Independent Auditor's Report

FirstLight Fiber, Inc. 401(k) Plan
Albany, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the FirstLight Fiber, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA - Continued

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1 - Description of the Plan

The FirstLight Fiber, Inc. 401(k) Plan (Plan) was established on September 1, 2002. The Plan is sponsored by FirstLight Fiber, Inc. (FirstLight) and was most recently restated effective July 1, 2022.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all eligible employees of FirstLight and its wholly owned subsidiaries (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held by MG Trust Company (d/b/a Matrix Trust Company), Custodian of the Plan. Company contributions, participant elective deferrals, and participant accounts are held by the Custodian, which invests cash received and income from investments based on written instructions from the Company and participants and makes distributions to participants. The Plan's Investment Committee and trustees are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation. In addition, participants may contribute after-tax Roth elective contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans and individual retirement accounts.

Under the "safe harbor" election, the Company matches a portion of eligible employee contributions. The match is 100% for the first 3% of a participant's annual compensation contributed and 50% for the next 2% of a participant's annual compensation, for a maximum employer-matching contribution of 4% of a participant's annual compensation.

The Company, at its discretion, may also make profit sharing contributions. Such contributions are determined by the Company and are based on a permitted disparity formula. There were no profit sharing contributions for the years ended December 31, 2023 or 2022.

Participants direct their contributions and Company contributions made on their behalf into various investment options offered by the Plan.

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 1 - Description of the Plan - Continued

c. Plan Eligibility

Employees of the Company are eligible to participate in the Plan after reaching 21 years of age. Employees may join the Plan on the date of their employment with the Company or following the employee reaching 21 years of age (if later). Upon joining the Plan, participants who are actively employed at the end of the Plan year will share in the allocation of the discretionary profit sharing contribution, if any, regardless of service. Terminated participants will share in the allocation if they have completed 500 hours of service during the Plan year. Participants who are not actively employed at the end of the year due to death, total and permanent disability, or early or normal retirement, but otherwise meet eligibility requirements, will share in the employer's discretionary profit sharing contribution. All eligible participants receive the Company's safe harbor matching contribution, regardless of hours of service during the year or employment status at year-end.

d. Participant Accounts

Each participant's account is credited with (1) the participant's contribution and the Company's safe harbor match, (2) allocations of the Company's discretionary profit sharing contribution (if any), and (3) Plan earnings (losses) (net of investment expenses and administrative expenses incurred by the Plan). Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their contributions, plus actual earnings (losses) thereon, and employee rollover contributions. Participants are also immediately vested in the Company's safe harbor matching contributions and profit sharing contributions (if any), plus actual earnings (losses) thereon.

f. Participant Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. In addition, the \$50,000 limit is reduced by the highest outstanding loan balance (of any previous loans made) in the previous 12 months. Participant notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. In general, principal and interest are paid ratably over a period not to exceed five years through regular payroll deductions.

g. Payment of Benefits

Upon the termination of service due to death, disability, or retirement, a participant (or their beneficiary upon death) may elect to receive an amount equal to the value of the participant's vested interest in their account as a lump-sum distribution or as a rollover to another plan, withdraw a portion of their account, or defer distribution to a later date. If the vested portion of a participant's account balance is \$5,000 or less, this amount will be paid as a lump-sum distribution as soon as possible following termination, retirement or disability, or to the beneficiary following death.

Prior to termination, a participant may receive a distribution in the event of undue financial hardship, subject to the provisions of the Plan. The Plan also provides for in-service distributions for participants who have reached age 59½, subject to the provisions of the Plan.

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

d. Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year the employee contributions are withheld from compensation.

e. Participant Notes Receivable

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Loans treated as distributions totaled approximately \$102,400 and \$31,000 for the years ended December 31, 2023 and 2022, respectively.

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses related to the administration of participant notes receivable and distributions are charged directly to the participant's account and included in administrative expenses. Investment advisory and asset management fees paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies - Continued

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 3, 2024, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on participant notes receivable for the years then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Custodian of the Plan.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 or 2022.

- Cash Held For Investment: The carrying amounts of cash approximate fair value because of the short maturity of these investments.

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 4 - Investments and Fair Value Measurements - Continued

- Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Stable Value Fund: The fund invests in a guaranteed separate account group annuity contract issued by Metropolitan Life Insurance Company. The NAV is used as a practical expedient to measure fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Cash held for investment	\$ 1,458,074	\$ -	\$ -	\$ 1,458,074
Mutual funds	60,809,818	-	-	60,809,818

Investments measured at NAV (a)				
Stable value fund				4,409,658

Investments measured at NAV (a)				
Stable value fund				4,849,129
Investments at fair value				<u>\$ 58,439,926</u>

- (a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

FirstLight Fiber, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

Note 6 - Tax Status

The Internal Revenue Service (IRS) has ruled that the Pre-Approved Defined Contribution Plan offered by the Plan Custodian and adopted by the Plan on July 1, 2022, constitutes a qualified plan under Section 401(a) of the IRC and, therefore, is exempt from federal taxes under the provisions of Section 501(a). The pre-approved defined contribution plan has received an opinion letter dated June 30, 2020, from the IRS as to the Plan's qualified status.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related-Party Transactions

Administrative expenses incurred and paid by the Company totaled \$14,500 and \$14,000 for the years ended December 31, 2023 and 2022, respectively. Certain Plan administrative functions are performed by officers or employees of the Company who do not receive compensation for such functions from the Plan.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
