REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Hawkins, Inc. Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Hawkins, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and 2022, and the related notes to the financial statements ("2023 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets held (at the end of year as of December 31, 2023) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Hawkins, Inc. (the “Sponsor” or the “Company”) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Originally established effective September 30, 1983, the Plan is a qualified defined contribution and profit sharing plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was restated effective January 1, 2016 and the descriptions below reflect the respective changes from the amendments and restatement.

Eligibility

In general, employees are eligible to participate in the employee contribution component of the Plan beginning as soon as practicable after the employee’s date of hire with the Company. Eligible employees will become active participants in the employer matching contribution component on the first day following a computation period in which 1,000 hours of service are completed. A computation period is the one-year period beginning on the date the employee is first employed with the Company and each plan year beginning after such date.

Certain participants in the Plan are eligible for the employer discretionary profit sharing contribution on the first payroll period after they have completed one year of eligibility service. Employees hired on or before April 1, 2012 are considered “Pool A” employees. Employees hired after April 1, 2012 are considered “Pool B” employees. An individual or participant who is classified as a “Pool A” employee and, qualifies as a highly compensated employee in the Plan year, is ineligible to receive an employer discretionary profit sharing contribution.

Funding Policy

Participants may make elective pre-tax contributions through payroll deductions in whole percent or dollar increments up to 60% of eligible compensation, as defined in the Plan document, subject to limits established by law. This contribution is subject to adjustment at any time upon notice from the participant. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes an auto escalation clause whereby the participants’ deferral rate will increase by 1% at the beginning of each plan year, provided this will not increase the participants’ overall deferral rate to be greater than 10%. Participants may completely suspend contributions at any time.

Participants satisfying certain criteria are permitted to make catch-up contributions. Participants are allowed to make rollover contributions into the Plan and may transfer assets from other qualified plans of the Company into the Plan.

Prior to January 1, 2023, the Plan Sponsor matched participants’ contributions at 200% up to \$1,000 or 100% up to the first 5% of eligible compensation, whichever is higher. Effective January 1, 2023, the Plan Sponsor matches participants’ contributions 100% up to the first 5% of eligible compensation.

Each year, the Sponsor may make a discretionary profit sharing contribution to the Plan on behalf of each eligible participant who is employed on the last day of the Plan year. For “Pool A” employees hired on or before April 1, 2012, the profit sharing contribution is equal to 5% of a participant’s eligible compensation

as described in the Plan provisions subject to Internal Revenue Service ("IRS") limits for qualified plans. For "Pool B" employees hired after April 1, 2012, the profit sharing contribution is equal to 2.5% of a participant's eligible compensation as described in the Plan provisions subject to IRS limits for qualified plans. The contribution rates were the same for the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions (elective or automatic deferral, catch-up and rollover), employer contributions (matching and profit sharing), an allocation of plan earnings or losses resulting from participant-directed investments made by the Plan and an allocation of investment fees. Allocations of the contributions are based on participant's compensation, and allocations of account earnings or losses are based on account balances as defined by the Plan. The benefit to which a participant is entitled is only the benefit that can be provided from the participant's individual vested account.

Vesting

Participant elective and automatic deferral, employer matching, catch-up and rollover contributions plus earnings thereon are immediately vested. Plan benefits attributable to discretionary profit sharing contributions vest on a graduated scale to 100% after six years of service, with a provision for 100% vesting at the normal retirement date, death or permanent disability, as defined in the Plan. A year of vesting service is generally a year in which a participant works at least 1,000 hours.

Notes Receivable from Participants

The notes receivable from participants are from prior acquisition rollovers. The Plan does not allow for new notes receivable to be originated from the Plan. The notes receivable are secured by the vested balance in the participant's account and bear an interest rate established by the Plan Administrator. Principal and interest is paid ratably through payroll deductions for active participants. Notes must be repaid in one to five years. A longer term can be used for the purchase of a primary residence. Participants can have no more than one loan outstanding at any time.

Benefits Paid to Participants

Distribution of a participant's vested interest in the Plan is normally made upon attainment of retirement age. Early distributions are made upon death, disability, separation from service or reaching the age of 59½ years. A participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in monthly, quarterly, semiannual or annual installments. Upon separation of employment due to termination of employment, death, disability or retirement, participants may, at their election, withdraw their benefits as a lump-sum payment or maintain their vested balance in the Plan. However, if the value of a separated participant's vested balance is between \$1,000 and \$5,000, the Plan can cause the vested balance to be transferred to an individual qualified retirement account. If the value of a separated participant's vested balance does not exceed \$1,000, the Plan can cause the vested balance to be either transferred to an individual qualified retirement account or distributed to the separated participant directly.

Participants are permitted withdrawals from their Plan accounts for financial hardships. Hardship withdrawals must be approved by the Plan Administrator.

Forfeitures

Forfeitures resulting from termination of Plan participants with discretionary profit sharing contributions less than 100% vested are used to reduce the Sponsor's contributions in the year of forfeiture. At December 31, 2023 and 2022, forfeited balances not allocated to participants were \$24,682 and \$25,177, respectively.

Total forfeitures applied to reduce the Plan sponsor's contributions were \$25,724 and \$26,996 for the years ended December 31, 2023 and 2022, respectively.

Administrative Expenses

Administrative expenses consist primarily of custodial fees and audit fees and are paid by the Sponsor.

Plan Termination

Although it has not expressed any intent to terminate the Plan, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participant's employer profit sharing contributions account shall be fully vested and non-forfeitable, and all of the assets of the Plan will be used to provide benefits according to the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's mutual funds are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The collective trust fund is valued at net asset value ("NAV") based on the fair value of the fund's underlying investments at year end as a practical expedient. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Notes Receivables from Participants

Notes receivables from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities

will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluated its December 31, 2023 financial statements for subsequent events through October 4, 2024, the date the financial statements were available to be issued. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual Funds: Valued at the daily closing quoted as reported by the fund.

Collective Trust Fund: Valued at NAV based on the fair value of the fund's underlying investments at year end as a practical expedient.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Investments at Fair Value as of December 31, 2023

NOTE D - TRUSTEE CERTIFICATIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan (Matrix Trust Company) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2023.

NOTE E - INCOME TAX STATUS

The IRS has determined and informed the Plan by determination letter dated August 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Administrative expenses consist of trustee fees and audit fees and are paid by the Sponsor or from ERISA reserve funds. The Plan invests in funds managed by the trustee. Notes receivable from participants are also considered party-in-interest transactions. There were no prohibited party-in-interest transactions during the years ended December 31, 2023 and 2022.
