REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Participants of the
Performance Health 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Performance Health 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Performance Health 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The Performance Health 401(k) Plan (the "Plan"), a defined contribution plan, was established on December 15, 2015. The Plan's participants include employees of Performance Health Holdings, Inc., Performance Health Supply, LLC and The Hygenic Company, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers all common law employees of the Company, as defined by the Plan document, commencing on the date of employment.

Effective January 1, 2022, the Plan was amended to reflect a change in eligibility requirements. Participants will be eligible to contribute to the Plan once they have completed 90 days of service. Prior to 2021, there were no eligibility service requirements for eligible employees. Eligible employees are defined as all employees other than bargaining, temporary or leased employees.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Investments

All investments under the Plan are participant directed. Upon enrollment in the Plan, a participant may direct both employee and Company contributions in 1% increments in any of the Plan's options. Participants may change their investment allocations at any time.

Contributions

Upon meeting the Plan's eligibility requirements, employees are automatically enrolled in the Plan at 3% of their compensation, but are provided the option to opt out of participating in the Plan. A participant may also elect to contribute up to 100% of their annual compensation, within certain limitations, to the Plan on a pre-tax or post-tax basis.

The Plan has an automatic increase feature. For participants enrolled at less than 10%, their elective deferrals are increased 1% each January 1 until the deferral percentage reaches 10%.

The Company matches 100% of elective deferrals on the first 1% of compensation plus 50% of elective deferrals which are over 1% up to 6% of compensation. The Plan also allows for the Company to make true-up matching contributions if the period used to determine matching contributions is a period that is not the Plan year. The Company may also make discretionary contributions for each plan year in an amount determined by the Company. Effective January 1, 2022, the Plan was amended to reinstate the Company regular matching contribution. The Company will match 100% of elective deferrals on the first 1% of compensation plus 50% of elective deferrals which are over 1% up to 6% of compensation. For the year ended December 31, 2023, the Company made a discretionary match of \$695,339.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Effective January 1, 2022, the Plan was amended to provide Qualified Automatic Contribution Arrangement ("QACA"). The Company matched 100% of salary deferral contributions up to 1% of pay, plus 50% of salary deferral contributions from 1% to 6% of pay for the plan year. For the year ended December 31, 2023 the Company made a QACA contributions of \$579,975.

Effective July 1, 2022, the Plan was amended and restated to reflect certain statutory changes, in accordance with the Principal Financial Group Pre-Approved Document for Savings Plans, which received an advisory letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-

Performance Health 401(k) Plan

approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of the Plan's earnings, losses and expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant is fully vested in their elective employee contributions, Company discretionary contributions and regular matching contributions immediately.

Benefits

On termination of service due to death, disability, retirement or otherwise leaving employment, the participant or beneficiary may elect to receive a lump sum amount equal to the value of the vested balance allocated to their account. If a participant's vested interest in their account does not exceed \$5,000, an automatic distribution of such interest shall be made in a lump sum payment or through direct rollover. Participants may withdraw all or a portion of the balance of their accounts without penalty upon attainment of age 59½. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

In conjunction with the Hygenic 401(k) Plan and Cramer Products, Inc. Employees Profit Sharing Plan mergers in 2017 and 2018, respectively, notes receivable from participants' balances were transferred into the Plan. The notes receivables transferred into the Plan permitted qualified participants, prior to the mergers, to borrow up to the lesser of \$50,000 or 50% of their eligible account balance and are secured by the vested balance in the participant's account. The terms of the notes receivable cannot exceed five years unless used to acquire the participant's principal residence. Loans bear interest at a fixed rate based on local prevailing rates at the time the loan is made. Participants are required to make regularly scheduled principal and interest payments over the term of the notes through payroll deductions.

Other than the notes receivable balances transferred into the Plan as a result of the Hygenic 401(k) Plan and Cramer Products, Inc. Employees Profit Sharing Plan mergers, notes receivable are not permitted by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments are recorded at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 6 for discussion of fair value measurements and Note 7 for discussion on the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

For the year ended December 31, 2023, administrative expenses related to recordkeeping and trustee fees were paid for by the Plan. All other administrative expenses were paid by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event the Plan is terminated, the assets would be distributed to participants in accordance with the terms set forth in the Plan.

NOTE 4 - RISK AND UNCERTAINTIES

The Plan provides for various investments in any combination of collective trusts, pooled separate accounts and registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 - PLAN TRUSTEE CERTIFICATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company member of the Principal Financial Group, the Plan's trustee and custodian, has certified that the following data included in the accompanying financial statements, notes to the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Interest and dividend income and net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments detailed on supplemental schedule of assets (held at end of year), as of December 31, 2023, excluding notes receivable from participants.

NOTE 6 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board issued guidance that defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosure related to the use of fair value measurements in financial statements. The guidance establishes a fair value hierarchy from observable market data as the highest level to fair value based on an entity's own fair value assumptions as the lowest level.

In accordance with the guidance, Plan assets and liabilities are measured at fair value in three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measures level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Performance Health 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at quoted market prices that represent the net asset value ("NAV") of the shares held by the Plan at year end. The fair value of the registered investment companies is classified as Level 1.

Pooled separate accounts: Principal's pooled separate accounts are invested in investments such as stocks, registered investment companies, short-term investments, bonds, etc. Principal owns the underlying investments in the separate accounts. The underlying measurements for the separate accounts have observable (Level 1 and 2) inputs, including quoted prices for similar assets in active and non-active markets. The separate accounts are valued using NAV as a practical expedient.

Target date collective trust funds: Target date trust funds included in the common/collective trusts are primarily comprised of investments in Principal registered investment companies funds using an asset allocation strategy for investors planning to retire and leave the workforce in or within a few years of the target year. The collective trust fund's asset allocation will become more conservative over time. The underlying funds are Principal Life Time Funds. The collective trust fund's indirect stock and bond holdings are a diversified mix of domestic and foreign capitalization stocks and fixed income securities. The trust fund is valued using the NAV as a practical expedient. NAV is provided by the trustee of the trust fund based on the value of the underlying assets divided by the number of units outstanding. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment holdings at fair value were comprised of the following at December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,861,854	\$ -	\$ -	\$ 6,861,854
Total assets in the fair value hierarchy	<u>\$ 6,861,854</u>	<u>\$ -</u>	<u>\$ -</u>	6,861,854
Investments measured at NAV as a practical expedient				<u>42,305,221</u>
Total assets at fair value				<u>\$ 49,167,075</u>

Performance Health 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Investment holdings at fair value were comprised of the following at December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,852,444	\$ -	\$ -	\$ 5,852,444
Total assets in the fair value hierarchy	\$ 5,852,444	\$ -	\$ -	5,852,444
Investments measured at NAV as a practical expedient				37,181,394
Total assets at fair value				\$ 43,033,838

- ⁽¹⁾ In accordance with Accounting Standards Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of plan assets.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments requiring Level 3 measurements.

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2023:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 5,399,506	N/A	Daily pending market conditions	None required
Target date collective trust funds	\$ 36,905,715	N/A	Daily	None required

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment in a guaranteed investment contract with Principal Life Insurance Company ("Principal"). This investment contract offers all participants a single-fixed rate of return and therefore meets the fully benefit-responsive investment contract criteria and is accordingly included in the accompanying financial statements of the Plan at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fully benefit-responsive investment contract as of December 31, 2023 and 2022 is summarized as follows:

	<u>2023</u>	<u>2022</u>
Guaranteed investment contract	\$ 2,291,859	\$ 2,805,356

Under a guaranteed investment contract, the contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate was 4.65% and 1.75% at December 31, 2023 and 2022, respectively. The crediting interest rate is based on a formula agreed upon with Principal, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contract has no restrictions that affect the ability of the Plan to collect contract value. Participant level transactions are at contract value. The contract may terminate at any time, given 30 days' notice to Principal, without penalty and would be paid out at that time.

NOTE 8 - TAX STATUS

The Plan adopted the Principal Volume Submitter Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the IRS dated August 8, 2014, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the IRC. The Plan has not requested its own determination letter from the IRS. In addition, the Plan administrator and Plan tax counsel believe that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position than more likely than not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are units of pooled separate accounts, collective trusts managed by the trustee, and a guaranteed investment contract managed by the trustee. Transactions involving these investments, in addition to transactions involving notes receivable from participants, are considered to be party-in-interest transactions.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2023 financial statements for subsequent events through September 26, 2024, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure, other than as noted below.
