INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants
State Electric Supply Company Employees' Retirement & Savings Plan
2010 Second Avenue
Huntington, West Virginia 25703

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of State Electric Supply Company Employees' Retirement & Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of State Electric Supply Company Employees' Retirement & Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of State Electric Supply Company Employees' Retirement & Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The State Electric Supply Company Employees' Retirement & Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of State Electric Supply Company Employees' Retirement & Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The State Electric Supply Company Employees' Retirement & Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its' form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STATE ELECTRIC SUPPLY COMPANY
EMPLOYEES' RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1: DESCRIPTION OF THE PLAN

The following description of the State Electric Supply Company Employees' Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, sponsored by State Electric Supply Company (the "Company") is a defined contribution plan with 401(k) provisions covering substantially all eligible employees of the Company. All employees of the Company are eligible to participate in the plan and make elective deferrals after three months of service and are age eighteen or older. Participants must complete at least 501 hours during the Plan Year and be employed as of the last day of the Plan Year to be eligible to receive any profit sharing contributions that may be made for that Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administrator of the Plan - The asset trustee of the Plan is Fidelity Management Trust Company. The Plan is administered by the Company. Fidelity Investments provided administrative services in 2023.

Contributions and Vesting - Participants may elect to defer compensation on a pre-tax basis, an after tax basis (Roth), or a combination of both subject to a maximum deferral of 60% of their eligible earnings as defined by the Plan. The Plan allows participants who have attained age 50 to make catch-up contributions. Contributions are subject to certain Internal Revenue Service limitations.

Participants may also roll over part or all of an eligible rollover distribution received from an eligible retirement plan into this Plan.

The Plan allows the Employer to make separate discretionary nonelective profit sharing contributions to the Plan. A participant must complete at least 501 hours of service and be employed as of the last day of the Plan Year to be eligible to receive any profit sharing contributions. This contribution is allocated to eligible participants in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the Plan Year. Profit sharing contributions for 2023 totaled $1,797,425.

Participants are immediately vested in their rollover, employer matching, qualified nonelective and voluntary contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions and earnings thereon shall be based on years of continuous service as defined in the plan. A participant is 100% vested after three years of credited service based upon the elapsed time method; there is no vesting prior to completion of three years of service.

The Company contributes a matching contribution equal to 50% of the employee salary reductions up to a maximum of $1,000 per participant. The match provided by the Company for the year ended totaled $527,943. The Plan also allows for additional discretionary matching contributions, proportionate to the amount matched by the 50% match described above.

Effective May 5, 2017, the Plan was amended to include an automatic deferral increase annually by 1% on December 28th until the participant meets a maximum deferral rate of 10%. Participants have the ability to opt out of this automatic increase provision at any time.

Investment Elections - Fidelity Management Trust Company ("Fidelity" or the "Trustee") is the trustee and custodian of the Plan. Fidelity Investments Institutional Operations Company, Inc. is the record keeper of the Plan. Contributions are invested, based on participants' instructions, in any of the various investment options selected by the participating company. The Plan offers various mutual funds and a money market fund. Unless specified otherwise by the participant, participant accounts are allocated by default to Fidelity Freedom Funds. Fidelity Freedom Funds are target-date funds that are assigned to participants based on estimated retirement dates. Participants may change their investment options electronically at any time.

Participant Accounts - The Plan is intended to be an ERISA Section 404(c) plan, which permits participants to exercise control over the assets in their accounts and to choose from a broad range of investment alternatives. The participants are responsible for investment decisions relating to the investment of assets in their account under the Plan and the Plan fiduciaries are not responsible for any losses resulting from their investment instructions.

The assets in the Plan are invested in available investment options and a separate account is established for each participant who receives and/or contributes. The values of participant accounts are updated each business day to reflect any contributions, exchanges between investment options, investment earnings, or losses for each investment option and withdrawals.

Forfeitures - A forfeiture is the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and any portion of such forfeitures not used to pay Plan administrative expenses shall be applied to reduce employer contributions. At December 31, 2023, the Plan had forfeited amounts of $46,590.

Benefit Payments - Participants may withdraw funds from their account upon retirement, disability, separation from employment, attainment of age 59 1/2, and certain other times as specified in the Plan Document. A participant's entire vested account balance will be paid in a lump sum distribution in either a cash distribution, direct rollover distribution, or a combination cash and direct rollover distribution. Benefits are recorded when paid.

Notes Receivables from Participants - Loans shall be made available to all qualifying participants on a reasonably equivalent basis. Loans may not be made to an eligible employee who makes a rollover contribution and who has not satisfied the Plan's age, service and entry date requirements. Qualifying participants may borrow a minimum loan of $1,000 and the maximum amount that is the lesser of one-half the vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest must be paid on at least a quarterly basis over a period as specified by the Plan's provisions. All repayments of principal and interest made by the participant are deposited back into their respective accounts. Participants may only have one loan outstanding at any given time.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses to the plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Note 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net assets value ("NAV") of shares held by the Plan at year end.

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy defined above, the Plan's assets at fair value on a recurring basis as of December 31, 2023 and 2022:

	Assets at Fair Value

Note 4: INVESTMENTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company at December 31, 2023, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule of assets held at end of year. The information certified by the trustee comprises "Investments" as presented on the Statement of Net Assets Available for Benefits.

The trustee also certified to the completeness and accuracy of $7,011,729 of net appreciation in fair value of investments and $1,499,995 of interest, dividend and other income related to the aforementioned investments for the year ended December 31, 2023.

During 2023, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $7,011,729.

Note 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as allowable party-in-interest transactions.

Note 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants are 100% vested in their accounts.

Note 7: TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service ("IRS") stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the IRS or DOL. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2020.

Note 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: SUBSEQUENT EVENT

The Plan did not have any recognized or non-recognized subsequent events that need to be recorded or disclosed. Management has evaluated subsequent events through the date of the auditors' report, which is the date the financial statements were available to be issued.

Note 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:
