Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Auto Warehousing Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto Warehousing Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Auto Warehousing Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto Warehousing Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECEMBER 31, 2023 AND 2022

NOTE A.--ORGANIZATION AND DESCRIPTION OF PLAN (Continued)

Contributions

Overall: The Plan allows for pre-tax and Roth elective contributions. All participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. All participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

The Plan also allows for qualified discretionary employer contributions and qualified non-elective contributions (QNEC) for all participants upon approval by the Company's Board of Directors.

The Plan also allows for discretionary profit sharing contributions. The Company may designate contributions to certain classes of participants with each participant being a separate class. No discretionary contributions or additional profit-sharing contributions were made for the years ended December 31, 2023 or 2022.

Class A: Class A participants may elect to defer up to the maximum amount allowed by law, including bonuses, within statutory limits, as defined in the Plan document.

Effective January 1, 2014, the Plan was amended to implement a safe harbor matching contribution to eligible participants, defined as certain non-union staff associate Class A participants who have completed one year of service. The safe harbor match is calculated on 100% of the first 3% of eligible compensation plus 50% of the next 2% of eligible compensation that a Class A participant contributes to the Plan including catch-up deferrals. Also, for certain Class A union employees as defined in the Plan, the Company matches 100% of the first 2% of eligible compensation, plus 50% of the amount exceeding 2%, not to exceed 6%, of eligible compensation including catch-up deferrals that a Class A union employee contributes to the Plan determined on an annual basis.

On April 7, 2020, the Plan was amended to suspend employer's safe harbor matching contributions. The suspension was effective with respect to payroll periods commencing on or after May 10, 2020. Effective January 1, 2021, with the eleventh amendment the employer's safe harbor matching contribution was reinstated. See also Note I.

Class A participant, matching, and safe harbor matching contributions are paid to the Plan after each pay period with a true-up at end of year for the matching contributions.

NOTE A.--ORGANIZATION AND DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited or charged with the participant's contribution, Company contributions, allocations of investment earnings or losses, and certain administrative expenses. Participant loan and distribution expenses are deducted from the respective participants' accounts. Allocations are based on hours worked, participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Effective January 1, 2022, all classes of participants are immediately 100% vested in all accounts.

Prior to January 1, 2022, Class A participants vested ratably in their employer matching contribution accounts (that are not safe harbor contributions), and Class B participants vested ratably in their special employer contribution accounts based on years of credited service with 100% vesting after three years of service, a third (33%) each year, other than as noted above, and Class C and Class D participants were immediately vested in their rollover contributions, elective deferrals, catch-up, QNEC, and special employer contributions, plus actual earnings thereon.

Prior to January 1, 2022, all classes of participants vested ratably in any profit sharing contributions and earnings with 100% vesting after three years of service, earned a third (33%) each year.

Normal Retirement Age: For Class A (including Baltimore employees hired after June 2016), C and D, a participant's normal retirement age is the date on which he or she attains age 65. For Class A Baltimore employee hired before June 30, 2016, and Class B, a participant's normal retirement age is the date on which he or she attains age 55 or (if later), the date of the fifth anniversary of the date the participant entered the Plan.

NOTE A.--ORGANIZATION AND DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits may be distributed upon retirement, death, disability or other termination of employment. Effective January 1, 2022, the Plan permits in-service distributions at age 59½ from all accounts except the prior money purchase plan assets, which requires age 62 for in-service distributions. Distributions may be taken at any time from a participant's rollover account. Upon termination, for vested account balances that do not exceed \$5,000 but are greater than \$1,000, without other election, the Plan will rollover the vested portion of the account balance in a lump sum to an IRA as soon as administratively practicable after termination. For balances \$1,000 or less, the Plan will involuntarily distribute the vested account balance unless the participant elects a direct transfer or rollover. If the vested account balance exceeds \$5,000, the Plan will commence distribution at the time it is requested. Benefits equal to the value of the participant's vested account may be paid in a lump sum, installments or a Qualified Joint and Survivor Annuity, depending on certain factors as described in the Plan document and at the participant's election.

Under certain hardship circumstances prior to retirement, participants may request a lump-sum distribution of their vested deferral account balance for Classes B, C and D, and of their vested deferral account balance, QNEC, vested profit sharing and match accounts for Class A. The Plan also allows qualified reservist distributions and in-plan Roth conversions.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are paid through payroll deductions. Loan terms may not exceed five years, except for the purchase of a primary residence which may not exceed 15 years. Loans are only granted in the event of a hardship as defined in the loan policy. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% on the date the loan documents are prepared.

Investment Options: All participants direct their contributions and account balances among investment options with Charles Schwab Trust Bank. The plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeited Accounts: Prior to January 1, 2022, upon termination, a Class A or B participant's non-vested account balance was forfeited. Forfeitures would first be used to pay general administrative Plan expenses; any remaining forfeitures are used to reduce employer contributions. Effective January 1, 2022, all classes of participants are immediately 100% vested in all accounts.

DECEMBER 31, 2023 AND 2022

NOTE A.--ORGANIZATION AND DESCRIPTION OF PLAN (Continued)

The Plan used forfeitures of \$0 and \$384, during the Plan year ended December 31, 2023 and 2022, respectively, to pay a portion of Plan expenses. Unused Plan forfeitures are \$0 as of both December 31, 2023 and 2022.

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines valuation utilizing information provided by investment advisors and custodians. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Mutual fund expenses, including 12(b) (1) revenue sharing fees, are deducted from each fund's earnings to arrive at net appreciation or depreciation in fair value of investments as reported in the accompanying statements of changes in net assets available for benefits. Custodial and administrative expenses are paid with 12(b) (1) revenue sharing fees, and distribution expenses and fees for notes receivable from participants are deducted from accounts of the respective Plan participants. Certain other expenses are paid by the Company.

NOTE C.--CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (the custodian of the Plan).

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

AUTO WAREHOUSING COMPANY
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Putnam Stable Value Fund ("PSVF"): Valued at NAV of units held by the Plan at year end. PSVF is a common collective trust, invested directly or indirectly in fully benefit-responsive investment contracts. PSVF is valued at a NAV as provided by the custodian, which is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the PSVF, the issuer reserves temporary delay withdrawal from the PSVF in order to ensure that securities liquidations will be carried out in an orderly business matter. The PSVF, included in the fair value hierarchy table below, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under FASB ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments may be in shares of mutual funds held by the custodian, Charles Schwab Trust Bank. Accordingly, transactions with Charles Schwab Trust Bank or its affiliates qualify as party-in-interest transactions. Additionally, any 12(b) (1) revenue sharing fees collected by Charles Schwab Trust Bank from various mutual fund companies are kept to offset costs of administering the Trust. See also Note B.

Certain employees and owners of the Plan sponsor serve as trustees of the Plan. Also, certain administrative functions of the Plan are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan.

NOTE F.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan, including employer contributions, shall become fully vested and non-forfeitable.

NOTE G.--TAX STATUS

Effective January 1, 2022, the Company adopted a non-standardized pre-approved profit sharing or money purchase plan with cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust, along with cumulative amendments, were designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since receiving the letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
