Independent Auditor's Report

RSM US LLP

Plan Committee
Exponential Power 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Exponential Power 401(k) Plan, formally known as SBS-Nolan 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the previously issued 2021 Financial Statements

In our Independent Auditor's Report dated November 1, 2022, we disclaimed an opinion on the 2021 financial statements and did not express an opinion on the supplemental schedule required by ERISA because the Plan did not maintain sufficient accounting records and supporting documents prior to January 1, 2020. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions. However, we have subsequently obtained the required documentation and records and were able to perform the required procedures over Plan balances and activity prior to January 1, 2020. Accordingly, our present opinion on the 2021 financial statements and other matter paragraph on the supplemental schedule required by ERISA, as presented herein, are different from that expressed in our previous report.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our reissued report dated September 26, 2024, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Exponential Power 401k Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Exponential Power 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Effective January 1, 2021, the name of the Plan was changed from SBS-Nolan 401k Plan to Exponential Power 401k Plan. The Plan is a defined contribution plan covering all employees of SBS-Nolan Power Group (the Company/Plan Sponsor). Employees who have reached age 18 and have completed 30 days of service are eligible for the Plan and Company matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute a percentage of their annual compensation, as defined by the Plan, not to exceed the maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective February 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation.

The Plan has elected a safe harbor employer contribution, under which the Company contributes 100% of the first 3% of base compensation and 50% of the next 2% of base compensation that a participant contributes to the Plan. The safe harbor contributions were \$473,753 and \$189,701 for the years ended December 31, 2021 and 2020, respectively. The Company may also make additional discretionary profit sharing contributions to the Plan as determined by the Board of Directors annually, provided certain restrictions are met. There were no profit sharing contributions for the years ended December 31, 2021 and 2020.

Participant accounts: Each participant's account is credited with the participant's contributions, Company safe harbor contributions and allocations of (a) the Company's profit sharing contributions, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which participants are entitled is the benefit that can be provided from the participants' vested accounts.

Vesting: Participants are immediately vested in their voluntary contributions, including rollover contributions, Company safe harbor contributions, and profit sharing contributions plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In addition, hardship distributions out of the participant's account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan document.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and would be included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through [DATE], the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

Exponential Power 401k Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common collective trust funds: Valued at net asset value (NAV) of shares held by the Plan in the collective trust account at year-end as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020. Classifications within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

2021				
Assets Measured at Fair Value				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 20,260,382	\$ -	\$ -	\$ 20,260,382
Investments measured at NAV (a)				587,031
Investments at fair value				<u>\$ 20,847,413</u>
2020				
Assets Measured at Fair Value				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 17,992,316	\$ -	\$ -	\$ 17,992,316
Investments measured at NAV (a)				619,665
Investments at fair value				<u>\$ 18,611,981</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following tables summarize investments measured at fair value based on NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	2021			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust funds	<u>\$ 587,031</u>	<u>\$ -</u>	Immediate	12 Months
	2020			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust funds	<u>\$ 619,665</u>	<u>\$ -</u>	Immediate	12 Months

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan Sponsor evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 4. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock Trust Company, LLC (trustee) that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

Note 4. Information Certified or Provided by the Trustee (Continued)

The following assets and income were certified by the trustee:

	2021	2020
Investments, at fair value:		
Shares of registered investment companies	\$ 20,260,382	\$ 17,992,316
Collective investment trust funds	587,031	619,665
Notes receivable from participants	222,883	133,613
	2021	2020
Investment income:		
Net depreciation in fair value of investments	\$ (584,481)	\$ -
Interest and dividends	2,790,077	-
	<u>\$ 2,205,596</u>	<u>\$ -</u>
Interest income on notes receivable from participants	<u>\$ 8,772</u>	<u>\$ -</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Plan Sponsor may determine.

Note 6. Income Tax Status

The Plan adopted a nonstandardized prototype benefit plan of John Hancock Retirement Plan Services, LLC, that was qualified, and the trust established under the Plan is tax-exempt under Internal Revenue Code (IRC) 401(a) pursuant to an opinion letter dated May 18, 2015. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Investments are managed by John Hancock Life Insurance Company. These transactions, therefore, qualify as party-in-interest. In addition, certain administrative functions are performed by the Plan Sponsor or employees of the Plan Sponsor for which no compensation is received from the Plan.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 21,070,296	\$ 19,379,955
Participant loans	222,883	133,613
Notes receivable from participants	(222,883)	(133,613)
Net assets available for benefits per Form 5500	<u>\$ 21,070,296</u>	<u>\$ 19,379,955</u>

Enclosed please find the reissued financial statements of the SBS-Nolan 401k Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, together with the updated report of the auditors dated September 26, 2024.

In their report dated November 1, 2022, because the Plan had not maintained sufficient accounting records and supporting documents prior to January 1, 2020, our auditors were unable to apply auditing procedures sufficient to determine the extent to which the financial statements and supplemental schedule had been affected by these conditions. However, we have subsequently obtained the required documentation and records and our auditors were able to perform the required procedures over Plan balances and activity prior to January 1, 2020. Accordingly, the present opinion is different from the opinion expressed in their previous report.

The previously issued auditor's report for the SBS-Nolan 401k Plan, dated November 1, 2022, should no longer be relied upon.
