Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Probity Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, including Roth 401(k) deferrals and catch-up contributions, safe harbor contributions, employer profit-sharing contributions, and rollover contributions, plus actual earnings (losses) thereon. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

Investment Options

Participants may direct Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the “Trustees”), as to the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various annuities and guaranteed portfolio funds as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan, and the Company.

Notes Receivable from Participants

Participants may borrow not less than \$1,000 from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid within five years unless it is for the purchase of a primary residence. The notes are secured by the balance in the participant’s account and bear interest at a rate, as determined by the Plan administrator. At December 31, 2023, the interest rates on notes receivable were between 5.25% and 10.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations while actively employed. A participant may elect to receive a lump sum payment or installment payments, rollover the value of their account into another qualified plan, or a combination. If the vested account balance payable to an individual does not exceed \$5,000 upon termination, there will be an automatic cash-out, or required rollover. Hardship withdrawals are subject to IRC restrictions and penalties.

Plan Administrative Cost

The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or by the account of the participant. Plan paid \$11,951 of administrative costs for the year ended December 31, 2023.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments (other than fully benefit-responsive investments) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investments are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net change in fair value includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year. See Note 8 for discussion of fair value measurements.

Risks and Uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Deferred Payment of Benefits

Net assets available for plan benefits include \$2,291,153 and \$1,628,942 at December 31, 2023 and 2022, respectively, which represent deferred vested benefits for participants who have withdrawn from the Plan but have not been paid. Benefit deductions are recognized when paid. Benefits paid to participants are recorded when paid.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent Events

Events that occurred subsequent to December 31, 2023 have been evaluated by the Company's management for potential recognition or disclosure in the financial statements through the date of the independent auditor's report, which is the date the financial statements were available to be issued. The Company did not have any material recognizable subsequent events during this period. Management has determined no events occurred that would require recognition.

NOTE 3 – TAX STATUS

The Plan is qualified pursuant to Section 401(a) of the Internal Revenue Code and, accordingly, the net investment income is exempt from income taxes. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving its latest determination letter. However, the plan administrator and the plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants will become fully vested in their accounts.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan, have certified the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

- Investments, at fair value, and investment at contract value as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared, and certified to as complete, and accurate, by the custodian:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 41,002,563	\$ 31,930,273
Investments, at contract value	1,237,795	1,173,878
	<u>\$ 42,240,358</u>	<u>\$ 33,104,151</u>
Investment income (loss)	<u>\$ 5,872,575</u>	<u>\$ (6,719,251)</u>

NOTE 6 – EXCESS PARTICIPANTS' CONTRIBUTIONS

At December 31, 2023 and 2022, the Plan had no accrued payables for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service. If applicable, excess contributions outstanding at year-end will be repaid to the respective participants in the subsequent period.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan has certain Plan investments shares or units of investments managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and the Newport Group as the form 5500 preparer, therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists. Fees paid totaled \$11,951 for the year ended December 31, 2023.

Notes receivable from participants qualify as party-in-interest transactions.

NOTE 8 – FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standard Codification (“ASC”) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2023.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds

These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and these investments are classified within Level 1 of the valuation hierarchy.

Common / Collective Trusts (“CCT”)

CCTs are public investment vehicles valued using NAV as a practical expedient to estimating fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Pursuant to Accounting Standards Codification 820, Fair Value Measurement, the CCTs have not been classified under the fair value hierarchy.

Pooled Separate Accounts (“PSA”)

PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate, and mutual funds. These assets are not available in an exchange or an active market; however, NAV is determined based on the fair value of the underlying assets as traded in an exchange or active market. These investments have no redemption restrictions or unfunded commitments as of December 31, 2023 and 2022. Pursuant to ASC 820, the PSAs have not been classified under the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fixed Income Guaranteed Option

Principal fixed income guaranteed option (“PFIGO”) is a single group annuity contract with a fixed rate of interest. The PFIGO is a fully benefit-responsive annuity contract issued by Principal Life Insurance Company. The guaranteed minimum interest rate is 1.00%. Under the terms of the existing contract, the composite crediting rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

PROBITY INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. The interest rate history for the contract is as follows:

<u>Time Period</u>	<u>Rate</u>
December 1, 2021 - May 31, 2022	1.55%
June 1, 2022 - November 30, 2022	1.60%
December 1, 2022 - May 31, 2023	1.75%
June 1, 2023 - November 30, 2023	1.75%
December 1, 2023 - May 31, 2024	1.55%

The investment is valued at contract value, which is the amount participants would receive if they were to withdraw or transfer funds prior to maturity. This does not include a 5% surrender charge which would be imposed if the Plan decided to terminate this investment contract. Certain events limit the ability of the Plan to transact at contract value with the issuer such as the termination of a Plan's interest or termination of the Plan; however, the Plan Sponsor does not believe any of these events are probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Uncategorized</u>	<u>Total</u>

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There were no unfunded commitments to the Plan. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value		Redemption Frequency	Redemption Notice Period

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 31, 2023 and 2022 there are no reconciling items of net assets available for plan benefits per the financial statements to Schedule H of Form 5500.

There are no reconciling items of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2023.
