Independent Auditor's Report

To the Administrative Committee
The Teton Science School 403(B) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Teton Science School 403(B) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TETON SCIENCE SCHOOLS RETIREMENT PLAN

Notes to the Financial Statements

Years ended December 31, 2023 and 2022

(1) DESCRIPTION OF THE PLAN

The following description of the Teton Science School (the “Organization”) 403(B) DC Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of the Company. The Plan, sponsored by Teton Science School (the Company), was adopted on July 1, 1994 with an effective restatement date of October 1, 2016. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may elect to defer his/her compensation and have it contributed to the Plan. Participants may modify or revoke a salary reduction agreement at any time during the year. The Plan allows for catch-up deferrals to be made by participants who are over the age of 50. Contributions are subject to certain statutory limitations. The Plan allows for employees to make nondeductible contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

To become eligible to receive matching and non-elective employer contributions, an employee must have one year of service and at least 1,000 hours of service.

The Plan provides that match is a discretionary option for the Company. For the years ended December 31, 2023 and 2022 the Company elected to make matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
0-1 Year	0%
1 Year	3%
2 Years	3%
3 Years	3%
4 Years	6%

(1) DESCRIPTION OF THE PLAN (CONTINUED)

(c) *Participants' Accounts*

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Vesting*

A participant has a 100% vested interest at all times in his/her accounts attributable to elective deferrals plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
0-1 Year	0%
1 Year	0%
2 Years	50%
3 Years	100%

(e) *Investment Options*

Upon enrollment in the Plan, a participant may direct employee contributions to various investment options. The Organization's matching contributions are contributed in the same proportion.

(f) *Payment of Benefits*

On termination of service or reaching age 59 ½, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may request a partial distribution, annual installments over a period not to exceed the life expectancy of the participant, or may apply the balance to purchase an annuity contract. Balances of \$5,000 or less are automatically distributed upon termination of service. Participants may request a distribution of rollover contributions at any time.

(g) *Forfeitures*

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$11 and \$12,255 respectively. Additionally, in 2023 and 2022, employer contributions were reduced by \$17,805 and \$276, respectively, from forfeited non-vested accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements.

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) *Notes Receivable - Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2023 and 2022, the balance of loans was \$3,778 and \$4,195, respectively, and no allowance for credit losses has been recorded.

(c) *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

(e) *Payment of Benefits*

Benefits are recorded when paid.

Years ended December 31, 2023 and 2022

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Administrative Expenses

All administrative expenses of the plan are paid by the Organization and are therefore excluded from these financial statements.

(g) Subsequent Events

Subsequent events were evaluated through September 17, 2024, which is the date the financial statements were available to be issued.

(3) INCOME TAX STATUS

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Notes to the Financial Statements

Years ended December 31, 2023 and 2022

(4) FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at published daily net asset value (NAV) as a practical expedient. The investment is not redeemable at net asset value in the near term and is therefore classified as a Level 3 asset.

Notes to the Financial Statements

Years ended December 31, 2023 and 2022

(4) FAIR VALUE OF INVESTMENTS (CONTINUED)

Investment Contract with Insurance Companies

TIAA insurance contracts are valued at contract value which equals the accumulated cash contributions, interest credited to the plan's contracts, and transfers, if any, less any withdrawals and transfers, if any. These contracts are not available for sale on any securities exchange. Contract value may provide a good approximation of fair value and is classified as a level 3 asset.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Significant unobservable inputs (Level 3)
December 31, 2023			
Registered investment companies	\$ 7,153,894	\$ 7,153,894	\$ -

(4) FAIR VALUE OF INVESTMENTS (CONTINUED)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

A reconciliation from the opening balance to the closing balance of Level 3 fair value measurements is as follows:

	Insurance Contracts	Pooled Separate Accounts
Balance, January 1, 2022	\$ 322,277	\$ 34,652
Contributions	8,061	-
Realized gains	4,182	-

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

(6) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statement of assets available for benefits.

(7) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by TIAA Global Asset Management (TIAA). TIAA is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from the trustee of the Plan, TIAA Trust, as of and for the years ended December 31, 2023 and 2022, that all information provided by the trustee is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the trustees, investment income and investment information in the supplemental schedule is presented in reliance solely upon those certifications.
