Independent Auditor's Report

Participants and Plan Trustees
Crown Packaging Corporation Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Crown Packaging Corporation Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

The supplemental schedule, schedule H, line 4(i)—schedule of assets (held at end of year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Crown Packaging Corporation Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Crown Packaging Corporation (the Company, Employer and plan sponsor) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company who have completed one year of employment and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Administration: The Plan is administered by the Company. Transamerica Retirement Solutions serves as the Plan trustee and record keeper.

Participant and rollover contributions: Under the terms of the Plan, employees, following attainment of age 18 and completion of one year of service, may elect to make contributions to the Plan beginning with the first payroll period after attaining eligibility. Each year a participant may authorize payroll deductions up to 92% of compensation as a before-tax contribution, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer contributions: The plan sponsor provides a discretionary contribution to employees who are eligible to participate in the Plan and who have completed one year of service. There was a \$50,000 discretionary contribution in 2023 and 2022, respectively. In years when discretionary contributions are made, the allocation to the participant accounts is formula based on the eligible individual's compensation.

Participant accounts: Each participant's account is credited with the participant's contributions, plan earnings and allocation of the Employer's contribution, if elected. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Employees participating in the Plan can make changes among investment funds in accordance with rules established by the plan administrator.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 10% after the first year of service and are 100% vested after six years of service.

Payment of benefits: On termination of service for any reason, a participant will receive the value of the participant's vested interest in his or her account.

In-service distributions: Before a participant attains age 59½, the participant may elect to withdraw any or all of the participant's before-tax contributions only in the event of financial hardship (as defined in the Plan). The plan administrator must approve all hardship withdrawals. After attaining age 59½, a participant may withdraw any or all of the participant's before-tax contribution account.

Crown Packaging Corporation Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Nondiscrimination tests: There is a limit placed on the percent of compensation deferred by those participants found in the highest paid one-third of all eligible employees. The plan administrator compares the deferral percentages against several tests as prescribed by law. If the tests are not met, the plan administrator reduces the contribution percentage of the group comprising the highest paid one-third of all participants until the tests are met. If, at the end of the year, the tests are still not met, the plan administrator reclassifies the amount of salary deferral made by the participants in this top one-third group. The plan administrator then moves the necessary amount of pre-taxed money out of the salary deferral accounts, subjects this amount to taxes and refunds any excess to the participants. There were no significant excess contributions due back to participants at December 31, 2023 and 2022.

Forfeited accounts: There was no forfeited, non-vested account balance at December 31, 2023 and 2022. The amount used to reduce future Employer contributions or pay plan expenses was \$785 during the year ended December 31, 2023.

Administrative expenses: The plan sponsor has elected to pay certain costs associated with plan administration from its operating assets.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 1, 2024, the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income, if applicable.

Contributions: Participant contributions are recognized when earned. Employer discretionary contributions are recognized on an annual basis.

Payment of benefits: Benefit payments are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 3. Information Certified by the Plan's Trustee

The information related to investments that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2023 and 2022 and for the year ended December 31, 2023, was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to these plan assets is complete and accurate to the best of its knowledge and belief.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the Plan's investments.

The trustee also certified to the completeness and accuracy of \$339,147 of net appreciation in fair value of investments for the year ended December 31, 2023.

Note 4. Plan Termination

The plan sponsor expects to continue the Plan indefinitely, but continuance is not assumed as a contractual obligation and the plan sponsor reserves the right at any time by action of its plan administrators to terminate the Plan. The allocation and distribution of contributions would be in accordance with the approved plan agreement.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 1, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2020.

Note 6. Related-Party Transactions

Certain plan investments are pooled separate accounts or common collective trust funds managed by Transamerica Financial Life Insurance Company. Transamerica Financial Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for trustee services provided by Transamerica Financial Life Insurance Company qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Crown Packaging Corporation Profit Sharing Plan

Notes to Financial Statements

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year-end, as reported to the Plan by the trustee. The NAV is used as a practical expedient to estimate fair value. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below discusses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Pooled separate accounts	\$ 2,589,635	\$ 2,102,962	None	None	Immediate	None

Crown Packaging Corporation Profit Sharing Plan

Notes to Financial Statements

Note 9. Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract (insurance company/general account or Transamerica Stable Fund Core) with Transamerica Life Insurance Company (Transamerica), listed in the statements of net assets available for benefits as insurance company general account. Transamerica maintains the contributions in a general account. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The contract values are determined daily based on the fair values of the underlying investments, including separate accounts under group annuity contracts and all mutual funds under NAV custodian agreements. Contract values represent contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The group annuity contracts held by the Plan meet the five conditions to be considered fully benefit-responsive. A plan merger or termination would limit the Plan from transacting at contract value.
