INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
FleetGenius 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of FleetGenius 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of FleetGenius 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FleetGenius 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FleetGenius 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FleetGenius 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FleetGenius 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule(s) Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

A. DESCRIPTION OF THE PLAN

The following description of FleetGenius 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering the full-time employees of FleetGenius, LLC; Bakers Waste Equipment, Inc.; BWETransport, LLC; and Smarter Trash, Inc. (the “Company”) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions. Each year, Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or qualified defined contribution plans (rollover). The Plan also includes a Roth contribution feature.

The Company makes a safe harbor matching contribution equal to 100% of the Participant’s elective deferrals up to 3% of the Participant’s compensation and 50% of the Participant’s elective deferrals for the next 2% of the Participant’s compensation. The Company made safe harbor matching contributions of \$224,399 for the plan year ended December 31, 2023.

The Company may make an additional matching contribution equal to a discretionary percentage of the Participant’s elective deferrals. The discretionary matching contribution percentage is determined annually by the Company. The Company did not elect to make matching contributions for the year ended December 31, 2022. The Company may also make a profit-sharing contribution as determined annually by the Company. An employee must be an active Participant at the end of the Plan year or complete 500 hours in the plan year in order to participate in the Plan’s discretionary contributions. The Company did not elect to make profit-sharing contributions for the year ended December 31, 2023.

Participants direct the investment of their contributions as well as the matching and profit-sharing contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each Participant’s account is credited with the Participant’s contributions and allocations of the Company safe harbor matching contributions, as well as allocations of the Company’s additional discretionary matching (if any), profit-sharing contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings, account balances, or specific Participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant’s vested account.

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

Vesting. Participants are vested immediately in their contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions are determined using a progressive schedule based on years of continuous service. A Participant is 100% vested after 6 years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the Participant's account. The loan interest rates, as determined by the Plan Administrator, range from 4.25% to 9.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service, as specified in the Plan document, the Participant will receive payment in a lump-sum cash payment of the Participant's vested balance.

A Participant may also request a withdrawal upon attainment of age 59½ or upon demonstration by the Participant to the Plan administrator that the Participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Forfeited Accounts. As of December 31, 2023 and 2022, forfeited, non-vested accounts totaled \$8,935 and \$84. These accounts will be used to reduce future employer contributions and administrative expenses. Also, for 2023, employer contributions were reduced by \$0 and administrative expenses by \$0 from forfeited, non-vested accounts.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount the Participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

Investment Valuation and Income Recognition. Investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent Participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable. Amounts payable to Participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions for the year ended December 31, 2023.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the applicable Participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation (depreciation) of the fair value of investments.

SECURE Act 2.0. On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

Reclassifications. Certain amounts in the financial statements have been reclassified to conform to the 2023 presentation. These reclassifications had no effect on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Subsequent Events. The Plan has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

C. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from Participants disclosed in the accompanying financial statements and supplemental schedule(s), including investments and notes receivable from Participants held at December 31, 2023 and 2022, and the net appreciation (depreciation) in the fair value of investments, interest, and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Pooled Separate Accounts - Valued at the daily net asset value (“NAV”) of the underlying investments as determined by quoted market prices.

In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The Plan holds no investments required to be leveled within the fair value hierarchy as of December 31, 2023 and 2022.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency	Notice Period
	2023	2022			
Pooled Separate Accounts	\$5,223,682	\$5,005,209	\$ -	Monthly	270 days

E. GUARANTEED INVESTMENT CONTRACT(S) WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The Plan holds traditional fully benefit-responsive guaranteed investment contract(s) with Voya Retirement Insurance and Annuity Company totaling \$479,304 and \$431,736 as of December 31, 2023 and 2022, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account.

The account is credited with earnings on the underlying investments and charged for Participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract(s) do not have a maturity date.

The contract(s) meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by Participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract(s), plus earnings, less Participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

FLEETGENIUS 401(k) PLAN

Notes to the Financial Statements
December 31, 2023

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract(s). No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the Participants.

In addition, certain events allow the issuer to terminate the contract(s) with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract(s), (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

F. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and guaranteed investment contract(s) managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in the fair value of investments, as they are paid through revenue-sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

G. TAX STATUS

The Plan was adopted based upon a prototype plan sponsored by Ascensus LLC. Ascensus LLC received a determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has been amended since Ascensus LLC received the determination letter. However, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with, the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
