Independent Auditor's Report

Plan Administrator and Participants
Aptos 401(k) Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aptos 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aptos 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Aptos 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Aptos, LLC (the Company), effective October 1, 2015, and restated effective January 15, 2022. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All active employees of the Company, excluding union, leased, temporary, and non-resident aliens, are eligible to participate upon hire. There is no service or age requirement for participation.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 90% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible Participants are permitted to make catch-up contributions.

The Company will withhold an initial 3% of compensation for all newly eligible employees unless the Participant affirmatively elects a different percentage or elects to not have any compensation withheld. Those Participants with a deferral rate greater than zero (who are not suspended from making deferral contributions) will have that deferral increased annually by 1% as a pre-tax deferral contribution. The Company may make discretionary non-elective contributions. During the period ended December 31, 2023, the Company matched 50% up to 5% of Participants' deferrals. In addition, the Company may make additional discretionary non-elective contributions. These contributions are allocated based on participant earnings (losses), as defined by the Plan. There were no discretionary non-elective contributions made during 2023.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions and all of the Company's contributions, plus actual earnings (losses) thereon.

Forfeitures

At December 31, 2023 and 2022, forfeited balances totaled \$1,725 and \$1,080, respectively. Forfeited balances of terminated Participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2023, no forfeited funds were used to reduce Company contributions or offset Plan expenses.

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$5,000 are distributed as a lump-sum payment. The Plan also allows for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A Participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through semi-monthly payroll deductions and are secured by the Participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan Participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income (loss) earned by Plan Participants.

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses (cont.)

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses and to allocate to Plan Participants. The revenue credit program account balance was \$422 and \$73,584 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, the Plan used \$78,900 of revenue credits to pay for Plan expenses and \$9,460 of revenue credits were allocated to Plan Participants.

Notes Receivable

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, are covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Aptos 401(k) Savings Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to Participants based on their proportionate share of the net assets of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 49,509,339	\$ -	\$ -	\$ 49,509,339
	<u>\$ 49,509,339</u>	<u>\$ -</u>	<u>\$ -</u>	<u>49,509,339</u>
Common collective trust measured at NAV*				<u>2,721,569</u>
Total investments at fair value				<u>\$ 52,230,908</u>
<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,255,834	\$ -	\$ -	\$ 39,255,834
	<u>\$ 39,255,834</u>	<u>\$ -</u>	<u>\$ -</u>	<u>39,255,834</u>
Common collective trusts measured at NAV*				<u>3,269,020</u>
Total investments at fair value				<u>\$ 42,524,854</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurements (cont.)

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value December 31, 2023	Fair Value December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 2,721,569	\$ 3,269,020	None	Immediate	N/A

5. Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Pre-Approved Plan) of FMR LLC, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Fidelity performs services, sells products and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivables from Participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances, and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

At December 31, 2023, approximately 23% of the Plan's investments were invested in the Fidelity 500 Index Fund.

10. Subsequent Events

The Company has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued, and has determined that no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Independent Auditor's Report

Plan Administrator and Participants
Aptos 401(k) Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aptos 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aptos 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Aptos 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Aptos, LLC (the Company), effective October 1, 2015, and restated effective January 15, 2022. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All active employees of the Company, excluding union, leased, temporary, and non-resident aliens, are eligible to participate upon hire. There is no service or age requirement for participation.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 90% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible Participants are permitted to make catch-up contributions.

The Company will withhold an initial 3% of compensation for all newly eligible employees unless the Participant affirmatively elects a different percentage or elects to not have any compensation withheld. Those Participants with a deferral rate greater than zero (who are not suspended from making deferral contributions) will have that deferral increased annually by 1% as a pre-tax deferral contribution. The Company may make discretionary non-elective contributions. During the period ended December 31, 2023, the Company matched 50% up to 5% of Participants' deferrals. In addition, the Company may make additional discretionary non-elective contributions. These contributions are allocated based on participant earnings (losses), as defined by the Plan. There were no discretionary non-elective contributions made during 2023.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions and all of the Company's contributions, plus actual earnings (losses) thereon.

Forfeitures

At December 31, 2023 and 2022, forfeited balances totaled \$1,725 and \$1,080, respectively. Forfeited balances of terminated Participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2023, no forfeited funds were used to reduce Company contributions or offset Plan expenses.

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$5,000 are distributed as a lump-sum payment. The Plan also allows for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A Participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through semi-monthly payroll deductions and are secured by the Participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan Participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income (loss) earned by Plan Participants.

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses (cont.)

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses and to allocate to Plan Participants. The revenue credit program account balance was \$422 and \$73,584 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, the Plan used \$78,900 of revenue credits to pay for Plan expenses and \$9,460 of revenue credits were allocated to Plan Participants.

Notes Receivable

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, are covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to Participants based on their proportionate share of the net assets of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 49,509,339	\$ -	\$ -	\$ 49,509,339
	<u>\$ 49,509,339</u>	<u>\$ -</u>	<u>\$ -</u>	<u>49,509,339</u>
Common collective trust measured at NAV*				<u>2,721,569</u>
Total investments at fair value				<u>\$ 52,230,908</u>
<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,255,834	\$ -	\$ -	\$ 39,255,834
	<u>\$ 39,255,834</u>	<u>\$ -</u>	<u>\$ -</u>	<u>39,255,834</u>
Common collective trusts measured at NAV*				<u>3,269,020</u>
Total investments at fair value				<u>\$ 42,524,854</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurements (cont.)

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value December 31, 2023	Fair Value December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 2,721,569	\$ 3,269,020	None	Immediate	N/A

5. Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (Pre-Approved Plan) of FMR LLC, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Fidelity performs services, sells products and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivables from Participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances, and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

At December 31, 2023, approximately 23% of the Plan's investments were invested in the Fidelity 500 Index Fund.

10. Subsequent Events

The Company has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued, and has determined that no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
