- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated June 6, 2024, for the preparation and fair presentation of the financial statements and disclosures in accordance with U.S. GAAP.
- The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedules referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- We acknowledge our responsibility for administering the plan and determining the plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the plan provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements, notes, and supplemental schedule that are free from material misstatement, whether due to fraud or error.
- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- The methods, data, and significant assumptions used by us in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes. The methods and significant assumptions used to estimate fair values of financial instruments are as follows:
 - *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
 - *Common collective trust*: Consists of an investment in the Invesco Stable Value Retirement Fund, which is a collective trust that consists primarily of synthetic guaranteed investment contracts, which are a combination of a portfolio of individual assets and a wrap contract typically issued by a financial institution or insurance company that provides that participant transactions are executed at contract value. Investment in common collective trust funds are reported at net asset value (NAV), which is used as a practical expedient to estimate fair value in the statements of net assets available for benefits. Certain events limit the ability of the fund to transact at contract value with the issuer. These events include plan closing, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, and tax disqualification of a trust. In addition, there are certain events that would permit a wrapper contract issuer to terminate a contract upon short notice. Such events include the loss of qualified status, material breaches of responsibilities that are not cured, or material and adverse changes to the provisions of the plan. The plan administrator does not believe that the occurrence of any such event is probable. The plan is required to give 24-month irrevocable written notice of its intention to redeem all or a portion of its participant in the fund.
- We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- All related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- Transactions with parties in interest, as defined in Section 3(14) of ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.
- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- We have no knowledge of any uncorrected misstatements in the financial statements.
- We have no intentions to terminate the plan.
- Guarantees, whether written or oral, under which the plan is contingently liable to a bank or another lending institution have been properly recorded or disclosed in the financial statements. We have properly reported and disclosed amendments to the plan instrument, if any.
