All other schedules required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 are omitted because of the absence of the conditions under which they would apply.

Independent Auditor's Report

To the Participants and Plan Administrator of
The Beck Group Retirement Savings Plan

Opinion

We have audited the financial statements of The Beck Group Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

The Participants and Plan Administrator of
The Beck Group Retirement Savings Plan

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Beck Group Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The Beck Group Retirement Savings Plan (the Plan) is a defined contribution plan available to substantially all qualified full-time salaried employees of HCBeck, Ltd. (collectively, The Beck Group or Employer). The Plan is administered by a committee (the Employee Benefits Committee) appointed by the Management Committee of HCBeck, Ltd. T. Rowe Price Retirement Trust Services (Trustee) serves as the Plan's trustee and T. Rowe Price Retirement Plan Services, Inc. (Recordkeeper) serves as the Plan's recordkeeper.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Contributions

The Plan provides for participation in a tax-deferred, tax free or "Roth", an after-tax savings program by all full-time salaried employees with 30 consecutive days of employment. Participants in the Plan may contribute up to 100% of their earnings on a tax-deferred basis or 100% of after-tax earnings or a combination of both, subject to certain IRS limitations. The Plan has an automatic enrollment feature at 6% of compensation in the tax- deferred program, requiring employees to opt out should they desire not to participate.

Contributions for participants in the Plan under the automatic enrollment feature are invested in a T. Rowe Price Target Retirement Fund based on the anticipated retirement date of the participant. Effective January 1, 2020, the Plan matched 100% of each participant's contributions, limited in the aggregate to 3% of pretax earnings, excluding bonuses, pre-participation compensation and expense allowances. Effective July 1, 2022, the discretionary match contribution may be allocated in different uniform percentages for different employee groups of the eligible contributions made by eligible employees within the group. During 2023, the Plan matched 100% of each participant's contributions, limited in the aggregate to 6% of pretax earnings, excluding bonuses, pre-participation compensation and expense allowances.

The Beck Group may make additional discretionary matching contributions or Qualified Non-Elective Contributions to eligible participants through its Retirement Income Program. There were no Qualified Non-Elective Contributions and no additional discretionary matching contributions made during the years ended December 31, 2023 and 2022. The amount of the Qualified Non-Elective Contribution varies based upon the age of the participant, a percentage of the "test compensation" (compensation used in applying federal nondiscrimination tests) or a percentage of the compensation for the Plan Year of the participant. Contributions are allocated to the Plan's investment options based upon the participant's election. Participants may change their elections at any time. For Non-Highly Compensated Employee, The Beck Group may make a special "failsafe" Qualified Matching Contributions to participant accounts in order to failsafe federal nondiscrimination rules. Contributions are deposited in a trust account from which benefits are paid.

Participant Accounts

Participant accounts are credited with the participant's contributions and an allocation of:

- (a) The Employer's contributions and
- (b) Plan earnings and administrative expenses

The Beck Group Retirement Savings Plan

Notes to Financial Statements

Income earned on Plan assets is allocated to participants' accounts based upon their cumulative share of contributions, previous income and forfeitures credited to the Plan's assets less any withdrawals, distributions, loans or transfers. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon retirement, termination, hardship, death or disability, a participant's total vested balance is paid to the participant or designated beneficiary in a lump sum.

Vesting

Under the provisions of the Plan, participants are vested immediately in their contributions. The Beck Group's contributions and forfeiture allocations, including attributable earnings, vest as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	40%
2	60%
3	80%
4	100%

Under the provisions of the Retirement Income Program, The Beck Group's contributions and forfeiture allocations, including attributable earnings, vest as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Forfeited Accounts

Forfeitures not used to restore amounts previously forfeited by re-employed participants or to reduce plan expenses are allocated to participants' accounts on the basis of annual Employer contributions as defined in the Plan document. For the years ended December 31, 2023 and 2022, forfeitures used to offset employer contributions were \$539,131 and \$283,938, respectively. As of December 31, 2023 and 2022, forfeitures available for future use were \$2,701 and \$46,231, respectively.

Notes Receivable from Participants

Participants may obtain loans for an amount not to exceed the lesser of 50% of the participant's vested interest in the Plan balance or \$50,000. The loans are maintained and serviced by the Trustee as investments of the Plan. All loans bear interest equal to the prevailing prime rate of interest in the Dallas, Texas area at the time the loan is granted plus 1% (prime was 8.5% and 7.5% at December 31, 2023 and 2022, respectively). Principal and interest are paid ratably through periodic payroll deductions.

The Beck Group Retirement Savings Plan

Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and any related earnings into a number of distinct active investment options. Employer Safe Harbor matching contributions and discretionary contributions subject to the vesting schedule described above are invested in accordance with the investment choices selected by each respective participant.

Unallocated Assets

Net, unallocated assets consist primarily of a contribution receivable from the employer for the Retirement Income Program, which has not been allocated to the participants' accounts less accrued expenses of the plan. There were no unallocated net assets at December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ significantly from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and unrealized appreciation (depreciation) on those investments.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

The Beck Group Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15 of the related subsequent year.

Benefit Payments

Benefits are recorded when paid to the participants.

Administrative Expenses

All Trustee fees and administrative expenses are paid from the Plan's funds. The Beck Group provides certain administrative support to the Plan at no cost to the Plan, such as salaries for personnel administering the Plan.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted market prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Beck Group Retirement Savings Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value fund: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value underlying investments using information reported by the investment advisor at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

	2023	2022
Level 1:		
Mutual funds	\$ 42,015,183	\$ 43,165,196
Money market	27,357	-

Note 4. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 5. Related Party Transactions

Certain Plan investments are shares of mutual funds, stable value and common/collective trust accounts managed by T. Rowe Price. T. Rowe Price is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

The Beck Group Retirement Savings Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, The Beck Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts and the Plan assets will be distributed in accordance with the provisions of the Plan.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

Note 9. Subsequent Events

Sale of Beck Technology

The Employer has evaluated subsequent events with respect to the Plan through October 1, 2024, which is the date the financial statements were available for issuance.

During 2023, Beck Technology was sold and the related participants separated from the Plan in February 2024.
