INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
PROCEED, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PROCEED, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PROCEED, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PROCEED, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PROCEED, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PROCEED, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PROCEED, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held At End of Year as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

Notes to Financial Statements

1. Description of Plan

The following description of the PROCEED, Inc., 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401 in subsection (A) of the Internal Revenue Code ("IRC") and covers all full-time employees of PROCEED, Inc. (the "Employer"). All employees are eligible to participate in the Plan after one year of eligible service, i.e. 1,000 hours of service during the first 12 months of employment, and are age twenty-one or older, as defined in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee (Custodian) and Administration of the Plan

The trustee (custodian) and record-keeper of the Plan is Reliance Trust Company (the "Trustee"), which is a subsidiary of Fidelity National Information Services, Inc. The administrator of the Plan is the Company. The trustee (custodian) holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee or management group determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Any employee of the Company becomes an eligible participant in the Plan following their date of hire subject to the completion of one year of service and the attainment of twenty-one years of age. Employees subject to a collective bargaining agreement are not eligible to participate in the Plan. Participant's entry dates for the Plan are the first day of each month.

Contributions

Contributions are comprised of participant deferral contributions, employer match contributions, and employer discretionary profit-sharing contributions as follows:

- a) A participant may elect to contribute up to 85% of pretax annual compensation, as defined in the Plan, as an elective deferral to the Plan not to exceed certain limitations.
- b) Any participant who is eligible to make participant deferral contributions and who has attained age 50 before year-end, may elect to make catch-up contributions in accordance with and subject to certain limitations.
- c) Employees are not permitted to make any after-tax contributions.
- d) A discretionary profit-sharing contribution may be contributed at the option of the employer. In order to receive a discretionary employer contribution, the participant must be actively employed as of the last day of the Plan year. The employer did not make a discretionary profit sharing or a discretionary matching contribution for the years ended December 31, 2023 and 2022.
- e) Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

1. Description of Plan - continued

Contributions - continued

- f) Effective January 1, 2006, the employer contributes safe harbor contributions to the Plan equal to 100% of the participant's salary deferral contribution up to 6 percent of base compensation that a participant contributes to the Plan. If any employer matching contributions were contributed to the Plan before the Plan provided for Safe Harbor Matching Contributions, such contributions are subject to the vesting rules below:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions, employer matching contributions, and an allocation of earnings and expenses thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon enrollment in the Plan, participants may direct the investment of their account balances into various options offered by the Plan. Participants may change their investment options on any normal business day.

Vesting

Each participant is immediately 100% vested in their elective deferral contributions, and the safe harbor matching contributions, plus actual earnings thereon. Vesting in the discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

Notes Receivable – Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer between the investment funds and the loan fund. Loans must be fully repaid through payroll deductions and the terms range from one to five years unless the loan is used for the purchase of a primary residence which may be repaid within a period of no more than 30 years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2 percent, as published in The Wall Street Journal on the 14th of each month. There were outstanding loans of \$195,801 and \$270,773 at December 31, 2023 and 2022, respectively. Interest rates ranged from 5.25% to 10.5% for the year ended December 31, 2023.

Payment of Benefits

A participant's vested account balance is distributed in a lump-sum or installment payments, based on his/her election under the Plan document, upon retirement, death, disability, or termination of employment. All vested account balances totaling \$5,000 or less on the Valuation Date coincident with or immediately following a participant's termination of employment, may be automatically distributed out of the Plan. Under the plan, if a participant is determined to be a cashout-eligible participant as described in the preceding sentence, the participant's entire vested account balance (excluding any outstanding loan) is greater than \$1,000, and the participant has not elected to (a) receive their vested benefit in the form of a single lump sum payment, or (b) have the payment paid as a "direct rollover" to an IRA or to another employer's tax qualified plan, it will automatically be rolled over to an IRA established by an IRA provider selected by the Employer. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59 1/2 years of age. Participants may also receive hardship distributions, as described in the Plan, from their deferral contribution account.

Plan Administration Costs

Expenses of the Plan that are not paid by the Company may be paid out of the assets of the Plan. The fees for participant requested services are charged to the accounts of participants requesting the transaction. Investment fees are allocated to participants' accounts based on a specified basis point per investment through the investments' earnings. The total amount of investment fees paid in 2023 was \$27,086.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$0, respectively. Forfeited balances are made available first to reinstate previously forfeited account balances of former participants who have been reemployed by the Employer, second to reduce the Employer's matching contributions or to pay administrative expenses. During the year ended December 31, 2023, \$0 of forfeited funds was used to reduce employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the applicable disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

PROCEED, Inc. 401(k) Plan
Notes to Financial Statements

2. Summary of Accounting Policies - continued

Investment Valuation and Income Recognition

Investments in the Plan are reported at fair value in accordance with ASC 820, Fair Value Measurements. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds.

Notes Receivable – Participant Loans

Participant loans are reclassified as notes receivable- participant loans, and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all participant loans in default on the last day of the calendar quarter following the calendar quarter in which the participant first misses a payment. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2023, \$29,793 were recorded as deemed distributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has since been amended; however, the Employer and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

PROCEED, Inc. 401(k) Plan
Notes to Financial Statements

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. Investment Information Certified by the Plan's Trustee and Custodian (Unaudited)

Reliance Trust Company is the trustee of the Plan and certified as to the completeness and accuracy of all investments and related activity included in the financial statements and supplemental schedule as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022.

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

The fair value of investments at December 31, 2023 and 2022 as reported by the trustee is:

	2023	2022
Mutual funds	<u>\$5,978,878</u>	<u>\$5,594,258</u>

Investment income (loss) for the year ended December 31, 2023 as reported by the trustee is:

	2023
Interest on notes receivable –participant loans*	\$13,654
Net appreciation (depreciation) in fair value of mutual funds	400,289
Interest	19
Dividends	<u>233,678</u>
Total investment income (loss)	<u>\$647,640</u>

*This does not reflect accrued interest from prior year.

The Plan's independent accountants did not perform auditing procedures on the above information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

The following is a reconciliation of the audited financial statements to Schedule H of Form 5500:

6. Reconciliation of Financial Statements to Schedule H of Form 5500 - continued

The following is a reconciliation of contributions from the employer and participants per the financial statements for the year ended December 31, 2023 and 2022 to Schedule H of Form 5500:

	2023	2022
Contributions received from the employer and participants per the financial statements	\$592,396	\$592,353
Add: Amounts allocated to participants and employer's contributions receivable at December 31, 2022	23,240	23,295
Less: Amounts allocated to participants and employer's contributions receivable at December 31, 2023	(20,561)	(23,240)
Total contributions received per Form 5500	<u>\$595,075</u>	<u>\$592,408</u>

Amounts allocated to participants and employer contributions receivable are recorded on the financial statements for contributions that have been withheld prior to December 31, 2023 and 2022 but not yet received by the Plan as of that date.

7. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PROCEED, Inc. 401(k) Plan
Notes to Financial Statements

7. Fair Value Measurements - continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the Fund's underlying assets, which are principally marketable securities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2023 and 2022.

The following tables sets forth by level within the fair value hierarchy the Plan's assets at fair value:

		Fair Value Measurement Using

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Reliance, which is a subsidiary of Fidelity National Information Services, Inc. Participant loan and distribution processing fees are paid to Reliance or the third-party administrator/recordkeeper by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2023 and 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through September 25, 2024, the date the financial statements were available to be issued, and has determined that no items require disclosure and/or adjustment.
