Report of Independent Auditor

To the Plan Administrator
Delta Star, Inc. 401(k) Retirement Plan
Lynchburg, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Delta Star, Inc. 401(k) Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DELTA STAR, INC.
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan

The following description of the Delta Star, Inc. 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Delta Star, Inc. (the “Plan Sponsor”), who are a U.S. citizen or resident alien, not a leased employee, or a resident of Puerto Rico and have completed two months of service. A participant may enter the Plan on the first day of the month following the month they meet the eligibility requirements. The Plan was adopted July 1, 1997 and most recently restated on December 16, 2019, to adopt safe harbor provisions which are disclosed in the employer contribution section below. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employee Contributions – Participants may contribute 1% to 100% of their pre-tax, eligible compensation as defined by the Plan, subject to certain Internal Revenue Code limitations. For the year ended December 31, 2023, participants could contribute up to \$22,500. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employee Catch-Up Contributions – For the year ended December 31, 2023, if a participant is eligible to make deferrals and reaches age 50 before the end of any calendar year, the participant could defer an additional \$7,500 into the Plan as a pre-tax contribution, subject to certain IRC limitations.

Plan Sponsor Safe Harbor Matching Contribution – The Plan Sponsor makes safe harbor matching contributions on behalf of the participants equal to 100% of the participant’s contribution, up to 4% of the eligible compensation. To be eligible to receive the Plan Sponsor’s safe harbor matching contribution, a participant must complete one year of service and be at least 21 years of age. Hourly employees in the Plan Sponsor’s San Carlos, California location covered by a collective bargaining agreement are not eligible to receive Plan Sponsor matching contributions.

Investment Options – Participants may direct Empower Trust Company, LLC and Empower Annuity Insurance Company of America (the “qualified institutions” or “recordkeeper”) as to the investment of their account balances into various investment options offered by the Plan. The Plan Sponsor is responsible for oversight of the Plan. The Plan Sponsor determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, the Plan, and the Plan Sponsor.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Plan Sponsor’s safe harbor matching contribution and Plan earnings (losses), and is charged with participant distributions and an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are 100% vested immediately in their own elective deferral and rollover contributions, Plan Sponsor’s safe harbor matching contributions, and any earnings thereon.

Forfeitures – The portion of a participant’s account attributable to employer contributions which is forfeited by a participant as a result of termination of participation in the Plan will be used to reduce the Company’s contributions or Plan’s administrative expenses. As of December 31, 2023 and 2022, there were no forfeited amounts available. For the year ended December 31, 2023, no forfeited accounts were used to reduce employer contributions or to reduce Plan administrative expenses.

DELTA STAR, INC.
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum of \$50,000. Total notes outstanding may not exceed 50% of a participant's vested account balance. Notes receivable are treated as a transfer between the investment funds and notes receivable from participants. Notes receivable terms range from one to five years, except for notes receivable used for the purchase of a principal residence. A note receivable is secured by the participant's vested account balance and bears interest at a rate commensurate with market rates for similar loans, as defined in the Plan. As of December 31, 2023, the interest rate on all outstanding notes receivable ranged from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations while actively employed. A participant may elect to receive a lump-sum payment or installment payments, roll over the value of their account into another qualified plan, or a combination. If the vested account balance payable to an individual is less than or equal to \$5,000, the Plan Sponsor may require a distribution of the entire account balance in a lump sum. Hardship withdrawals are subject to IRC restrictions and penalties.

Administrative Expenses – The Plan is administered by the Plan sponsor. Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan. A portion of administrative expenses are paid directly by the Plan Sponsor.

A plan expense account is maintained to hold revenue sharing funds the Plan receives from the qualified institutions pursuant to an agreement between the qualified institutions and the Plan. These revenue sharing funds are available to reduce employer contributions and pay qualified Plan administrative expenses. As of December 31, 2023 and 2022, the account balance of the plan expense account was \$42,557 and \$250,050, respectively. For the year ended December 31, 2023, \$11,926 was used to reduce employer contributions and \$39,383 was used to reduce Plan administrative expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for the fully benefit-responsive investment, which is reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recognized when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

DELTA STAR, INC.
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

Payment of Benefits – Benefit paid to participants are recorded when paid.

Administrative Expenses – A portion of the Plan's administrative expenses, which include custodial, investment management, and professional fees for services provided by parties-in-interest, are paid by the Plan Sponsor, as provided in the Plan agreement. Fees related to the administration of notes receivable from participants and certain other administrative fees are charged directly to the participant's account and are included in administrative expenses.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability as of December 31, 2023 with a corresponding reduction to contributions.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as deemed distributions based upon the terms of the Plan document.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There was no change in methodologies between the year ended December 31, 2023 and 2022. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

The Plan believes its valuation method is appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 3—Information certified by the qualified institutions (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institutions, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

- Investments, at fair value, investments, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

See *Fair Value Measurements* in Note 2 above for discussions of the methodologies and assumptions used to determine the fair value of the Plan's investments.

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,127,605	\$ -	\$ -	\$ 33,127,605
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,644,997	\$ -	\$ -	\$ 27,644,997

Note 5—Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive guaranteed investment contract with a qualified institution. The contract meets the fully benefit-responsive contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns the contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

DELTA STAR, INC.
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 5—Fully benefit-responsive investment contract (continued)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2023 and 2022 was 1.23% and 0.93%, respectively, with the minimum guaranteed interest rate ranging between 1.30% and 0.80%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Note 6—Party-in-interest transactions

As of December 31, 2023 and 2022, certain Plan assets are invested in funds managed by the qualified institutions and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants.

Fees incurred by the Plan for investment management services are paid directly by the Plan and, therefore, also qualify as party-in-interest transactions for which a statutory exemption exists. For the year ended December 31, 2023, the Plan paid \$57,129 to the investment advisor and qualified institutions for investment management service fees, which was offset by \$39,383 of revenue sharing funds in the plan expense account.

DELTA STAR, INC.
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 8—Tax status

The Plan adopted a volume submitter profit sharing plan which received a favorable opinion letter from the IRS on November 14, 2022, which stated that the prototype Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the volume submitter plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2023. The Plan Sponsor believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits as reported in the financial statements	\$ 36,887,958	\$ 30,898,552
Excess contributions payable	18,147	-

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits as reported in the financial statements	\$ 5,989,406
Change in excess contributions payable	18,147
Net increase in net assets available for benefits as reported in the Form 5500	<u>\$ 6,007,553</u>

Note 10—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 3, 2024, the date these financial statements were available to be issued.
