INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
The Lyles Group 401(k) Employee Stock Ownership Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lyles Group 401(k) Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Lyles Group 401(k) Employee Stock Ownership Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of, and for the years ending December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lyles Group 401(k) Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lyles Group 401(k) Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE LYLES GROUP 401(k) EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following brief description of The Lyles Group 401(k) Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions and definitions.

General

The Plan is a defined contribution plan sponsored by Lyles Diversified, Inc. (LDI or the Company) and includes its wholly-owned subsidiaries, Lyles Construction Group, American Paving Co., Lyles Services Co., New England Sheet Metal and Mechanical Co., W. M. Lyles Co., and majority owned Lyles Utility Construction, LLC (collectively, the Employer). The Plan is administered by a committee appointed by LDI's Board of Directors (the Committee). The Plan is subject to the provisions of the Employee Retirement Income Act of 1974, as amended (ERISA). The Plan has two features, a 401(k) and an Employee Stock Ownership (ESOP). The purposes of the Plan are to enable Plan participants to share in the growth and prosperity of the Company and to provide participants with an opportunity to accumulate funds for their future security.

The Plan's custodian, Principal Life Insurance Company, performs the functions of preparing the accounting, reporting and disclosure information at the Committee's direction. Some administrative expenses for the plan may be paid directly by the Company. Administrative expenses paid by the Company were \$63,902 for the year ended December 31, 2023.

Eligibility

Prior to January 1, 2023, most active full-time employees of the Employer, not subject to collective bargaining agreements, were eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such plan year and were age twenty-one or older. Effective January 1, 2023, the Plan was amended to allow employees to be eligible to participate in and to enter the Plan the first day of the month following commencement of employment. Employees who meet the above eligibility requirements may make pre-tax and after-tax contributions and may receive Employer non-elective (Safe Harbor) contributions.

Prior to January 1, 2023, employees aged twenty-one or older and had two years of service, provided they worked at least 1,000 hours during each year, became eligible to receive the Employer discretionary contribution on the next semi-annual dates of January 1st or July 1st. Effective January 1, 2023, the Plan was amended to allow employees to be eligible for the Employer discretionary contribution after one year of service, provided they work at least 1,000 hours during the plan year, on the next semi-annual dates of January 1st or July 1st.

Former employees who were participants are eligible to participate on their re-hire date. Effective January 1, 2023, the Plan was amended to allow Long-Term Part-Time (LTPT) employees, defined as employees with 500 hours of service in each plan year for three consecutive years, to make elective deferrals to the plan.

Contributions

401(k) Contributions:

Each year participants may contribute up to 100% of their annual compensation as pre-tax or after-tax contributions, provided that in no event can the combined total contributions made by any participant in any year exceed the limits imposed by the Internal Revenue Code. The Plan allows participants attaining the age of 50 before the end of the calendar year to make catch-up contributions in accordance with Section 414(v) of the Internal Revenue Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their periodic contributions through Principal Life Insurance Company and may transfer up to \$50,000 annually from their 401(k) to the ESOP portion of the Plan. Effective May 1, 2023, the Plan was amended to allow participants to transfer up to \$100,000 annually from their 401(k) to the ESOP portion of the Plan.

THE LYLES GROUP 401(k) EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (Continued)

Contributions (Continued)

ESOP Contributions:

The Employer may make non-elective (Safe Harbor) and discretionary contributions to the Plan. Non-elective (Safe Harbor) contributions equal 3% and discretionary contributions range from 0-7% of a participant's compensation based on the Plan year. Participants direct the investment of the Employer contribution into either (or both) the ESOP account which is invested in the common stock of LDI or into the 401(k) investment fund options where they invest their own contributions into the investments through Principal Life Insurance Company. For the year ended December 31, 2023, the Company contributed \$2,796,752 to 331 eligible participants which includes the 3% non-elective contribution and an additional 6% discretionary contribution. For the year ended December 31, 2022, the Company contributed \$2,745,421 to 225 eligible participants which included the 3% non-elective contribution and an additional 7% discretionary contribution.

Participant Accounts

The Plan maintains two Individual accounts (401(k) and ESOP) for each Plan participant.

The 401(k) account is credited with (a) participant contributions, (b) qualified rollovers, (c) the redirected portion of the Employer contribution from the ESOP, and (d) Plan earnings and losses.

The ESOP account is credited with (a) the portion of the Employer contribution that the participant elected to invest, (b) the employee's 401(k) elected transfer amount, (c) cash distributions from LDI which are allocated based on the number of shares in the Participant's account, and (d) Plan earnings and losses. The ESOP account also provides for the number of LDI shares allocated to each participant.

Vesting

Participants are immediately vested in their contributions and the Employer contribution plus actual earnings thereon.

Participant Loans

Participant loans are not allowed by the Plan.

Payment of Benefits

Distributions from the Plan may be made upon a participant's retirement, death (in which case, payment shall be made to his or her beneficiary, or if none, his or her legal representatives), or termination of employment with the Employer. Distributions are made in cash, or if a participant elects, may be in the form of shares from the ESOP accounts. Participants may elect a lump sum distribution if their ESOP account balance is \$400,000 or less. ESOP account balances exceeding \$400,000 will be distributed in annual installments over a period between 5 and 10 years depending on the size of the account balance. The Plan allows participants who separate from service to leave their account balances in the Plan until age 62, at which time the normal distribution options would apply. Participants who are still employed with the Employer and are over the age of 59 1/2 may elect to receive all or any portion of their account balance.

Under the provisions of the Plan, the Employer is obligated to repurchase participant shares which have been distributed under the ESOP terms of the Plan as long as the shares are not publicly traded or subject to trading limitations.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

THE LYLES GROUP 401(k) EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - PLAN DESCRIPTION (Continued)

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the trustee to pay all liabilities and expenses of the trust fund.

Put Option

Federal income tax regulations require a put option which is a right to demand that the Company buy shares of its stock distributed to participants that are not readily tradable on an established market or are subject to trading limitations. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in LDI stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year and thereafter, the percentage changes to 100%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Investment Valuation

The common shares of LDI are valued on December 31, 2023 and 2022 as determined by an annual independent appraisal. The other Plan investments are valued at fair value at December 31, 2023 and 2022. Fair value is the price that would be received upon the sale of an asset or the amount paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for Fair Value Measurements and disclosures of the Plan's investments.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation in fair value of investments. Distributions from the Company are recognized when received.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid. Net assets available for benefits of \$8,370,587 at December 31, 2023, are allocated to accounts of persons who terminated from the Company. Of that amount, \$3,708,305 was approved for payment but had yet to be paid as of December 31, 2023.

Risks and Uncertainties

The Plan utilizes various investment instruments (See Note 4) which are exposed to various risks, such as interest rate risk, credit risk, liquidity risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Uninsured Cash Balances

The Plan maintains cash at one bank which is insured by the FDIC for up to \$250,000. Amounts in excess of insured limits were \$224,569 at December 31, 2023. There were no amounts in excess of insured limits at December 31, 2022.

Related-party and Party-in-interest Transactions

The Plan invests in Company common stock, which is a related-party transaction. The Plan has a number of service providers that are considered related parties and parties-in-interest under ERISA.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Instruments

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Financial Measurements

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the entity has ability to access at the measurement date.
- Level 2 - Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.
- Level 3 - Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities that reflect the reporting entity's own assumptions.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The Plan's financial instruments are categorized by fair value hierarchy as follows:

Level 1

The fair value of the common collective trust and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2

The fair value of pooled separate accounts is based on net asset values (NAV) of the underlying investments. The NAV is not a publicly-quoted price in an active market, but the inputs used to determine the NAV were all observable.

Level 3

The fair market value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser which is reviewed periodically. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser provides a preliminary report which is reviewed in detail, discussed and approved by Plan management and trustees.

The following table presents assets that are measured at fair value on a recurring basis:

		<u>Fair Value Measurements at the End of the Reporting Period</u>

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investment in the Principal Stable Value Fund (Common Collective Trust) is a benefit-responsive investment contract which seeks current income by investing in insurance contracts issued by insurance companies, and investments from other financial institutions which offer stability of principal. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2023 and 2022, the Common Collective Trust is reported at fair value.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY PRINCIPAL LIFE INSURANCE COMPANY OR PRINCIPAL TRUST COMPANY

The Committee has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Committee instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company or Principal Trust Company, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedules.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Principal Life Insurance Company or Principal Trust Company as of December 31, 2023 and 2022 and for the year ended December 31, 2023 and 2022, respectively.
