INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants of the
Dedicated Systems Support, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dedicated Systems Support, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEDICATED SYSTEMS SUPPORT, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Plan Description

General

The Dedicated Systems Support, Inc. 401(k) Plan (the Plan) is a 401(k) and profit sharing plan covering substantially all employees of Dedicated Systems Support, Inc. (the Employer and Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information and is as of December 31, 2023, unless otherwise noted. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Employer. The Plan Administrator is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance and fees. The Plan's Trustee is Fidelity Management Trust Company. The Trustee holds all of the Plan's assets and executes all of the Plan's transactions. Fidelity Workplace Services LLC provides participant recordkeeping and administration services for the Plan.

Eligibility

All employees who are not a (1) resident of Puerto Rico, (2) leased employee, (3) nonresident alien with no U.S. sourced income or (4) religious associates/home-care service provider classified as an attendant, are eligible to participate in the Plan. There are no age or service requirements for participation in the Plan. Entry dates into the Plan are upon meeting all eligibility requirements.

Participant Contributions

Each year, active participants may make a pre-tax salary deferral not to exceed 50% of annual eligible compensation, subject to certain Internal Revenue Code (IRC) limitations and as defined in the Plan adoption agreement. Certain participants are eligible to make a catch-up contribution in accordance with Section 414(v) of the IRC and the salary deferral limit for these participants is 100%. With the exception of Roth amounts, participants may rollover certain amounts from other eligible retirement plans.

Employer Contributions

To be eligible to receive the discretionary employer matching contribution, a participant must have had twelve consecutive months of service with 1,000 hours. Prior to July 1, 2023, the Employer matched 33.33% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Effective July 1, 2023, the Employer matched 50% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Catch-up contributions are not included in the employer match. The employer matching contributions are funded each pay period.

The Employer has the option to make discretionary nonelective contributions which if made, shall be allocated based upon compensation of all eligible employees within the group. To be eligible to receive a nonelective contribution, a participant must have been employed at least one year, with at least 1,000 hours of service in that year. No discretionary nonelective contributions were made during 2023.

DEDICATED SYSTEMS SUPPORT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Service with CHRISTUS Controlled Group as defined in the Plan adoption agreement, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for eligibility purposes for the discretionary employer matching and non-elective contributions.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant's contributions, allocations of the Employer contributions and Plan earnings thereon, and certain administrative expenses. Participants direct the investment of both their individual contributions plus their share of Employer contributions into the various investment options offered by the Plan. The Employer's contributions are allocated in the same manner as that of the participant's elective contributions.

Vesting

A participant's salary deferrals and rollovers are always 100% vested. The Employer contributions and earnings thereon are fully vested after three years of service. Service with CHRISTUS Controlled Group, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for vesting purposes.

Forfeited Accounts

As permitted by the Plan, forfeitures of nonvested accounts may be used to pay Plan expenses or reduce Employer contributions. The balance in the forfeiture account for December 31, 2023 and 2022 was \$14,291 and \$15,755, respectively. No forfeitures were used during the year ended December 31, 2023.

Notes Receivable from Participants

A participant is eligible for a loan not to exceed the lesser of 50% of his or her vested account balance or \$50,000. The minimum loan amount is \$1,000 and a participant may only have one loan outstanding. The loans are secured by the balance in the participant's account. The term of the loan may not exceed five years, unless it is for the purchase of a principal residence, in which case fifteen years. The interest rate is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Benefits are payable from participant account balances (subject to certain restrictions) upon termination of employment, retirement, hardship, in-service at age 59 ½, or death, as defined in the Plan adoption agreement. Participants receive benefit payments either in a lump-sum distribution or as a direct rollover distribution, or combination thereof. At termination of employment, if the vested account balance is \$1,000 or less, a single lump-sum payment will be made to the terminated participant. Hardship withdrawals greater than \$500 are permitted from the Plan in accordance with the requirements stated in the Code.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses and unrealized appreciation or depreciation in the market value of investments held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan adoption agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 27, 2024, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 3 - Unaudited Investment Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Fidelity Management Trust Company as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditor:

- All investment and notes receivable balances reflected in the statements of net assets available for benefits as of December 31, 2023 and 2022 and notes to financial statements,
- Investment interest and dividend income, net appreciation in fair value of investments and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and
- All investment and participant loan information included in the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,660,541	\$ -	\$ -	\$ 8,660,541
Investments at fair value	<u>\$ 8,660,541</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,660,541</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,345,463	\$ -	\$ -	\$ 6,345,463
Investments at fair value	<u>\$ 6,345,463</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,345,463</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Federal Income Tax Status

The Plan is utilizing a standardized prototype plan, which has been filed with the Internal Revenue Service (IRS) and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the standardized prototype plan nor on any subsequent amendments. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan adopted mandatory provisions of the SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and to terminate the Plan. In the event the Plan should terminate, each Participant affected by such termination shall have a vested interest in his or her account of 100%. The Plan Administrator will facilitate the distribution of participant account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the Trustee of the Plan. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain accounting and administrative functions are performed by employees of the Employer. No such employee received compensation from the Plan for these services.

Note 8 - Risks and Uncertainties

The Plan provides for investment in mutual funds which are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants of the
Dedicated Systems Support, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dedicated Systems Support, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEDICATED SYSTEMS SUPPORT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 - Plan Description

General

The Dedicated Systems Support, Inc. 401(k) Plan (the Plan) is a 401(k) and profit sharing plan covering substantially all employees of Dedicated Systems Support, Inc. (the Employer and Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information and is as of December 31, 2023, unless otherwise noted. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Employer. The Plan Administrator is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance and fees. The Plan's Trustee is Fidelity Management Trust Company. The Trustee holds all of the Plan's assets and executes all of the Plan's transactions. Fidelity Workplace Services LLC provides participant recordkeeping and administration services for the Plan.

Eligibility

All employees who are not a (1) resident of Puerto Rico, (2) leased employee, (3) nonresident alien with no U.S. sourced income or (4) religious associates/home-care service provider classified as an attendant, are eligible to participate in the Plan. There are no age or service requirements for participation in the Plan. Entry dates into the Plan are upon meeting all eligibility requirements.

Participant Contributions

Each year, active participants may make a pre-tax salary deferral not to exceed 50% of annual eligible compensation, subject to certain Internal Revenue Code (IRC) limitations and as defined in the Plan adoption agreement. Certain participants are eligible to make a catch-up contribution in accordance with Section 414(v) of the IRC and the salary deferral limit for these participants is 100%. With the exception of Roth amounts, participants may rollover certain amounts from other eligible retirement plans.

Employer Contributions

To be eligible to receive the discretionary employer matching contribution, a participant must have had twelve consecutive months of service with 1,000 hours. Prior to July 1, 2023, the Employer matched 33.33% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Effective July 1, 2023, the Employer matched 50% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Catch-up contributions are not included in the employer match. The employer matching contributions are funded each pay period.

The Employer has the option to make discretionary nonelective contributions which if made, shall be allocated based upon compensation of all eligible employees within the group. To be eligible to receive a nonelective contribution, a participant must have been employed at least one year, with at least 1,000 hours of service in that year. No discretionary nonelective contributions were made during 2023.

DEDICATED SYSTEMS SUPPORT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Service with CHRISTUS Controlled Group as defined in the Plan adoption agreement, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for eligibility purposes for the discretionary employer matching and non-elective contributions.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant's contributions, allocations of the Employer contributions and Plan earnings thereon, and certain administrative expenses. Participants direct the investment of both their individual contributions plus their share of Employer contributions into the various investment options offered by the Plan. The Employer's contributions are allocated in the same manner as that of the participant's elective contributions.

Vesting

A participant's salary deferrals and rollovers are always 100% vested. The Employer contributions and earnings thereon are fully vested after three years of service. Service with CHRISTUS Controlled Group, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for vesting purposes.

Forfeited Accounts

As permitted by the Plan, forfeitures of nonvested accounts may be used to pay Plan expenses or reduce Employer contributions. The balance in the forfeiture account for December 31, 2023 and 2022 was \$14,291 and \$15,755, respectively. No forfeitures were used during the year ended December 31, 2023.

Notes Receivable from Participants

A participant is eligible for a loan not to exceed the lesser of 50% of his or her vested account balance or \$50,000. The minimum loan amount is \$1,000 and a participant may only have one loan outstanding. The loans are secured by the balance in the participant's account. The term of the loan may not exceed five years, unless it is for the purchase of a principal residence, in which case fifteen years. The interest rate is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Benefits are payable from participant account balances (subject to certain restrictions) upon termination of employment, retirement, hardship, in-service at age 59 ½, or death, as defined in the Plan adoption agreement. Participants receive benefit payments either in a lump-sum distribution or as a direct rollover distribution, or combination thereof. At termination of employment, if the vested account balance is \$1,000 or less, a single lump-sum payment will be made to the terminated participant. Hardship withdrawals greater than \$500 are permitted from the Plan in accordance with the requirements stated in the Code.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses and unrealized appreciation or depreciation in the market value of investments held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan adoption agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 27, 2024, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 3 - Unaudited Investment Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Fidelity Management Trust Company as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditor:

- All investment and notes receivable balances reflected in the statements of net assets available for benefits as of December 31, 2023 and 2022 and notes to financial statements,
- Investment interest and dividend income, net appreciation in fair value of investments and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and
- All investment and participant loan information included in the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,660,541	\$ -	\$ -	\$ 8,660,541
Investments at fair value	<u>\$ 8,660,541</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,660,541</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,345,463	\$ -	\$ -	\$ 6,345,463
Investments at fair value	<u>\$ 6,345,463</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,345,463</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Federal Income Tax Status

The Plan is utilizing a standardized prototype plan, which has been filed with the Internal Revenue Service (IRS) and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the standardized prototype plan nor on any subsequent amendments. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan adopted mandatory provisions of the SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and to terminate the Plan. In the event the Plan should terminate, each Participant affected by such termination shall have a vested interest in his or her account of 100%. The Plan Administrator will facilitate the distribution of participant account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the Trustee of the Plan. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain accounting and administrative functions are performed by employees of the Employer. No such employee received compensation from the Plan for these services.

Note 8 - Risks and Uncertainties

The Plan provides for investment in mutual funds which are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants of the
Dedicated Systems Support, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dedicated Systems Support, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 1 - Plan Description

General

The Dedicated Systems Support, Inc. 401(k) Plan (the Plan) is a 401(k) and profit sharing plan covering substantially all employees of Dedicated Systems Support, Inc. (the Employer and Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information and is as of December 31, 2023, unless otherwise noted. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Employer. The Plan Administrator is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance and fees. The Plan's Trustee is Fidelity Management Trust Company. The Trustee holds all of the Plan's assets and executes all of the Plan's transactions. Fidelity Workplace Services LLC provides participant recordkeeping and administration services for the Plan.

Eligibility

All employees who are not a (1) resident of Puerto Rico, (2) leased employee, (3) nonresident alien with no U.S. sourced income or (4) religious associates/home-care service provider classified as an attendant, are eligible to participate in the Plan. There are no age or service requirements for participation in the Plan. Entry dates into the Plan are upon meeting all eligibility requirements.

Participant Contributions

Each year, active participants may make a pre-tax salary deferral not to exceed 50% of annual eligible compensation, subject to certain Internal Revenue Code (IRC) limitations and as defined in the Plan adoption agreement. Certain participants are eligible to make a catch-up contribution in accordance with Section 414(v) of the IRC and the salary deferral limit for these participants is 100%. With the exception of Roth amounts, participants may rollover certain amounts from other eligible retirement plans.

Employer Contributions

To be eligible to receive the discretionary employer matching contribution, a participant must have had twelve consecutive months of service with 1,000 hours. Prior to July 1, 2023, the Employer matched 33.33% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Effective July 1, 2023, the Employer matched 50% of the employee's tax deferred contributions, limited to 6% of the participant's compensation for the Plan year, subject to IRC limitations. Catch-up contributions are not included in the employer match. The employer matching contributions are funded each pay period.

The Employer has the option to make discretionary nonelective contributions which if made, shall be allocated based upon compensation of all eligible employees within the group. To be eligible to receive a nonelective contribution, a participant must have been employed at least one year, with at least 1,000 hours of service in that year. No discretionary nonelective contributions were made during 2023.

DEDICATED SYSTEMS SUPPORT, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Service with CHRISTUS Controlled Group as defined in the Plan adoption agreement, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for eligibility purposes for the discretionary employer matching and non-elective contributions.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant's contributions, allocations of the Employer contributions and Plan earnings thereon, and certain administrative expenses. Participants direct the investment of both their individual contributions plus their share of Employer contributions into the various investment options offered by the Plan. The Employer's contributions are allocated in the same manner as that of the participant's elective contributions.

Vesting

A participant's salary deferrals and rollovers are always 100% vested. The Employer contributions and earnings thereon are fully vested after three years of service. Service with CHRISTUS Controlled Group, its affiliates, and other entities that did not previously possess a relationship or were not affiliated with CHRISTUS but now have a relationship as a result of being acquired, is counted for vesting purposes.

Forfeited Accounts

As permitted by the Plan, forfeitures of nonvested accounts may be used to pay Plan expenses or reduce Employer contributions. The balance in the forfeiture account for December 31, 2023 and 2022 was \$14,291 and \$15,755, respectively. No forfeitures were used during the year ended December 31, 2023.

Notes Receivable from Participants

A participant is eligible for a loan not to exceed the lesser of 50% of his or her vested account balance or \$50,000. The minimum loan amount is \$1,000 and a participant may only have one loan outstanding. The loans are secured by the balance in the participant's account. The term of the loan may not exceed five years, unless it is for the purchase of a principal residence, in which case fifteen years. The interest rate is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Benefits are payable from participant account balances (subject to certain restrictions) upon termination of employment, retirement, hardship, in-service at age 59 ½, or death, as defined in the Plan adoption agreement. Participants receive benefit payments either in a lump-sum distribution or as a direct rollover distribution, or combination thereof. At termination of employment, if the vested account balance is \$1,000 or less, a single lump-sum payment will be made to the terminated participant. Hardship withdrawals greater than \$500 are permitted from the Plan in accordance with the requirements stated in the Code.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses and unrealized appreciation or depreciation in the market value of investments held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan adoption agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 27, 2024, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 3 - Unaudited Investment Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Fidelity Management Trust Company as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditor:

- All investment and notes receivable balances reflected in the statements of net assets available for benefits as of December 31, 2023 and 2022 and notes to financial statements,
- Investment interest and dividend income, net appreciation in fair value of investments and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023, and
- All investment and participant loan information included in the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,660,541	\$ -	\$ -	\$ 8,660,541
Investments at fair value	<u>\$ 8,660,541</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,660,541</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,345,463	\$ -	\$ -	\$ 6,345,463
Investments at fair value	<u>\$ 6,345,463</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,345,463</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Federal Income Tax Status

The Plan is utilizing a standardized prototype plan, which has been filed with the Internal Revenue Service (IRS) and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the standardized prototype plan nor on any subsequent amendments. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) and the related trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan adopted mandatory provisions of the SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and to terminate the Plan. In the event the Plan should terminate, each Participant affected by such termination shall have a vested interest in his or her account of 100%. The Plan Administrator will facilitate the distribution of participant account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the Trustee of the Plan. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Certain accounting and administrative functions are performed by employees of the Employer. No such employee received compensation from the Plan for these services.

Note 8 - Risks and Uncertainties

The Plan provides for investment in mutual funds which are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
