INDEPENDENT AUDITORS' REPORT

To the Administrative Retirement Committee of
Sonesta Puerto Rico Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sonesta Puerto Rico Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sonesta Puerto Rico Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sonesta Puerto Rico Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sonesta Puerto Rico Retirement Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sonesta Puerto Rico Retirement Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sonesta Puerto Rico Retirement Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sonesta Puerto Rico Retirement Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1 - Description of plan

The following brief description of Sonesta Puerto Rico Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, covering substantially all employees of Sonesta Puerto Rico Retirement Plan who are bona fide residents of Puerto Rico, or perform labor or services within Puerto Rico. The Plan was established on August 29, 2021. The Plan Sponsor has established the Sonesta Plan Administration Committee (the “Committee”) to control and manage the operations and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal Trust Company”) and Banco Popular de Puerto Rico serve as the custodian and trustee, respectively. The recordkeeper is Principal Life Insurance Company. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan qualifies under section 1081.01 of the Puerto Rico Internal Revenue Code (the “Code”).

Eligibility

Each employee is eligible to participate on the first entry date (first day of each Plan calendar quarter) after the completion of three months of continuous service.

Contributions

Each year participants may elect to contribute up to 80% of their eligible pay subject to certain limits as defined in the Plan. Contributions are limited by the Puerto Rico Internal Revenue Code (PRIRC), which established a maximum contribution of \$15,000 for the year ended December 31, 2023. Participants may only contribute in a tax deferred basis (before-tax). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Eligible employees who have not made an affirmative election to defer or not defer will have elective deferrals withheld in the amount of 3% of their compensation, which the employee can alter or revoke at any time, to be invested in the appropriate target date retirement fund.

The Employer makes a matching contribution for the participant in an amount equal to 100% of the participant’s first 3%, plus 50% of each participant’s elective deferral contribution that are over 3% percent of compensation but are not over 5% percent of compensation. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors. Participants who are employed on the last day of the Plan year share in any discretionary profit sharing contributions.

Catch-up contributions

Plan participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan up to \$1,500 in excess of the annual \$15,000 of the eligible compensation limitation. These catch-up contributions will be eligible for matching contributions by the Plan Sponsor.

Sonesta Puerto Rico Retirement Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1 - Description of plan (continued)

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of investment earnings, and is charged with withdrawals, an allocation of investment losses and its share of any expenses of the Plan. Transaction fees charged for participant loans and distributions are allocated directly to that participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all of their contributions, employer match contributions and actual earnings thereon and are not subject to forfeitures for any reasons.

Benefit payments

Participant accounts are distributable upon termination of service retirement, death, disability or separation of service, a participant (or participant's beneficiary in the event of death) may elect to receive the participant's vested account balance in a lump-sum distribution or elect an installment form of payment (monthly, quarterly, semi-annual or annual) over a fixed period of whole years. In addition, participant accounts can be rolled over into an individual retirement account ("IRA") or another qualified plan.

Hardship Withdrawals

Participants may withdraw all or part of their vested account balances, including voluntary contributions, upon demonstration of a financial hardship subject to the requirements of the Plan. Hardship withdrawals are permitted based on the safe harbor rules.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affected the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Sonesta Puerto Rico Retirement Plan

Notes to Financial Statements December 31, 2023 and 2022

Notes Receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon terms of the Plan Document.

Contributions

Participants' contributions are recorded in the Plan year in which the Employer makes the payroll deductions

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Investment management fees and other fees related to investments of the Plan are paid from the earnings of the Plan's investments. Audit fees, legal fees, and other fees related to the administration of the Plan may be paid directly from the Plan. Other administrative expenses and some professional fees are paid by the Employer and are not reflected within these financial statements.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Investments in pooled separate accounts are valued on a per unit market value basis as determined by Empower Retirement, which reflects the fair value of the investments comprising the separate pooled funds. See Note 5 for a discussion of fair value measurements.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Note 3 - Information certified by custodian

For 2023 and 2022, the financial information included in the Plan's financial statements, except for contributions receivable, contributions, and distributions for withdrawals and terminations, has been derived from information certified as complete and accurate by the custodian, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements December 31, 2023 and 2022

Note 4 - Fair value measurements

UASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- *Level 1* — Quoted prices in active markets for identical assets or liabilities.
- *Level 2* — Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* — Unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2023 and 2022:

Fair Value Measurements as of December 31, 2023

	<u>Level I</u>
Mutual Funds	\$ 904,440
Money Market Fund	<u>49,633</u>
Total investments at fair value	<u>\$ 954,073</u>

	<u>Level I</u>

Money Market Fund	<u>39,509</u>
Total investments at fair value	<u>\$ 423,532</u>

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Fund: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair value measurements (continued)

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 – Transactions with Parties-in-Interest

The Plan's recordkeeper, custodian, trustee and their subsidiaries, as well as the Company and Plan participants, are each a "party-in-interest" to the Plan as defined by ERISA. Fees charged to the Plan for investment management services are reflected as a reduction of the return on each fund or included in administrative fees. Certain Plan investments are mutual funds managed by Principal Funds Inc. Each of these transactions qualifies as an exempt party-in-interest transaction under ERISA.

Note 6 - Tax status

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the Puerto Rico Internal Revenue Code (PRIRC) of 2011, as amended. The latest determination letter received from the Puerto Rico Treasury Department was dated December 20, 2022, stating that the Plan, as adopted effective August 29, 2021, is qualified under section 1081.01(a) of the Puerto Rico Internal Revenue Code (PRIRC) and that the trust established under the Plan is tax-exempt. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator evaluated the tax positions taken by the Plan and concluded that as of December 31, 2023 and 2022, the Plan had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
