Report of Independent Auditor

To,
The Participants and the Plan Administrator,
StarTek 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(c) audit

We have performed audits of the accompanying financial statements of StarTek 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and December 31, 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023, and December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters- Supplemental schedule required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2023, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2023, (referred to as the “supplemental information”), are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following description of the StarTek 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective on April 1, 2004. The Plan has been amended and restated throughout the years to comply with tax legislation and most recently amended effective June 25, 2019, and restated effective March 01, 2021. The Plan excludes residents of Puerto Rico, employees covered by a collective bargaining agreement, and leased employees. Effective March 01, 2021, the Plan no longer excludes residents of Puerto Rico. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plan Committee ("Committee") is responsible for the oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of StarTek USA, Inc. (the Company/ Plan Sponsor) are immediately eligible to participate in elective deferrals on the first day of the month following their date of hire. Participants will be eligible to participate in Company matching contributions on the first day of the month following the completion of 12 months of service, as defined by the Plan.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Contributions are subject to certain Internal Revenue Service (IRS) limitations. Each year participants may contribute up to 100% of compensation as pre-tax 401(k) contributions, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a safe harbor matching contribution, on a pay period basis, equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed by participants.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or, account balances, or participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Financial Statements

December 31, 2023, and December 31, 2022

Vesting and forfeitures

Participants are immediately vested in their elective contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Forfeitures can occur from excess contributions or other corrective actions taken by the Plan from time to time. These accounts are available to reduce future Employer contributions or Plan expenses. At December 31, 2023, and December 31, 2022, forfeited nonvested accounts were \$NIL and \$1,664, respectively. There were \$2,524 and \$473 of forfeitures used to reduce plan expenses for the year ended December 31, 2023, and 2022, respectively. There were \$NIL and \$706 of forfeitures used to reduce Company contributions for the year ended December 31, 2023, and December 31, 2022, respectively.

Payment of benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½, and hardship distributions are subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Notes receivable from participants

Participants may borrow from their vested account balance, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by any other outstanding note of the participant's account), or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 01%. Principal and interest are paid rateably through payroll deductions.

Effective June 25, 2019, terminated employees may continue making loan repayments by direct payment to the trust.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See note 5 for the discussion of fair value measurements.

StarTek 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023, and December 31, 2022. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments, notes receivable from participants, and investment management/advisory fees are charged directly to the participant's account and are included in administrative expenses.

NOTE 3: INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY ("TRUSTEE") (UNAUDITED)

All investment information regarding the Plan, including investments, interest and dividend income, and net appreciation (depreciation) in fair value of investments, as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, included in the Plan's financial statements, and the supplementary schedule was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

During the years ended December 31, 2023, and December 31, 2022, the Plan's investments (including gains and losses of investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	Year ended	
	December 31, 2023	December 31, 2022
Net appreciation (depreciation) in fair value of investments	1,475,293	(2,407,510)
Interest and dividends	220,300	225,816

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

StarTek 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the valuation methodologies used at December 31, 2023, and December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023, and December 31, 2022:

Description	<u>December 31, 2023</u>			
	Amount (\$)	Quoted in active markets for identical assets. (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Mutual funds	11,070,858	11,070,858	-	-
Common/collective trusts	411,861	-	411,861	-
Total investments at fair value	11,482,719	11,070,858	411,861	-

Description	<u>December 31, 2022</u>			
	Amount (\$)	Quoted in active markets for identical assets. (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Mutual funds	9,698,170	9,698,170	-	-
Common/collective trusts	397,130	-	397,130	-
Total investments at fair value	10,095,300	9,698,170	397,130	-

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term.

StarTek 401(k) Plan**Financial Statements**

December 31, 2023, and December 31, 2022

and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

NOTE 8: TAX STATUS OF THE PLAN

For the years ended December 31, 2023, and December 31, 2022, the Plan Sponsor entered into a non-standardized adoption agreement of Fidelity Management & Research LLC ("FMR LLC"), a Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement ("CODA"). FMR LLC has received an opinion letter from the IRS dated June 30, 2020, that states that the form of the non-standardized pre-approved profit-sharing plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee, as defined by the Plan, and, therefore, the investment transactions qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and, therefore, qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per form 5500 as of December 31, 2023, and December 31, 2022:

NOTE 11: DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2023, the Company identified \$42 in unallocated payroll withholdings due to a participant's account closure. The account closure further caused a delay in timely deposit of the withholdings as per DOL regulations for timely remittances. The Company is in the process of calculating and remitting the lost earnings for the same to the affected participant account to compensate respective participant using DOL guidelines for late deposits.

NOTE 12: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2023, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statement.
