INDEPENDENT AUDITOR'S REPORT

Administrative Committee
CellMark Profit Sharing Plan and Trust
Novato, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of CellMark Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CellMark Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of CellMark Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CellMark Profit Sharing Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CellMark Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CellMark Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2023, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of CellMark Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by CellMark, Inc. (the "Company", "Organization", or "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established on February 1, 1984, and restated effective January 1, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all employees who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of December 31, 2023.

Plan administration and administrative expenses

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. An administrative committee and its authorized delegates manage the day-to-day operations and administration of the Plan on behalf of the Company. The Company has delegated certain responsibilities for the operations and administration of the Plan. Trustee and custodial services are provided by Bank of America, N.A. ("Trustee"). Recordkeeping services are provided by Merrill Lynch, Pierce, Fenner & Smith, Inc. ("Merrill Lynch").

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

The Plan covers all employees of the Company and its affiliates, who have adopted the Plan, who have attained age eighteen, except union employees and temporary employees who are prohibited from participating. Employees may begin salary deferral contributions to the Plan on the first day of the month coinciding with or following attainment of eligibility. All employees, except the employees from Rocky Mountain Recycling Services, LLC (RMRS), Charleston Recycling Services LLC (CRS), Birmingham Recycling and Recovery, LLC (BRR), Paper Core and Tube LLC (PCT), and Tampa Recycling Services LLC (TRS) participate in the profit sharing component of the Plan upon meeting eligibility requirements. RMRS, CRS, BRR, PCT, and TRS employees are eligible for Employer discretionary matching contributions upon meeting eligibility requirements.

Participant contributions

Participants may elect to contribute through payroll deductions up to 100% of their annual eligible compensation as defined by the Plan on a pre-tax or Roth basis, up to a maximum amount allowed by the IRC. Participants who have attained the age of 50 before the close of the Plan year may make an additional catch-up contribution, up to a maximum amount allowed by the IRC. Participants are also allowed to make rollover contributions received from other tax-qualified employer-sponsored retirement plans.

Unless affirmatively elected otherwise, newly eligible employees will be automatically enrolled into the Plan with an initial pre-tax contribution rate of 6%. The rate increases 2% annually on the anniversary of the Participant's enrollment in the automatic increase feature, unless the participant selects otherwise, up to a maximum of 10%.

All participant contributions are remitted to the Trustee for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Employer contributions

The Plan provides for Employer nonelective profit sharing contributions to be made on behalf of all eligible participants. Profit sharing contributions are allocated among rate groups based on each eligible participant's employment status and years of service at year-end. For the year ended December 31, 2023, eligible participants received nonelective contributions ranging from 5% to 20% of their eligible compensation based on participant rate groups. Employer nonelective profit sharing contributions totaled \$6,737,993 for 2023.

The Plan provides for Employer discretionary matching contributions to be made on behalf of all eligible participants. For the year ended December 31, 2023, Employer's discretionary matching contributions were 100% of the first 3% and 50% of the next 2% of the participant's eligible compensation. Employer discretionary matching contributions totaled \$209,910 for 2023.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Employer contributions, if any, and Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Employer discretionary matching contributions, if any, plus actual earnings thereon.

Participants vest ratably in Employer nonelective profit sharing contributions, plus actual earnings thereon, according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Participants become fully vested in Employer nonelective contributions if the participant incurs a severance from employment with the Employer as a result of full and permanent disability or death.

Forfeitures

Forfeitures may occur as a result of excess Employer contributions or forfeited non-vested Employer contributions. The Plan provides that forfeited accounts can be used to pay the Plan's administrative expenses or reduce Employer contributions. Approximately \$158,696 of forfeitures were used to pay Plan administrative expenses in 2023. No forfeitures were used to offset Employer contributions during 2023. Forfeited non-vested accounts totaled approximately \$169,080 and \$282,400 at December 31, 2023 and 2022, respectively.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable from participants (or "participant loans") terms are generally five years or less but may exceed five years if the purpose of the loan is to purchase a principal residence. Participant loans are secured by the balance in the participant's account and accrue interest at a rate commensurate with local prevailing lending rates upon origination. Principal and interest is generally paid ratably through payroll deductions. Participant loans outstanding at December 31, 2023 bear interest at rates ranging from 4.25% to 9.50%, and mature at various dates through June 2032.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination of employment, attainment of age 59 ½, financial hardship, disability, or to a beneficiary upon a participant's death. If a participant's account balance is equal to or less than \$1,000 upon termination, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances greater than \$1,000 and less than or equal to \$5,000 must be rolled over to an individual retirement account (IRA) designated by the administrator if the participant has not requested a distribution. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, installments over a period not longer than life expectancy, or to postpone payment to a later date and remain in the Plan as described in the plan documents.

Upon attaining the age of 59 ½ the participant may, while still employed by the Company, request a withdrawal from their account balance. Hardship distributions are permitted under limited circumstances as defined in the plan documents.

Administrative expenses

Certain administrative expenses of the Plan, including record-keeping and audit fees, were paid directly by the Company for the year ended December 31, 2023. The Plan is not required to reimburse the Company for such expenses paid by the Company on its behalf. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

CellMark Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets liabilities and changes therein, and disclosure of contingent liabilities. Actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Contributions from the Company, if any, are recorded in the year earned. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee.

CellMark Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the participant loan is determined to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

Management of the Plan has evaluated subsequent events through October 3, 2024, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2023.

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no auditing procedures with respect to the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end which is determined and published and is the basis for current transactions. The mutual funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

Collective investment trust (CIT) - investments in collective investment funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less fees and expenses, divided by the number of outstanding units. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective investment trust has no unfunded commitments and can be redeemed daily.

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$123,018,617</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$123,018,617</u>
	<u><u>\$123,018,617</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u>123,018,617</u>
Investments measured at NAV*				<u>13,998,975</u>
				<u><u>\$137,017,592</u></u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$102,373,331</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$102,373,331</u>
	<u><u>\$102,373,331</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u>102,373,331</u>
Investments measured at NAV*				<u>16,459,426</u>
				<u><u>\$118,832,757</u></u>

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. TAX STATUS

The Plan has adopted the Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Merrill Lynch. The Internal Revenue Service informed Merrill Lynch by a letter dated June 30, 2020, that the plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. As such, transactions conducted by the Trustee and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Company pays certain fees and expenses on behalf of the Plan. The Plan is not required to reimburse the Company for expenses paid on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

As part of its compensation for processing transactions for the plan, the Trustee retains earnings derived on the use of funds ("float") on cash balances while certain transactions are pending.

Certain fund level fees incurred by the funds in which the Plan invests such as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

Transactions conducted by the Trustee and its affiliates, including fund fees, float and revenue sharing arrangements, qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

8. ROLLOVER CONTRIBUTIONS

On February 23, 2023, the Benefit Plans Committee approved a written resolution to terminate the CellMark USA Retirement Plan, a frozen defined benefit Plan sponsored by the Company, effective as of May 1, 2023. Participants were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, receive a lump sum distribution, or be paid through an annuity contract. During the Plan year ended December 31, 2023, an aggregate of \$2,342,831 was rolled into the Plan and is reflected as rollovers on the statement of changes in net assets available for benefits.
