Board of Directors
Stanley Pearlman Enterprises 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stanley Pearlman Enterprises 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

STANLEY PEARLMAN ENTERPRISES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Stanley Pearlman Enterprises 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which was adopted effective as of January 1, 1996, is a defined contribution plan under section 401(k) of the Internal Revenue Code (IRC). Effective June 1, 2018, the Congressional Seafood Company, Inc. 401(k) Plan merged into the Plan. The Plan covers substantially all employees of Stanley Pearlman Enterprises, Inc. (the Company), who have completed six months of service and are age 21 or older. Contributions will only be calculated during the period which the participant is active. The Company is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 17, 2022, the Plan was restated to a non-standardized defined contribution preapproved plan document sponsored by Principal Life Insurance Company. With the adoption of the new plan document, the Plan was amended for certain regulatory changes. Plan provisions remained substantially unchanged.

Effective December 1, 2023, the Plan adopted a non-standardized defined contribution preapproved plan document sponsored by Automatic Data Processing (ADP), Inc. Plan provisions remained substantially unchanged with this adoption.

Contributions: During the period January 1, 2022 to November 30, 2023, participants could contribute up to 100% of pretax or after tax (Roth) annual compensation, as defined by the Plan, limited to the maximum amount allowed by law. Beginning December 1, 2023, participants may contribute up to 90% of pretax or after tax (Roth) annual compensation, as defined by the Plan, limited to the maximum amount allowed by law. Participants may be eligible to make catch-up contributions, as allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in the qualified default investment until changed by the participant.

Each year, the Company makes a safe harbor matching contribution equal to 100% of the employee's 401(k) elective deferral not to exceed 4% of the employee's total compensation for the year, as well as a discretionary contribution to be determined by the employer. Participants must be participating in the Plan to receive a safe harbor matching contribution. To be eligible for the discretionary contribution, participants must be employed on the last day of the plan year and have over 1,000 hours of service. The Company made a \$453,641, safe harbor matching contribution. No discretionary contribution was made for the year ended December 31, 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their allocations on a daily basis. All contributions are subject to certain Internal Revenue Service (IRS) limitations.

STANLEY PEARLMAN ENTERPRISES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Vesting: Participants are considered 100% vested in their contributions plus actual earnings and the Company's safe harbor matching contribution. All other contributions begin vesting after two years of service and are fully vested after six years of service.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. Hardship withdrawals are permitted as defined in the Plan document. In-service distributions are also available to those participants who have attained age 59½. Benefit payments are payable in lump-sum or installment payments.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of the investment earnings and losses. Allocations of the investment earnings and losses are based on account balances in the various investment options. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to reduce Plan administrative expenses; any remaining amounts will be used to reduce future employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$-0-. Forfeitures of \$8,384 were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared under the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

STANLEY PEARLMAN ENTERPRISES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are not permitted as defined in the Plan document. As a result of the merger of Congressional Seafood Company, Inc. 401(k) Plan, notes receivable from participants transferred into the Plan. Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Administrative expenses: Certain administrative expenses are paid by the Plan and accordingly, are reflected in the accompanying financial statements. The Company bears certain other administrative expenses that are not reimbursed by the Plan. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated all subsequent events through October 3, 2024, the date these financial statements were available to be issued. See Note 10 for more information.

Note 3. Information Certified by the Plan's Custodian and Certifying Entities

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds/registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The unit values of participation in the pooled separate accounts are estimated based upon the underlying assets owned by the fund minus the fund's liabilities, divided by the number of participation units outstanding, which is the NAV. The pooled separate account NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient. An independent audit, which is considered as part of the valuation process, is performed annually on each of the pooled separate accounts.

Note 4. Fair Value Measurements (Continued)

Common/collective trusts: Valued at the NAV of units of the collective investment trust. The NAV value, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The collective investment trusts held by the Plan invest in collective trust funds as well as a variety of pooled separate accounts and mutual funds. The fair value of the underlying collective trust funds and pooled separate accounts are not publicly quoted pricing inputs. The NAV is used as a practical expedient, which represents the price at which the Plan participants are able to initiate a transaction. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Tax Status

Effective January 1, 2018, the Plan had adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan had received an opinion letter dated March 31, 2014, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter had been relied upon by this Plan.

Effective February 17, 2022, the Plan adopted a non-standardized form of a preapproved plan sponsored by Principal Life Insurance Company. The preapproved plan received an opinion letter dated June 30, 2022, from the IRS as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Effective December 1, 2023, the Plan adopted a non-standardized form pre-approved plan sponsored by ADP, Inc. The pre-approved plan had received an opinion letter dated October 6, 2020, from the IRS as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Related Party and Party-in-Interest Transactions

Principal Life Insurance Company was the contract administrator for the Plan and, therefore, a party-in-interest. The service agreement was discontinued effective December 1, 2023. During 2023, the Plan paid administrative fees of \$57,454 to Principal Life Insurance Company. In addition, the Plan invested in funds managed by Principal Life Insurance Company.

ADP, Inc. is the contract administrator for the Plan and, therefore, a party-in-interest effective December 1, 2023. During 2023, the Plan paid administrative fees of \$1,305 to ADP, Inc.

Note 8. Risk and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Plan Transfer

Effective December 1, 2023, the Plan switched contract administrators from Principal Life Insurance Company to ADP, Inc. As a result, net assets of \$10,833,051, which were valued as of December 31, 2023, were transferred between contract administrators.

Note 10. Nonexempt Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit \$10,765 of participant deferrals within the required timeframe as stated by the United States DOL regulations. The Plan Sponsor reimbursed the Plan for lost interest in the amount of \$14. The Plan Sponsor filed Form 5330 and paid the applicable excise tax in 2023. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.

During 2023, the Plan Sponsor inadvertently failed to deposit \$11,698 of participant deferrals within the required timeframe as stated by the United States DOL regulations. The Plan Sponsor reimbursed the Plan for lost interest in the amount of \$162. The Plan Sponsor filed Form 5330 and paid the applicable excise tax in 2024. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.
