REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

Securities Industry and Financial Markets Association Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Securities Industry and Financial Markets Association Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Securities Industry and Financial Markets Association Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Securities Industry and Financial Markets Association Savings Plan (the "Plan") is provided for general information only. Participants should refer to the Plan document for more detailed information.

General

The Plan, which first became effective April 9, 1981, is a defined contribution plan with a profit-sharing feature that covers all employees of the Securities Industry and Financial Markets Association ("SIFMA" or "Plan Sponsor") who have met specified eligibility requirements as described in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Securities Industry and Financial Markets Association Savings Plan and Trust and the Securities Industry and Financial Market Association Employee's Pension Plan and Trust merged into the Plan on December 31, 2009. Eligible participants continue to accrue benefits in the merged plan. There were no changes to the benefits participants are entitled to receive and all future benefits will be paid out of the Plan after the effective date of the merger.

The Board of Directors of SIFMA is responsible for oversight of the Plan. The Retirement Plan Committee of the Plan Sponsor determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

T. Rowe Price Trust Company ("T. Rowe Price") is the trustee and recordkeeper. Participants can invest their account balances in any combination of available investments offered under the Plan and can change such allocations of investments at any time.

Contributions

Subject to certain limitations, participants can contribute pre-tax compensation and or Roth elective deferrals through payroll deductions. The sum of the elective deferrals may not exceed 70% of the participant's compensation for the Plan year or Internal Revenue Service ("IRS") limit of \$22,500 and \$20,500 for 2023 and 2022, respectively, whichever comes first. Participants who have attained at least 50 years of age are eligible to make additional catch-up contributions up to the IRS limit of \$7,500 and \$6,500 in 2023 and 2022.

Participants are eligible to join the Plan on their date of hire. If an employee does not enroll or opt out of the Plan within 30 days, then they are automatically enrolled at a default deferral percentage of 6% pre-tax into a default retirement fund that is closest to the year in which they turn age 65. Participants can change this percentage and/or fund or opt out at any time after they are automatically enrolled.

The Plan approved an amendment to add an automatic increase to the participant's salary deferral amount on the first day of each Plan year beginning on or after January 1, 2022. This automatic increase is for all participants contributing between 0% and 9%. The automatic increase does not impact those participants already contributing at least 10% of their eligible salaries. Participants may opt out of the automatic increase.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers) without any limitation.

SIFMA makes a non-elective contribution of 3% of the participant's compensation (as defined). Participants previously eligible under the Securities Industry and Financial Market Association Employee's Pension Plan and Trust also receive additional employer contributions based on the following formula: (a) 6.2% of annual

Securities Industry and Financial Markets Association Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

allowable compensation (\$330,000 and \$305,000 in 2023 and 2022, respectively), and (b) 4.3% of allowable compensation in excess of \$42,000 for the year.

Additional supplemental retirement contributions are made to participants who were previously eligible under the Group Pension Plan for Employees of Securities Industry and Financial Markets Association ("Plan 001"). This includes employees hired by SIFMA on or after November 1, 2006 (including former employees of the Securities Industry Association or the Bond Market Association who terminated employment prior to November 1, 2006 and were hired by SIFMA on or after that date) and only after completion of one year of service. The contribution is equal to 9% of compensation (earned after completing the one-year eligibility requirement). Only compensation up to the IRS maximum of \$330,000 and \$305,000 for 2023 and 2022, respectively, is taken into consideration. Participants do not need to be contributing to the Plan to be eligible for the supplemental retirement contribution.

There were no profit-sharing contributions declared for the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and SIFMA contributions, as well as allocations of the Plan Sponsor's profit-sharing contribution (if applicable) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The 3% non-elective contribution made by SIFMA is 100% vested at all times. Participants eligible under the Plan and participants previously eligible for the Securities Industry and Financial Market Association Employee's Pension Plan and Trust are fully vested in all past and future SIFMA contributions.

Additional employer contributions (based on the 6.2% and 4.3% allowable compensation formula above), as well as the additional 9% supplemental retirement contribution are both subject to a vesting schedule. Participants' accounts become 20% vested after two years of service, 40% after three years, 60% after four years, and 100% after five years.

Notes Receivable from Participants

Participants are permitted to borrow up to 50% of the value of their vested account balance or \$50,000, whichever is less. Loans from the Plan are collateralized by the balance in the participant's account. Loans will bear interest at a rate comparable to the rate charged by lending institutions for secured personal loans made under similar circumstances, usually prime plus 2%, which will remain fixed for the term of the loan. The term of the loan cannot exceed five years, except if the loan is used for the purpose of acquiring the principal residence of the participant in which case the loan cannot exceed 15 years. A participant may not have more than two loans outstanding at any time. All loans must be repaid by payroll deduction. Any outstanding loan balance will become payable in full upon a participant's separation from service, otherwise, the participant's account balance at the time of distribution will be reduced by the value of the outstanding loan. Participants' loans outstanding as of December 31, 2023 and 2022, earned interest rates ranging from 5.25% to 10.50% with maturities through 2034. Effective January 1, 2019, a participant may not have more than one loan outstanding at any time. All loans must be repaid by payroll deduction. Any outstanding loan balance will become payable in full no later than the end of the calendar quarter immediately following the calendar quarter upon a participant's separation from service, otherwise, the participant's account balance at the time of distribution will be reduced by the value of the outstanding loan.

Payment of Benefits

Upon termination of service for any reason other than death, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account, or equal installments over a period not to exceed the life expectancy of the participant or the joint life expectancies of the participant and beneficiary. On termination of service by reason of death, the vested value of the participant's account will be paid as a lump-sum distribution.

A participant may elect to make withdrawals from his or her pre-tax account based upon financial hardship. A distribution based upon financial hardship cannot exceed the amount required to meet the immediate financial need created by the hardship and not be reasonably available from other resources of the participant. A distribution may include amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution. A participant who takes a hardship withdrawal shall not be permitted to make pre-tax contributions for the six months following the hardship distribution.

A participant may elect an in-service withdrawal of all or a portion of his or her after-tax account. The minimum amount that may be withdrawn is \$500 or if less, the balance in the Participant's after-tax account.

A participant may withdraw all or part of the balance in his or her rollover account, although the Compensation Committee can establish limitations on the frequency of withdrawals. The minimum amount that may be withdrawn from the rollover account is \$500 or, if less, the balance in the rollover account.

Forfeited Accounts

As of December 31, 2023 and 2022, there were no forfeited non-vested accounts. During 2023, employer contributions were reduced by approximately \$177,677 from forfeited non-vested accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee, investment advisers and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Securities Industry and Financial Markets Association Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits and distributions are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by SIFMA and are excluded from these financial statements. Expenses directly related to the Plan such as investment advisory fees and audit fees are charged to the Plan. In addition, administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - CERTIFICATION BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price, the Plan's trustee, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 - FAIR VALUE MEASUREMENT OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Securities Industry and Financial Markets Association Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and involve significant estimates/judgments to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund - The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then adjusted by the issuer to contract value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments related to this investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 36,554,310	\$ -	\$ -	\$ 36,554,310

Investments measured at NAV ^(a)				<u>57,249,443</u>
Total investments				<u>\$ 93,803,753</u>

^(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

	<u>2023 Fair Value</u>	<u>2022 Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
T. Rowe Price Stable Value Common Trust Fund	\$ 6,364,152	\$ 6,493,360	Daily	Daily
T. Rowe Price Target Retirement Funds	<u>50,885,291</u>	<u>-</u>	Daily	Daily
	<u>\$ 57,249,443</u>	<u>\$ 6,493,360</u>		

NOTE 5 - T. ROWE PRICE STABLE VALUE COMMON TRUST FUND

T. Rowe Price Trust Company operates a collective trust fund referred to as the Stable Value Fund (the "Fund"). The beneficial interest of each investor is represented by units that are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the Fund's policy to use its best efforts to maintain a stable NAV of \$1 per unit although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Securities Industry and Financial Markets Association Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Trust units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. Participant-directed redemptions do not have restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire shares in the Fund.

The Fund invests in guaranteed investment contracts, synthetic investment contracts and money market funds. In addition, the Fund enters into “wrapper” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund under certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect the portfolio in extreme circumstances.

The existence of certain conditions can limit the Fund’s ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the Fund that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. In the event that wrap contracts fail to perform as intended, the Fund’s NAV may decline if the market value of the underlying assets decline. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

NOTE 6 - RELATED-PARTY TRANSACTIONS

Plan investments include shares of mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, SIFMA has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan’s termination, all participants’ accounts will become fully vested and will be distributed in accordance with the provisions of the Plan.

NOTE 8 - TAX STATUS

The IRS has determined and informed SIFMA by a letter dated February 3, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2023 financial statements for subsequent events through September 30, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
