Independent Auditor's Report

To the Board of Trustees of
The Job Center Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of The Job Center Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Job Center Retirement Savings Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Job Center Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Job Center Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Job Center Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Job Center Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Job Center Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of The Plan

The following description of The Job Center Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees of The Job Center, LLC (the Primary Employer) who have completed one year of service and are age twenty-one (21) or older. The Plan was adopted on April 1, 2019 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 15, 2022, the Plan was amended and restated for statutory updates. Additionally, the Plan entry dates were changed from semi-annually to quarterly.

The Plan allows for entities affiliated with the Primary Employer to participate in the Plan as a “Participating Employer” with the approval of the Primary Employer. The Primary Employer has approved participation in the Plan of Riley Decker, Inc. and MOR Talen Solutions, LLC as Participating Employers.

Contributions

The Plan provides for contributions by participating employees of an amount not to exceed the maximum amount allowable under the applicable provisions of the Internal Revenue Code of 1986, as amended (the Code).

The Employer is required to make a safe harbor matching contribution to the accounts of its participating employees equal to 100% of the amount of the participant’s elected deferrals that do not exceed 3% of the participant’s Plan compensation, plus 50% of the amount of the participant’s elected deferrals that exceed 3% but do not exceed 5% of the participant’s Plan compensation. In addition, the Employer may make a discretionary non-elective profit sharing contribution. During 2023 and 2022, the Employer elected not to make any discretionary non-elective profit sharing contributions.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan, subject to approval by the Plan.

Participant Accounts

Each participant’s account is credited with (a) contributions, (b) an allocation of Plan earnings and losses, and (c) Plan expenses. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employer contributions are invested in accordance with the participants’ investment selection.

Plan Investment Options

Upon enrollment in the Plan, participants may direct their contributions in various investment options offered by the Plan. Participants may change their investment options at any time. There is no guarantee of principal or earnings when participating in these funds.

The Job Center Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of The Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account up to \$50,000 or 50% of their vested account balance. Note terms range from one to five years, or longer if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately 100% vested in their participant, rollover, and safe harbor contribution accounts at the time such contributions are made. Participants become vested in the Employer's non-safe harbor contributions accounts (if applicable) according to the vesting schedule as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in non-safe harbor Employer contributions. Forfeited nonvested accounts may be used to pay administrative expenses, reduce future Employer contributions or allocated to participant accounts as a non-elective contribution. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$656 and \$7, respectively. During 2023 and 2022, forfeited nonvested amounts were not used to reduce Employer contributions, pay Plan expenses, or allocated as a non-elective contribution.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of the participant's vested interest. The benefit will be paid in a lump-sum amount or, partial withdrawals in amounts necessary to satisfy the minimum distribution requirements of the Internal Revenue Service Code.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the participant's vested account balance.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expenses incurred. Any administration expenses paid to the Plan as a reimbursement shall not be considered an Employer contribution. The Employer elected to pay some administration expenses incurred in 2023 and 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make certain estimates and assumptions that could affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 7).

The Plan presents in the statements of changes in net assets available for benefits the net investment gain (loss) from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividends are recorded when earned. Capital gain distributions are included in dividends.

Payment of Benefits

Benefits are recorded when paid.

3. Party-in-Interest Transactions

The Plan invests in registered investment companies managed by affiliates of Fidelity Personal Trust Company, FSB (Fidelity). Fidelity acts as Custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule.

During 2023 and 2022, fees paid by the Plan to parties-in-interest for investment advisory, recordkeeping, and administrative services totaled \$26,716 and \$24,594, respectively.

4. Tax Status

The Employer adopted the Slavic 401k.com, Inc. DBA PlanRight Prototype Plan and need not apply for a separate determination letter, but instead may rely on the opinion letter dated June 30, 2020 issued by the Internal Revenue Service stating that employers who adopt the Plan will be considered to have a plan qualified under Code section 401(a). Accordingly, management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan sponsor to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

The Job Center Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

5. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time. Upon termination of the Plan by the Employer, the accounts of the affected participants shall become fully vested, and assets in the Plan shall be distributed to participants in proportion to their respective account balances after payment of appropriate Plan expenses.

6. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit, market and other risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds) and money market fund: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

8. Delinquent Participant Contributions

During 2023 and 2022, participant deferrals in the amount of \$15,005 and \$12,403, respectively, were not remitted to the Plan by the Employers within the appropriate time period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Employers are aware of the occurrences and are taking appropriate steps to correct the situation.

9. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 4, 2024 (the date the financial statements were available to be issued) and concluded that, except as disclosed below, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Effective May 1, 2024, the Primary Employer approved The Job Center Colorado, LLC as a Participating Employer.
