INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Officers and Representatives of the UBC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Officers and Representatives of the UBC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- 
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Officers and Representatives of the UBC Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Officers and Representatives of the UBC Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OFFICERS AND REPRESENTATIVES OF THE UBC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

The Officers and Representatives of the UBC Savings Plan (the Plan) was established November 15, 1997 by the United Brotherhood of Carpenters and Joiners of America (UBC) to provide a retirement plan for its eligible employees effective as of January 1, 1998. It is a single employer defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. All eligible employees of UBC may become participants in the Plan after completing six months of service and attaining an age of 21. Each participant may elect to contribute 1% to 10% of their earnings to the Plan. Employees may elect to change the contribution amount or stop contributing at any time.

A participant is fully vested in the Plan immediately upon making a contribution. Benefits are generally payable under this Plan upon a participant's retirement, death, or termination of their employment with UBC.

Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by investment vehicles selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants may elect to borrow the lesser of 50% of their account balances or \$50,000 from the Plan; these loans are secured by the value of the participant's vested benefit. Such loans must generally be repaid within five years. Each loan is treated as a directed investment of the participant who receives the loan proceeds, and all loan repayments received by the Plan are credited to that participant's account. The loans bear interest at rates established by the Plan administrator, based on a review of prevailing interest rates.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - The Plan investments are stated at quoted market values (except for fully benefit-responsive investments contracts, which are reported at contract values). Quoted market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit responsive contracts are valued at contract value. The Plan's retirement savings trust account with Vanguard is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to purchase annuities and pay administration expenses charged by Vanguard. Contract value is the amount participants would normally receive if they were to initiate permitted transaction under the terms of the Plan.

Loans to Participants - Loans to participants are carried at their unpaid principal balances, which approximate fair value.

Contributions to the Plan - Participants may elect to contribute to their participant accounts via payroll deductions; all amounts withheld as of year end but not yet transferred to the Plan at that date are reported as receivable. In addition, UBC makes employer profit sharing contributions of 12% of compensation up to \$22,500 and \$20,500, respectively, for the years ended December 31, 2023 and 2022. UBC made employer profit sharing contributions of \$1,345,641 and \$1,273,430, respectively, for the years ended December 31, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. PRIORITIES UPON TERMINATION

It is the expressed intention and expectation of UBC, the sponsor, that it will continue the Plan in full force and effect. However, in the unlikely event of termination, the interests of participants under the Plan shall be non-forfeitable to the extent funded. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the beneficiaries and participants. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

NOTE 4. TAX STATUS

The Internal Revenue Service has stated that an employer who adopts this Plan will be considered to have a plan qualified under Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since the receipt of the determination letter. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	December 31, 2023			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 29,459,715	\$ 29,459,715	\$ -	\$ -
Investments at fair value	<u>\$ 29,459,715</u>	<u>\$ 29,459,715</u>	<u>\$ -</u>	<u>\$ -</u>

Description	December 31, 2022			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 23,460,720	\$ 23,460,720	\$ -	\$ -
Investments at fair value	<u>\$ 23,460,720</u>	<u>\$ 23,460,720</u>	<u>\$ -</u>	<u>\$ -</u>

Following are descriptions of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2023 and 2022.

Mutual funds: The fair value of the Plan's investments in mutual funds are valued using the quoted prices of identical investments on the active markets they are traded.

NOTE 6. FINANCIAL INFORMATION CERTIFIED BY VANGUARD FIDUCIARY TRUST COMPANY

Investment balances of \$31,877,366 and \$27,028,517 at December 31, 2023 and 2022, respectively, and the related investment information, including net appreciation in fair value of investments, included in the financial statements, notes to financial statements, and accompanying supplemental schedule were certified by Vanguard Fiduciary Trust Company, trustee. The trustee certified as to the completeness and accuracy of the investments.

NOTE 7. VANGUARD RETIREMENT SAVINGS TRUST FUND

The Plan participates in a fully benefit-responsive investment contract with Vanguard via the Retirement Savings Trust Fund. The investment objectives of the Retirement Savings Trust Fund are to maintain perspective and long-term discipline while minimizing costs. The trust fund will attempt to achieve these objectives by investing principally in structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts (SACs); and other similar instruments that are intended to maintain a constant net asset value while permitting participant initiated, benefit-responsive withdrawals for certain events (collectively, investment contracts). The fund's financial instruments are valued and its net asset value per unit is computed each day the New York Stock Exchange is open for business (valuation date). There are no unfunded commitments related to the contract.

	2023	2022
Vanguard Retirement Savings Trust Fund	<u>\$ 2,199,194</u>	<u>\$ 2,708,994</u>

As described in Note 2, because the collective investment trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Vanguard, represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contracts permit termination of the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on Vanguard's ability to meet its contractual obligations and may be affected by future economic and regulatory developments.

NOTE 8. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Vanguard, the Plan's trustee, and investment custodian; therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan directly pays any other fees related to the Plan's operations, except loan fees paid directly by the participants.

UBC is the sponsor of the Plan, and as such they are considered to also be a party-in-interest.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of participant loans per the financial statements to participant loans per the Form 5500 at December 31, 2023:

Net assets available for benefits per the financial statements	\$ 31,877,366
Participants loans reduced by 2023 deemed distributions	<u>(72,838)</u>
Net assets available for benefits per the Form 5500	<u>\$ 31,804,528</u>

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 to Form 5500:

Participant loans per the financial statements	\$ 218,369
Participants loans reduced by 2023 deemed distributions	<u>(72,838)</u>
Participant loans per the Form 5500	<u>\$ 145,531</u>

The following is a reconciliation of deductions per the financial statements to expenses per the Form 5500 for the year ended December 31, 2023:

Deductions per financial statements	\$ 1,194,175
2023 deemed distributions	<u>72,838</u>
Expenses per Form 5500	<u>\$ 1,267,013</u>

NOTE 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 25, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Officers and Representatives of the UBC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Officers and Representatives of the UBC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- 
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Officers and Representatives of the UBC Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Officers and Representatives of the UBC Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OFFICERS AND REPRESENTATIVES OF THE UBC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

The Officers and Representatives of the UBC Savings Plan (the Plan) was established November 15, 1997 by the United Brotherhood of Carpenters and Joiners of America (UBC) to provide a retirement plan for its eligible employees effective as of January 1, 1998. It is a single employer defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. All eligible employees of UBC may become participants in the Plan after completing six months of service and attaining an age of 21. Each participant may elect to contribute 1% to 10% of their earnings to the Plan. Employees may elect to change the contribution amount or stop contributing at any time.

A participant is fully vested in the Plan immediately upon making a contribution. Benefits are generally payable under this Plan upon a participant's retirement, death, or termination of their employment with UBC.

Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by investment vehicles selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants may elect to borrow the lesser of 50% of their account balances or \$50,000 from the Plan; these loans are secured by the value of the participant's vested benefit. Such loans must generally be repaid within five years. Each loan is treated as a directed investment of the participant who receives the loan proceeds, and all loan repayments received by the Plan are credited to that participant's account. The loans bear interest at rates established by the Plan administrator, based on a review of prevailing interest rates.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - The Plan investments are stated at quoted market values (except for fully benefit-responsive investments contracts, which are reported at contract values). Quoted market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit responsive contracts are valued at contract value. The Plan's retirement savings trust account with Vanguard is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to purchase annuities and pay administration expenses charged by Vanguard. Contract value is the amount participants would normally receive if they were to initiate permitted transaction under the terms of the Plan.

Loans to Participants - Loans to participants are carried at their unpaid principal balances, which approximate fair value.

Contributions to the Plan - Participants may elect to contribute to their participant accounts via payroll deductions; all amounts withheld as of year end but not yet transferred to the Plan at that date are reported as receivable. In addition, UBC makes employer profit sharing contributions of 12% of compensation up to \$22,500 and \$20,500, respectively, for the years ended December 31, 2023 and 2022. UBC made employer profit sharing contributions of \$1,345,641 and \$1,273,430, respectively, for the years ended December 31, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. PRIORITIES UPON TERMINATION

It is the expressed intention and expectation of UBC, the sponsor, that it will continue the Plan in full force and effect. However, in the unlikely event of termination, the interests of participants under the Plan shall be non-forfeitable to the extent funded. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the beneficiaries and participants. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

NOTE 4. TAX STATUS

The Internal Revenue Service has stated that an employer who adopts this Plan will be considered to have a plan qualified under Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since the receipt of the determination letter. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	December 31, 2023			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 29,459,715	\$ 29,459,715	\$ -	\$ -
Investments at fair value	<u>\$ 29,459,715</u>	<u>\$ 29,459,715</u>	<u>\$ -</u>	<u>\$ -</u>

Description	December 31, 2022			
	Total Investment at Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 23,460,720	\$ 23,460,720	\$ -	\$ -
Investments at fair value	<u>\$ 23,460,720</u>	<u>\$ 23,460,720</u>	<u>\$ -</u>	<u>\$ -</u>

Following are descriptions of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2023 and 2022.

Mutual funds: The fair value of the Plan's investments in mutual funds are valued using the quoted prices of identical investments on the active markets they are traded.

NOTE 6. FINANCIAL INFORMATION CERTIFIED BY VANGUARD FIDUCIARY TRUST COMPANY

Investment balances of \$31,877,366 and \$27,028,517 at December 31, 2023 and 2022, respectively, and the related investment information, including net appreciation in fair value of investments, included in the financial statements, notes to financial statements, and accompanying supplemental schedule were certified by Vanguard Fiduciary Trust Company, trustee. The trustee certified as to the completeness and accuracy of the investments.

NOTE 7. VANGUARD RETIREMENT SAVINGS TRUST FUND

The Plan participates in a fully benefit-responsive investment contract with Vanguard via the Retirement Savings Trust Fund. The investment objectives of the Retirement Savings Trust Fund are to maintain perspective and long-term discipline while minimizing costs. The trust fund will attempt to achieve these objectives by investing principally in structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts (SACs); and other similar instruments that are intended to maintain a constant net asset value while permitting participant initiated, benefit-responsive withdrawals for certain events (collectively, investment contracts). The fund's financial instruments are valued and its net asset value per unit is computed each day the New York Stock Exchange is open for business (valuation date). There are no unfunded commitments related to the contract.

	2023	2022
Vanguard Retirement Savings Trust Fund	<u>\$ 2,199,194</u>	<u>\$ 2,708,994</u>

As described in Note 2, because the collective investment trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Vanguard, represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contracts permit termination of the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on Vanguard's ability to meet its contractual obligations and may be affected by future economic and regulatory developments.

NOTE 8. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Vanguard, the Plan's trustee, and investment custodian; therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan directly pays any other fees related to the Plan's operations, except loan fees paid directly by the participants.

UBC is the sponsor of the Plan, and as such they are considered to also be a party-in-interest.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of participant loans per the financial statements to participant loans per the Form 5500 at December 31, 2023:

Net assets available for benefits per the financial statements	\$ 31,877,366
Participants loans reduced by 2023 deemed distributions	<u>(72,838)</u>
Net assets available for benefits per the Form 5500	<u>\$ 31,804,528</u>

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 to Form 5500:

Participant loans per the financial statements	\$ 218,369
Participants loans reduced by 2023 deemed distributions	<u>(72,838)</u>
Participant loans per the Form 5500	<u>\$ 145,531</u>

The following is a reconciliation of deductions per the financial statements to expenses per the Form 5500 for the year ended December 31, 2023:

Deductions per financial statements	\$ 1,194,175
2023 deemed distributions	<u>72,838</u>
Expenses per Form 5500	<u>\$ 1,267,013</u>

NOTE 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 25, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
