Communications with Those Charged with Governance

To the Plan Committee
NMB (USA) Inc. Retirement Savings Plus Plan

We have performed an audit of the financial statements of NMB (USA) Inc. Retirement Savings Plus Plan (the Plan) as of and for the year ended December 31, 2023, as permitted by Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C). We have issued our report on the financial statements and ERISA-required supplemental schedule dated September 30, 2024. Management, having determined it is permissible in the circumstances, elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated February 9, 2024, we are responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with your oversight, are prepared, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP). Our audit of the financial statements does not relieve you or management of your responsibilities.

Our audit performed as permitted by ERISA Section 103(a)(3)(C) did not extend to the certified investment information prepared and certified to by a qualified institution, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As part of an audit conducted in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Considerations Related to Form 5500 Filing

Professional standards require that we obtain and read a draft of the Form 5500 that is substantially complete prior to the dating of our auditor's report. The purpose of this procedure is to identify material inconsistencies, if any, with the audited financial statements. These procedures are not sufficient nor are they intended to determine that the Form 5500 is completely or accurately prepared.

We have read the draft Form 5500, and nothing came to our attention that caused us to believe that such information is materially inconsistent with the financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in the engagement letter dated February 9, 2024, and in our discussion prior to commencement of fieldwork.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and there were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transactions occurred.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements that we consider sensitive to potential users.

Significant Unusual Transactions

We encountered no significant unusual transactions during our audit of the Plan's financial statements.

Significant Difficulties Encountered in Performing the Audit

Professional standards require us to inform you of any significant difficulties encountered in performing the audit. No significant difficulties were encountered during our audit of the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Circumstances that Affect the Form and Content of the Auditor's Report

There may be circumstances in which we would consider it necessary to include additional information in the auditor's report in accordance with GAAS. There were no circumstances that affected the form and content of the auditor's report.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not note any corrected or uncorrected misstatements in the course of the engagement.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 30, 2024.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We are required to communicate to you other findings or issues arising from the audit that are, in our professional judgment, significant and relevant to your oversight of the financial reporting process. There are no items to report.

Communication of Internal Control Related Matters

Our responsibility under auditing standards with respect to internal control is described above. Had the scope of our audit not been limited as described on page 1, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our engagement, the following matters came to our attention that we believe are control deficiencies; however, they do not rise to the level of a significant deficiency or material weakness:

- **Service provider Service Organization Control (SOC 1) review** – No evidence of management review over the SOC 1 reports from service providers was made during 2023. We suggest the Plan Sponsor design and implement an annual review procedure within the Plan year as they become available over the SOC 1 reports from any payroll, recordkeeping, and custodian/trustee service providers, and include disclosure of the review in the Plan's committee meeting minutes.
- **Employee overcontribution** – Excess contributions were remitted to the custodian due payroll erroneously considering participants eligible to participate in both the Non-Union and Union Plans simultaneously, at the default percentage of 3% for each Plan. We recommend that the Plan Sponsor perform a detailed and periodic review of payroll processing and employee deferrals to prevent overcontributions. We also recommend that any errors or discrepancies are investigated and corrected on a timely basis.

This communication is intended solely for the information and use of management, Plan administrators, and others within the organization and to identify any governmental authorities to which the auditor is required to report, and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditors

The Plan Administrator of
NMB (USA) Inc. Retirement Savings Plus Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NMB (USA) Inc. Retirement Savings Plus Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NMB (USA) Inc. Retirement Savings Plus Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NMB (USA) Inc. Retirement Savings Plus Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NMB (USA) Inc. Retirement Savings Plus Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NMB (USA) Inc. Retirement Savings Plus Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NMB (USA) Inc. Retirement Savings Plus Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the NMB (USA) Inc. Retirement Savings Plus Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a defined-contribution plan sponsored and funded by NMB (USA) Inc. (the Plan Sponsor) and certain affiliated companies (collectively, the Company). The Plan became effective on January 1, 1990, as a continuation of the New Hampshire Ball Bearings, Inc. (NHBB) Savings Plan in conjunction with a merger of the IMC Magnetics Corp. 401(k) Plan into the NHBB Savings Plan, which was then renamed the NMB (USA) Inc. Retirement Savings Plan. Effective April 1, 2012, the Plan was renamed the NMB (USA) Inc. Retirement Savings Plus Plan in conjunction with the establishment of a separate account known as the Plus Account. The Plan was most recently amended and restated effective as of January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The assets of the Plan are administered and maintained by Empower Trust Company LLC (the Trustee).

Eligibility – Employees who are not covered by the terms of a collective bargaining agreement, unless their inclusion is expressly provided for by the Plan Document, become eligible to participate in the Plan on the first of the month following the completion of 3 months and a minimum of 250 hours of service following the date of hire.

The Plan does not have an age eligibility requirement for all Company contribution types. However, the nonelective contributions the Plan Sponsor makes into each participant's Plus Account, has an age eligibility requirement of 21.

Contributions

Participant contributions – Participants may make pretax contributions of 1% to 100% of their annual compensation, as defined by the Plan Document. The pre-tax contributions per participant are limited to \$22,500 for the year ended December 31, 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$7,500 during the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their and Company contributions into various investment options offered by the Plan.

Employees who have not made an election to contribute to the Plan by their entry date into the Plan, will be automatically enrolled in the Plan at a withholding rate of 3% of their compensation. Employees subject to this automatic deferral can opt out by making a contrary deferral election during their opt out window.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Employer Non-elective Safe Harbor and Plus Account contributions – The Company makes qualified nonelective safe harbor contributions equal to 3% of each participant's compensation according to their regular payroll schedule. During the year ended December 31, 2023, the Company made matching contributions of approximately \$3,070,000. These matching contributions are included in the Employer Contributions balance on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023. Additionally, effective April 1, 2012, the Plan Document was amended to establish a separate account known as the Plus Account for each eligible participant. Under the amendment, on an annual basis, the Plan Sponsor will make separate additional contributions into each participant's Plus Account, based on each participant's age, years of service, and eligible Plan compensation as of December 31 of each Plan year. For each participant, the Plan Sponsor will determine an "annual employer contribution rate" based on the sum total of each participant's age and years of service. The eligible Plan compensation for each participant will be multiplied by the determined annual employer contribution rate to determine the annual Plus Account contribution. The annual employer contribution rate is determined as follows:

<u>Age Plus Years of Service</u>	<u>Annual Employer Contribution Rate</u>
21–34	0.50%
35–44	1.00%
45–54	2.00%
55–64	3.25%
65–74	5.25%
75–84	7.75%
85+	11.25%

For the year ended December 31, 2023, the Plan Sponsor determined the annual employer contribution of approximately \$5,026,000, which is recorded as a contribution receivable as of December 31, 2023. The current year's contribution receivable balance nets against the contribution receivable balance from the previous year. The remaining balance is included in the Employer Contributions balance on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants become fully vested in the Employer Non-elective Safe Harbor and Plus Account contributions after five years of service, attainment of age 65, or in the event of death or permanent disability. Participants vest in the Plan's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Rate</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Notes receivable from participants – Effective January 1, 2023, the Plan Document was amended to allow new loans to be offered to participants. Participant loans issued, are administered in accordance with the loans' existing terms and conditions. These loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates. Principal and interest are paid ratably through payroll deductions. As of December 31, 2023, the rate of interest on loans is 4.25%–9.00% with various maturities through May 2035.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payment in monthly, quarterly, semi-annual, annual, or other installments over a fixed period of time, not exceeding the life expectancy of the participant. If a participant terminates service for other reasons and has a vested account balance exceeding \$5,000, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's vested account balance does not exceed \$5,000, a distribution of the vested balance will be made to the participant, regardless of whether the participant consents to receive it, as soon as administratively feasible following termination of employment. Active participants who have attained the age of 59½ may withdraw amounts representing distributions from other qualified plans, and pretax contributions. Distributions may also be made prior to the age of 59½ in the event of financial hardship, as defined in the Plan Document. Plus Accounts may not be distributed until a participant's separation from service.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures retained in the Plan generally are used before the last day of the Plan year following the Plan year in which the forfeiture occurred and, as directed by the Company in its settlor capacity, are used to pay plan administrative expenses or reduce future Plan Matching and Nonelective contributions. As of December 31, 2023 and 2022, forfeitures totaled approximately \$52,000 and \$68,000, respectively. For the year ended December 31, 2023, approximately \$72,000 of forfeitures were used to reduce Employer Non-elective Safe Harbor Contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Use of estimates – The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value, the Plan's Trustee certify the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's expenses are paid by the Plan Sponsor.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 30, 2024, which is the date the financial statements were available to be issued.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

In addition to the above mutual fund valuation disclosure, the Plan invests in combined allocation mutual funds, which are a fund of funds that invests solely in mutual funds traded in active markets. The Plan uses NAV per share of the fund provided by the Trustee of the fund as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Stable value fund – The Putnam Stable Value Fund (Putnam) is a common collective trust. The Plan uses NAV per share of the fund provided by the Trustee of the fund as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the Trustee reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund's units are issued and redeemed daily at the constant NAV of \$1 per unit.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy of the Plan's investments at fair value as of December 31, 2023 and 2022:

Fair Value Measurement at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 186,957,554	\$ -	\$ -	\$ 186,957,554

Investments measured at NAV (practical expedient)				<u>60,058,079</u>
Investments at fair value				<u>\$ 247,015,633</u>

Fair Value Measurement at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 174,537,289	\$ -	\$ -	\$ 174,537,289
Total assets in the fair value hierarchy	<u>\$ 174,537,289</u>	<u>\$ -</u>	<u>\$ -</u>	174,537,289
Investments measured at NAV (practical expedient)				<u>43,815,150</u>
Investments at fair value				<u>\$ 218,352,439</u>

Note 4 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NMB (USA) Inc. Retirement Savings Plus Plan

Notes to Financial Statements

Note 5 – Tax Status

The Plan Document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on November 14, 2022, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net appreciation in fair value of investments, interest from notes receivable from participants, and interest and dividends, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Investments reflected on the Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year).
