset values are typically determined by the fund at the close of regular trading.

Common/Collective Trusts: The common/collective trusts are valued at their respective net asset values, as a practical expedient for fair value. The fair value of investments in the common/collective trusts are determined by their trustee.

Company Stocks Funds: The Graham Holdings Company Stock Fund and Berkshire Hathaway Stock Fund are valued at their year-end unit closing price (comprised of common stock at the year-end market price plus an uninvested cash portion).

Financial assets held by the Master Trust measured at fair value on a recurring basis were as follows:

	As of December 31, 2023		As of December 31, 2022	
	Fair Value	Quoted Prices in Active Markets for Identical Items (Level 1)	Fair Value	Quoted Prices in Active Markets for Identical Items (Level 1)
Assets:				
Mutual funds	\$ 529,004,835	\$ 529,004,835	\$ 460,117,150	\$ 460,117,150

⁽¹⁾ In accordance with FASB ASC 820, *Fair Value Measurement*, certain investments that are measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

For assets that are measured using quoted prices in active markets, the total fair value is the published market price per unit multiplied by the number of units held.

Common Collective Trusts

The estimated fair value and redemption requirements of the Master Trust's investment in common collective trust are summarized as follows:

	December 31,		Unfunded commitments	Redemption frequency	Redemption notice
