Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of the First Credit Union Cash Balance Defined Benefit Retirement Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended and the statement of accumulated plan benefits as of December 31, 2022, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the First Credit Union Cash Balance Defined Benefit Retirement Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

The Plan has elected to change its reporting period for the statement of accumulated plan benefits and related statement of changes in accumulated plan benefits. The Plan will report the statement of accumulated plan benefits as of December 31, 2022, and the statement of changes in accumulated plan benefits for the year then ended. Our opinion is not modified with respect to that matter.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the First Credit Union Cash Balance Defined Benefit Retirement Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Credit Union Cash Balance Defined Benefit Retirement Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Credit Union Cash Balance Defined Benefit Retirement Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters – 2022 Financial Statements

The 2022 financial statements of the Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 6, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2022 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 – Description of the Plan

General

First Credit Union Cash Balance Defined Benefit Retirement Pension Plan (the Plan) was established by First Credit Union (the Credit Union) on February 1, 1996. The Plan is a defined benefit cash balance pension plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Administration

The Credit Union is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and fees, and reports to the Plan's Investment Committee. The Plan's Trustee and Investment Custodian is Matrix Trust Company. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Company has also retained CMFG Life Insurance Company to provide participant recordkeeping and administration services.

Eligibility

The Plan covers substantially all employees of the Credit Union. Employees are eligible to participate in the Plan after they have completed one year of credited service and have attained the age of 21. Entry into the Plan is the earlier of the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date on which the requirements are met.

Benefits:

Normal Retirement Benefits: At the normal retirement age (65), with five years of participation, participants will be entitled to receive a normal retirement benefit. The normal retirement date is the first day of the month coinciding with or next following the participant's normal retirement age and will be equal to 3% accumulation Cash Balance pay credits beginning July 1, 2013, with interest based on the 30-year Treasury rate, plus frozen accrued benefits accumulated to May 22, 2009. Payment of benefits will be as soon as practicable following the normal retirement date.

The normal form of this benefit is a straight life annuity for single participants or its actuarial equivalent 50% joint and survivor benefit for married participants. Participants may elect other options under the Plan.

Early Retirement Benefits: The early retirement date is the first day of the month coinciding with or next following the date they have attained age 55 and completed 10 years of service with the employer. Early retirement benefits equal the greater of (1) the accrued benefit reduced by 5/9ths of 1% for each of the first 60 complete calendar months, and 5/18ths of 1% for each complete calendar month in excess of 60 months that the early retirement date precedes the normal retirement date, or (2) the actuarial equivalent of the accrued benefit if that benefit is distributed a form other than an nondecreasing life annuity payable over the participant's lifetime. Payment of the early retirement benefits will begin as soon as practicable following the date the participant elects to receive payment and will be paid in the same form as the normal retirement date.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Death and Disability Benefits: The death benefit is the “minimum spouse’s death benefit” as defined in the Plan document. Unmarried participants may designate a beneficiary on a form provided by the Plan Administrator. The disability benefits are equal to the actuarial equivalent of vested accrued benefits. Disability shall be determined under the Social Security Act.

Vesting: Participants that terminate employment prior to their normal retirement age for reasons other than death, disability, or early retirement are entitled to a percentage of their accrued benefits as defined in the vesting schedule below. However, participants are 100% vested as a result of death, disability, or if employed on or after their early or normal retirement age as defined by the Plan document. A participant is 100% vested after three years of service.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan’s financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

The purchase and sale of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments that are attributable under the Plan’s provisions to the service participants have rendered. Accumulated Plan benefits include benefits expected to be paid to: (i) retired or terminated vested participants or their beneficiaries, (ii) beneficiaries of participants eligible to retire who have died, and (iii) present participants or their beneficiaries. Benefits payable under all circumstances (retirement, death, and termination of employment) are included in the computation to the extent they are considered attributable to employee service rendered at the valuation date.

FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The actuarial present value of accumulated Plan benefits is determined by an actuary from CUNA Mutual Group and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment resulting from death, disability, withdrawal, or retirement between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of and for the year ended December 31, 2022 were (i) investment return of 4.00% per annum, (ii) Mortality; PRI-2012 combined tables projected by Scale MP-2021, (iii) salary increases 3.00%, and (iv) withdrawal rates based on T7 turnover table.

Actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan were terminated, different actuarial assumptions might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would be no material differences.

Payment of Benefits

Benefits payments to participants and beneficiaries are recorded at the time of distribution.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 26, 2024, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company, the custodian of the Plan, as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022,
2. All investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4 – Funding Policy and Administrative Fees

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan sufficient to meet the minimum funding requirements of ERISA, plus such additional amounts, if any, as actuarially determined. No minimum contributions were required for the years ended December 31, 2023 or 2022 as recommended by the Plan's actuary. Employees are not required to contribute to the Plan.

FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The Plan's expenses are paid either by the Plan or the Credit Union, as provided by the Plan document. Expenses that are paid directly by the Credit Union are excluded from these financial statements. Certain expenses, if any, incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation(depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 5 – Plan Termination

In the event the Plan terminates, the rights of all participants to benefits accrued to the date of such termination or discontinuance, to the extent funded, shall be nonforfeitable. Accordingly, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- b. All other vested benefits (that is, vested benefits not insured by the PBGC).
- c. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Credit Union and the level of benefit guaranteed by the PBGC.

Note 6 – Fair Value Measurements

Fair Value of Investments in Entities that use Net Asset Value (NAV)

The Plan's investment in a common collective trust is valued at fair value based on the fair value of the underlying assets of the pooled separate account, using net asset value (NAV) as the practical expedient.

Common/collective trust funds: Valued at fair value based on the Net Asset Value (NAV) of units held of the collective fund. The NAV, as provided by the Trustee/Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The following table sets forth disclosures for the fair value measurement of investments in certain entities that calculate NAV (or its equivalent) as of December 31, 2023 and 2022:

	As of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023 Fair Value	2022 Fair Value			
CUNA Mutual Retirement Pension					
Collective Investment Trust (b)	\$ 11,956,985	\$ 10,565,409	\$ -	Daily	Daily

(b) The objective of the CUNA Mutual Retirement Pension Collective Investment Trust is to provide a moderate total return over a full market cycle with commensurate risk. The fund pursues its investment objective by investing primarily in a professionally managed portfolio of registered investment companies and collective investment trusts, which in turn, invest in equity securities and fixed income securities.

Note 7 – Tax Status

The IRS has determined and informed the Plan by a letter dated February 28, 2023, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was restated effective January 1, 2020. The Plan Administration believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Department of Labor (DOL) or IRS. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

The Plan permitted provisions of SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Note 8 – Party-in-Interest Transactions

Plan investments consist of a collective investment trust managed by CUNA Mutual Financial Group Inc. (CMFG). CMFG is the sponsor of the collective investment trust, and the record keeper of the Plan as defined by the Plan. During the year ended December 31, 2023, the Plan paid direct compensation of approximately \$61,000 and \$2,000 to the record keeper and investment advisor, respectively, for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 9 – Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.
