INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Alan Ritchey, Inc. Employee Profit Sharing Plan
Valley View, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Alan Ritchey, Inc. Employee Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 16, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Alan Ritchey, Inc. Employee Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of Alan Ritchey, Inc. (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan became effective July 1, 1989 and was last amended on January 1, 2022. The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

The Plan covers all full-time employees of the Company. Employees over age 21 become eligible after meeting certain service requirements. Eligible plan participants may begin making contributions immediately upon meeting the requirements.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document. Roth deferrals subject to federal income taxes in the year of deferral are also allowed. The Plan also permits participant rollovers from the qualified plans of former employers. Participants may authorize the Company to make payroll deductions under the Plan from 0% to 75% of their eligible compensation, as defined in the Plan document, not to exceed $22,500 in 2023 in accordance with Internal Revenue Service (IRS) regulations. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2023, are eligible for an additional catch-up contribution of $7,500 in 2023.

The Company may, at the discretion of the Company's board of directors, contribute a discretionary percentage or amount of each participant's elective deferral and/or contributions to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Company contributions are invested as directed by the participant. During the years ended December 31, 2023 and 2022, the Company did not elect to make any discretionary matching or additional profit sharing contributions to the Plan. Contributions are subject to certain limitations.

Participant accounts

Participants direct the investment of their contributions, rollover contributions, if applicable, and the Company's discretionary profit sharing contributions, if any, into various investment options offered by the Plan. The Plan currently offers investments in registered investment companies as investment options for participants.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions and rollover contributions, if applicable, plus actual earnings thereon.

Participants are vested immediately in the Company's discretionary match and profit sharing contribution portion of their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator, as defined in the Plan document. Principal and interest are paid through payroll deductions.

Benefits paid to participants

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period not to exceed the life expectancy of the participant or designated beneficiary. Participants may receive a hardship distribution from their vested account balances subject to certain limitations, as defined in the Plan.

The Company, at its discretion, may elect to cash out a terminated participant's entire account balance of $5,000 or less. If a participant's balance is more than $1,000 and cash out-eligible, and the participant has not elected to receive their vested account balance in the form of a single lump sum payment or elected a direct rollover to an individual retirement account ("IRA") or another employer's qualified tax plan, it may automatically be rolled over to an IRA established by an IRA provider selected by the Company.

Forfeitures

Forfeited, nonvested accounts are retained in the Plan and may be used to reduce future employer contributions to the Plan or to pay administrative expenses of the Plan. At December 31, 2023 and 2022, forfeited nonvested accounts totaled $0 and $17,359, respectively. There were no forfeitures for the year ended December 31, 2023.

Note 2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of significant accounting policies, continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments purchased and sold as well as those held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative expenses

Certain of the Plan's administrative expenses are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Payment of benefits

Benefit payments to participants are recorded when paid.

Subsequent events

The Plan Administrator has evaluated subsequent events through September 30, 2024, the date on which the financial statements were available to be issued.

Note 3. Certified investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and dividends and interest income for the year ended December 31, 2023, was

Note 3. Certified investments, continued

obtained or derived from information provided to Plan management and certified as complete and accurate by Bank of America N.A., the trustee of the Plan.

During 2023 and 2022, the Plan held an interest in the Invesco Stable Value Retirement Trust (the Trust), a common collective trust with Invesco Trust Company. The Trust invests in various investment portfolios, some of which are combined with investment contracts, commonly referred to as wrap contracts, issued by insurance companies and other financial institutions for a fee. The Trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses, all of which are based on the specific investment unit tier of the investment interest. Wrap fees associated with investment contracts are charged at a fixed rate and proportionally allocated across the unit classes based on relative net assets. The issuers of the wrap contracts guarantee a minimum rate of return and provide full benefit responsiveness, provided that all terms of the wrap contract have been met. The fair value of the Trust equals the total of the fair value of the underlying assets plus the total wrap contract rebid value.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time. The Plan is required to give 24 months' irrevocable written notice of its intent to redeem all or a portion of its participation in the Trust.

Note 4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification 820 (ASC 820) are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Note 4. Fair value measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the Trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,092,814	$ -	$ -	$ 16,092,814
Total investments in fair value hierarchy	16,092,814	-	-	16,092,814
Investments measured at net asset value:				
Common collective trusts*	-	-	-	4,319,387
Total investments at fair value	$ 16,092,814	$ -	$ -	$ 20,412,201

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,462,687	$ -	$ -	$ 14,462,687
Total investments in fair value hierarchy	14,462,687	-	-	14,462,687
Investments measured at net asset value:				
Common collective trusts*	-	-	-	5,148,478
Total investments at fair value	$ 14,462,687	$ -	$ -	$ 19,611,165

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The NAV based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

Note 5. Related-party transactions and party-in-interest transactions

Plan assets are held and managed by the trustee. The trustee invests cash received and interest and dividend income as directed by the participants of the Plan. The trustee also makes distributions to participants.

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and the trustee qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. However, no such employees receive compensation from the Plan. The Company and the Plan share in administrative expenses for the Plan.

Note 6. Tax status

Effective January 1, 2022, the Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100 percent vested in their employer contributions.

Note 8. Risks and uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2023	2022
Net assets available for benefits per the financial statements	$ 20,672,082	$ 19,915,621
