Independent Auditor's Report

The Plan Administrator
Service Logic 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Service Logic 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Service Logic 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Service Logic 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, established by MSHC Inc. dba Service Logic (Service Logic) on October 1, 2014, is a defined contribution plan. As of December 31, 2023, the Plan is available for qualifying employees of the following:

- Air Texas Mechanical, LLC (AIRT)
- AirTight FaciliTech, LLC (ATFT)
- Alliance Comfort Systems, LLC (Alliance)
- Alpha Mechanical Services, LLC (Alpha)
- American Energy Management, LLC (AEM)
- Blackall Mechanical, LLC (Blackall)
- Boiler Repair & Service, LLC (Boiler)
- Commercial Express HVAC, LLC (CE)
- Commercial Mechanical Systems, LLC (CMS)
- Delta Building Technologies, LLC (Delta)
- ENCON Commercial Services, LLC (ENCON CS)
- Gentry Heating, LLC (Gentry)
- Heritage Service Solutions, LLC DBA Hawks & Company (Hawks)
- HSA Mechanical Services, LLC (HSA)
- Kerney and Associates, LLC (Kerney)
- Maxair Mechanical, LLC (Maxair)
- Midwest Mechanical Group, LLC (Midwest)
- Midwest Parts, LLC (Midwest Parts)
- Modern Heating & Air Conditioning, LLC (Modern)
- NAC Mechanical Services, LLC (NAC)
- National H.V.A.C. Services, Ltd (National)
- Piedmont Service Group, LLC (Piedmont)
- PSR Mechanical, LLC (PSR)
- Service Logic Strategic Services, LLC (Strategic Services)
- Shawsheen Air Services, LLC (Shawsheen)
- Thornton Service, LLC (Thornton)
- Tolin Mechanical Systems Company, LLC (Tolin)

Collectively, the participating employers are known as the "Company" or "Adopting Employers."

Service Logic 401(k) Plan

Notes to Financial Statements

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee). The recordkeeper of the Plan is Fidelity Employer Services Corporation. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. All assets of the Plan are in investment plan accounts of Fidelity. The Service Logic 401(k) Investment Committee (Investment Committee) determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Mergers

Effective March 1, 2023, the HSA Mechanical Services, Inc. 401(k) Plan was merged into the Plan through a direct trust-to-trust transfer. Approximately \$1.0 million was merged into the Plan.

Effective October 15, 2023, the Murphy & Miller, Inc. 401(k) Profit Sharing Plan was merged into the Plan through a direct trust-to-trust transfer. Approximately \$4.5 million, including notes receivable from participant loans, was merged into the Plan.

Eligibility

Employees of the Company become eligible participants in the Plan after three months of service. The date of Plan entry for newly eligible participants is the first day of each quarter of the calendar year.

Employees of certain participating employers, as defined in the Plan Document, shall receive credit for purposes of eligibility and vesting for service with the participating employer.

Collectively bargained employees, except union employees of NAC and union employees of Maxair, and independent contractors are not eligible for the Plan.

Contributions

Participants may contribute on a pre-tax basis or after-tax Roth basis up to 90% of their eligible compensation, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Participants may terminate or change their salary deferral agreements (pre-tax and after-tax Roth) according to procedures and limitations as determined by the Plan Document.

The Plan includes an automatic-enrollment provision whereby eligible employees will be automatically enrolled in the Plan. Employees are automatically enrolled at a pre-tax deferral rate of 5% on their date of plan entry, as defined in the Plan Document. Participants may affirmatively elect a different percentage or elect not to contribute to the Plan.

Service Logic 401(k) Plan

Notes to Financial Statements

The Plan includes an Annual Increase Program (AIP) whereby plan participants will have their pre-tax deferral rate (unless all of the participant's deferral is a Roth deferral, and then the increase will be a Roth deferral) increased by 1% annually on July 1st of each year. Participants will be increased until deferrals reach a cap of 10%. Participants may affirmatively elect not to participate in the AIP.

The Adopting Employers, except as noted below, make an employer-matching contribution in an amount equal to 50% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 4% of the participant's eligible compensation.

CE and Piedmont make an employer-matching contribution in an amount equal to 50% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 5% of the participant's compensation.

Midwest, Delta, and National make an employer-matching contribution in an amount equal to 50% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 6% of the participant's eligible compensation.

HSA makes an employer-matching contribution in an amount equal to 50% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 8% of the participant's eligible compensation.

Shawsheen makes an employer-matching contribution in an amount equal to 100% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 3% of the participant's eligible compensation.

Gentry makes an employer-matching contribution in an amount equal to 100% of the participant's pre-tax, after-tax Roth, and catch-up contributions, subject to a maximum of 4% of the participant's eligible compensation.

NAC and Maxair do not make an employer-matching contribution.

The Adopting Employers may make a discretionary employer profit-sharing contribution, at their election, to eligible participants with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. The discretionary employer profit-sharing contribution is allocated to participants based upon the ratio the participant's compensation bears to the compensation of all eligible employees within the group, as defined in the Plan Document. For the year ended December 31, 2023, AEM, Service Logic, Piedmont, Midwest, PSR, Delta, Hawks, Maxair, Modern, Strategic Services, National, and Tolin elected to make a discretionary employer profit-sharing contribution totaling \$1,427,162 and which was subsequently funded in 2024.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are accepted as permitted by the Plan Document.

Participant's Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's employer-matching and discretionary employer profit-sharing contributions; and (3) an allocation of the Plan earnings or losses. Each participant's account is charged with withdrawals and expenses. Participants are charged an administrative fee

Service Logic 401(k) Plan

Notes to Financial Statements

for participant requested transactions. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each fund.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various registered investment companies, a money market account, and a collective investment trust for participants; in addition, the Plan offers participants the option to invest in a self-directed brokerage account. Participants may make investment election changes at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants pre-tax, after-tax Roth, catch-up, and rollover contributions are 100% vested at all times. The Adopting Employers' employer-matching and employer discretionary profit-sharing contributions vest 20% per year beginning after two years of vesting service and an additional 20% per year thereafter until fully vested after six years of service.

Participants are fully vested upon attaining normal retirement (59½), early retirement (55), becoming disabled (as defined in the Plan Document), or death. The Plan provides for certain additional vesting and service provisions for previously contributed employer contributions, as further described in the Plan Document.

Vesting service is calculated using the elapsed time method, based on the time a participant has worked for a participating employer. Only whole years of service are counted to compute a year of service for vesting purposes. Participants employed prior to the date of Plan inception (October 1, 2014) shall receive vesting credit for their years of service with their respective employer.

Forfeitures

Forfeitures may first be used to reduce administrative expenses paid by the Plan. Any remaining balance may be used to reduce future employer contributions payable under the Plan. The forfeitures account had a balance of \$63,290 and \$55,644 at December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, the Plan used \$85,704 of forfeitures to reduce administrative expenses payable under the Plan. For the year ended December 31, 2023, the Plan used \$116,077 to offset employer contributions.

Benefit Payment

A participant's vested interest in the Plan is payable upon termination of service due to death, disability, normal retirement (age 59½), early retirement (age 55), or termination of employment. Upon termination of service, a participant may elect to (1) receive a lump-sum amount equal to the vested value of the participant's account; (2) rollover the amount to another qualified retirement plan or an IRA; or (3) leave the account in the Plan up to age 72, at which time one of the above distribution options must be selected, if no longer employed.

For terminated participants whose account balance is less than \$1,000, a lump-sum cash distribution will be made, if the participant does not elect another form of distribution. For terminated participants whose account balance is greater than \$1,000 but less than \$5,000, the account balance

Service Logic 401(k) Plan

Notes to Financial Statements

will be rolled over into an IRA in the name of the participant if the participant does not elect another form of distribution.

Actively employed participants can begin drawing their vested balance without penalty at age 59½. In-service hardship and other in-service distributions are allowed if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Participants may have two notes outstanding at any given time. Notes shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the note. All notes must be repaid over a five-year period unless it is for the purchase of a principal residence in which case the note repayment period may not extend beyond ten years from the date of the note. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes are considered delinquent 90 days after due. Participant notes held by the Plan bear an interest rate between 3.25% and 10.0% at December 31, 2023.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Adopting Employers may choose to no longer offer the Plan to their employees and may cease participating in the Plan. To the extent not already vested, participants would be fully vested upon termination of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4 for a discussion of fair value measurements.

Service Logic 401(k) Plan

Notes to Financial Statements

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and related employer contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation or to which year the compensation was paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Expenses of the Plan

All reasonable costs and expenses (including legal, accounting, and employee communication fees) incurred by the plan administrator and the Trustee in administering the Plan and trust may be paid from the plan forfeitures. Flat fees are charged to participants for the initiation and processing of a participant loan, quarterly loan maintenance services, certain participant distributions, and for external legal expense of review and qualification of a Domestic Relations Order. Certain other fees and expenses may be charged within the investments (as an expense ratio) and are reflected in the net appreciation (depreciation) in fair value of investments. All other expenses of the Plan incurred during the year ended December 31, 2023 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividend income, and interest earned on participant notes receivable as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Service Logic 401(k) Plan

Notes to Financial Statements

- Investment balances and information included in the notes to financial statements.
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the request of the plan administrator, the Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - At this level, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - At this level, inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - At this level, inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Service Logic 401(k) Plan

Notes to Financial Statements

Registered Investment Companies (Mutual Funds) - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account - This asset category represents a separate brokerage account that offers a wide range of investment opportunities. As of December 31, 2023 and 2022, the brokerage account held investments in common stocks and mutual funds listed on major U.S. exchanges and cash equivalents. The fair value of common stocks and other exchange traded investments that are publicly traded is based on the closing price per the principal stock exchange on which they are traded.

Money Market Accounts - This asset seeks to maintain a stable NAV at \$1.00 per share. As of December 31, 2023 and 2022, the asset traded at \$1.00.

Collective Investment Trust - This asset is valued at the NAV of units of the collective investment trust (the CIT). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily at NAV with no notice requirements. Were the Plan to initiate full redemption of the CIT, the trustee reserves the right to temporarily delay withdrawal in order to ensure liquidation is carried out in an orderly business manner. This investment is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023

	Level 1	Level 2	Level 3	Total

* In accordance with Subtopic 820-10, certain investments that were measured at NAV value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CIT	\$ 1,436,160	None	Daily	12 months

5. Related Party and Parties-in-Interest Transactions

Certain Plan investments are shares of registered investment companies, a money market account and collective investment trust managed by Fidelity. The Plan has a service agreement with Fidelity that renews annually unless cancelled by either party with prior written notice. Certain administrative fees related to the plan year were paid to Fidelity from plan assets. Fidelity may also receive certain indirect compensation related to the Plan's investments. The Plan also issues loans to participants which are secured by the vested balance of the participant's accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Concentrations, Risks, and Uncertainties

The Plan provides for various investment options in registered investment companies, a collective investment trust and a self-directed brokerage account. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value,

Service Logic 401(k) Plan

Notes to Financial Statements

liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023 and 2022, there were three investments held which individually accounted for more than 10% of net assets available for benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2023.

7. Income Tax Status

The company has adopted a Pre-Approved Profit Sharing Plan sponsored by Fidelity. The IRS has determined and informed Fidelity, by advisory letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA qualifies under Code Section 401. The Plan has since been amended; however, the plan Administrator and Company believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date, and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Delinquent Participant Contributions

During 2023 and 2022, certain contributions were not remitted to the Plan in a timely manner. The Adopting Employers are in the process of finalizing the calculation and remittance of lost earnings on the untimely deposits. See the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023.

9. Reconciliations of Financial Statements to Form 5500

As noted in the Subsequent Events note below, effective January 1, 2024, certain Adopting Employers became eligible for the Plan, which included Air Force One, LLC (AFO) and Accel Air Systems, Inc (AAS). Prior to January 1, 2024, employees of AFO participated in the Air Force One, LLC 401(k) Profit Sharing Plan, which was merged into the Plan on January 1, 2024. Prior to January 1, 2024, employees of AAS participated in the Accel Air Systems, Inc. 401(k) Profit Sharing Plan, which was merged into the Plan on January 1, 2024.

Service Logic 401(k) Plan

Notes to Financial Statements

For the purposes and reporting of the Form 5500 Schedule H, the AFO and AAS transfers (see Note 10) are shown as of December 31, 2023. See reconciliation below:

<i>December 31,</i>	<i>2023</i>
Net Assets , per financial statements	\$ 130,880,177
Cash, in transit due to AFO and AAS transfer	27,023,368
Net Assets , per Form 5500	\$ 157,903,545
Transfers , per financial statements	\$ 5,586,728
AFO and AAS transfer	27,023,368
Total Transfers , per Form 5500	\$ 32,610,096

9. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2024, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than those events noted below:

Effective January 1, 2024, distributions will be made to terminated participants with balances of \$7,000 or less if the participant does not elect another form of distribution.

Effective January 1, 2024 the Plan was amended for the following changes:

- Employees of all Adopting Employers, at the time of the company's acquisition, shall receive credit for purposes of eligibility and vesting for service with the Adopting Employer.
- Union employees of HVH Mechanical Partners, LLC (HVH) are eligible to participate in the Plan.
- The following participating employers adopted the Plan: Accel Air Systems, Inc; Air Force One, LLC; Breen and Sullivan, Inc.; Capitol Boiler Works, LLC; Demand Mechanical LLC; Diversified Thermal Services, LLC; HVH Mechanical Partners LLC; and Ultrapleat, LLC DBA Troy Filters.
- The following participating employers were removed from participation in the Plan: Blackall Mechanical, LLC; Commercial Mechanical Systems, LLC; and Heritage Service Solutions, LLC DBA Hawks & Company.
- The participating employers noted above also had various matching provisions based on each employer as further described in the amendment.

Effective January 1, 2024, the Accel Air Systems, Inc. 401(k) Profit Sharing Plan, Air Force One, LLC, 401(k) Profit Sharing Plan, Capitol Boiler Works, Inc. 401(k) Profit Sharing Plan, Demand Mechanical LLC 401(k) Plan, and Diversified Thermal Services, Inc. 401(k) Plan were merged into the Plan through direct trust-to-trust transfers. Approximately \$3 million, \$24 million, \$7 million, \$2 million, and \$5 million, respectively, including notes receivable from participant loans were merged into the Plan.

Service Logic 401(k) Plan

Notes to Financial Statements

Effective April 1, 2024 the Plan was amended to allow for additional in-service withdrawal provisions and to allow for the various vesting schedules for mergers of plans effective April 1, 2024.

Effective April 1, 2024, the Advnc Air Technologies 401(k) Profit Sharing Plan & Trust, a portion of the ADP TotalSource Retirement Savings Plan representing the employees of HVH Mechanical Partners LLC, Breen & Sullivan Mechanical Services, Inc. 401(k) Plan, and LDR Technologies LLC 401(k) Profit Sharing Plan were merged into the Plan through direct trust-to-trust transfers. Approximately \$580 thousand, \$37 thousand, \$6.5 million, and \$2 million, respectively, including notes receivable from participant loans were merged into the Plan.

On August 12, 2024 the Plan was amended to add Caswell Mechanical LLC and Caswell Schena Electric LLC as participating employers in the Plan and to update their employer matching provision to 25% of participant's pre-tax, after-tax Roth, and catch-up contributions.
