INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Trustees of
Chateau Girardeau Employees' Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Chateau Girardeau Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Chateau Girardeau Employees' Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
Chateau Girardeau Employees' Retirement Plan

Accordingly, the objectives of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Plan Description

The following description of the Chateau Girardeau Employees' Retirement Plan (formerly the Cape Retirement Community, Inc. Employees' Retirement Plan) (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1992 as a money purchase pension plan covering all employees of Cape Retirement Community, Inc. dba/Chateau Girardeau (the "Company") who meet the eligibility provisions of the Plan. Effective January 1, 2006, the Company restated the Plan to a 401(k) qualified retirement defined contribution plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible Participants – Eligibility is achieved after completion of ninety (90) days of service and attainment of age 18. The Plan's determination of an eligible class for employees differentiates between full-time and part-time employees and per diem employees. The Plan excludes any employees compensated solely on a per diem basis.

Contributions – Participants have the option of contributing up to 100% of their eligible compensation, subject to the limitations of the Internal Revenue Code. The Plan does have the option for participants to make Roth 401(k) contributions in addition to pre-tax 401(k) contributions. The Plan also allows for rollover contributions from other qualified plans.

The Company may make a matching contribution equal to a discretionary percentage of salary deferrals, as determined annually. For the years ended December 31, 2023 and 2022, the Company provided a discretionary match equal to 100% of participant deferrals up to 4.0%. To be eligible for the discretionary matching contribution, employees must be age 18, be in an eligible class, have completed one (1) year of service in which they were credited with at least 1,000 hours of service, and be employed on the last day of the Plan year. Eligibility for the discretionary match for each participant will begin on the first day of each quarter subsequent to completion of one (1) year of service and attainment of age 18.

Participants direct the Company to invest all or any portion of their account in the investment funds offered by the Plan.

Vesting – Participants with discretionary matching contributions are fully vested after three years of service, based on the Plan's fiscal year (calendar year), 0% vested until the third year. To earn a year of service, the participant must be credited with at least 1,000 hours of service.

For any prior non-elective contributions, vesting is pro-rata over a six-year period from the participant's anniversary date (starting at 20% after two years of employment).

Administrative Expenses – The Plan permits the payment of expenses to be made from Plan assets. The Company may also pay Plan expenses. Expenses paid using the Plan's assets, unless directly attributable to a particular participant, will generally be allocated among the accounts of all participants in the Plan. The Plan paid \$22,711 and \$17,946 in administrative expenses for the years ended December 31, 2023 and 2022, respectively, comprised of plan administration fees, investment advisory fees and service provider fees.

EMPLOYEES' RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Plan Description (continued)

Payment of Benefits – On termination of services due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount, in installments for a specified period of time, in optional forms of an annuity, or a direct rollover to an IRA or other eligible retirement plan. If the value of the vested interest in an account is \$5,000 or less, the account will be “cashed out” by distributing the vested interest via a single-sum payment or by direct rollover. The account will be cashed out regardless of consent. If an account is greater than \$5,000, the participant must consent and may elect their form of distribution among the provided options.

Forfeited Plan Assets – If a participant forfeits any unvested balances, the forfeited assets are used to reduce future employer contributions or Plan expenses. There was \$6,204 and \$1,965 in forfeitures during the years ended December 31, 2023 and 2022, respectively. The Plan used \$0 and \$0 in available forfeitures during the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023, the Plan has \$11,242 available to offset future employer contributions or Plan expenses.

Participant Loans – The Plan does not allow participant loans.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual method of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation – The Plan offers various funds with registered investment companies (mutual funds) that are part of a pooled separate account. The valuation methodology for the Plan is unit values, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of mutual funds are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value. The unit values of the Plan's investments are based on the observable net asset values of the underlying investments (mutual funds).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk - Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. Participants in the Plan assume all investment risk connected with any decrease in the Plan assets, and such assets are the sole source of payments under the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

2. Summary of Significant Accounting Policies (continued)

Benefits Paid to Participants – Benefits are recorded when paid.

Reclassification – The financial statements for 2022 have been reclassified to conform to the 2023 financial statement presentation.

Subsequent Events – The Plan has evaluated the existence of subsequent events through August 30, 2024, which represents the date the financial statements were available to be issued.

3. Transactions with Parties-In-Interest

All investments of the Plan are under a pooled separate account with Talcott Resolution Life Insurance Company. Employees of the Company serve as Trustees of the Plan and participate in the Plan.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs with little or no market activity and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2023 and 2022, there were no transfers between Levels 1, 2 or 3.

Level 2 - The unit values of the pooled separate account, where the underlying investments are mutual funds, is calculated based on the observable net asset value of the underlying investment. The fair values of the mutual funds are determined by reference to the mutual fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at their net asset value. The measurement frequency is daily.

4. Fair Value Measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

		<u>Fair Value</u>		<u>Other Observable Inputs (Level 2)</u>
December 31, 2023:				
Mutual funds (pooled separate account)	\$	2,662,841	\$	2,662,841
December 31, 2022:				
Mutual funds (pooled separate account)	\$	2,364,504	\$	2,364,504

For the years ended December 31, 2023 and 2022, the Plan's net investment income (loss) (including dividends, interest, net appreciation and depreciation, and investments bought, sold and held during the year) was \$364,338 and \$(439,043), respectively. As certified and reported by the plan custodian, the net investment income (loss) for the years ended December 31, 2023 and 2022 included earned dividends and interest totaling \$80,212 and \$102,611, respectively, and net appreciation (depreciation) of \$284,126 and (541,654), respectively.

5. Information Certified by the Plan Custodian (unaudited)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by the plan custodian, and furnished to the plan administrator. The plan administrator has obtained a certification from the plan custodian that such information is complete and accurate. As of and for the year ended December 31, 2023 and 2022, the certification was issued under a power of attorney agreement with Empower Annuity Insurance Company of America:

	<u>2023</u>	<u>2022</u>

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500 for the years ended December 31, 2023 and 2022. The financial statements are prepared in accordance with the accrual method of accounting whereas Schedule H of Form 5500 is prepared in accordance with the cash method of accounting:

	<u>2023</u>	<u>2022</u>
Net assets available for plan benefits per the financial statements	\$ 2,742,402	\$ 2,457,901
Less: receivables	(79,561)	(93,397)
Net assets available for plan benefits per Schedule H of Form 5500	<u>\$ 2,662,841</u>	<u>\$ 2,364,504</u>
	<u>2023</u>	<u>2022</u>
Employer contributions per the financial statements	\$ 79,815	\$ 93,397
Plus: prior year receivables	93,397	98,054
Less: current year receivables	(79,561)	(93,397)
Employer contributions per Schedule H of Form 5500	<u>\$ 93,651</u>	<u>\$ 98,054</u>

8. Internal Revenue Service Status

The Internal Revenue Service has determined by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with Section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is required to file form 5500 "Annual Return / Report of Employee Benefit Plan". The returns of the Plan are subject to examination by the respective taxing authorities, generally for three years after they are filed. The returns for the years ended December 31, 2021, 2022 and 2023 are still considered open subject to possible examination.

9. Plan Termination Priorities

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in lump-sum or be applied to purchase an immediate annuity.
