INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Camden Development, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Camden Development, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan

The following description of the Camden Development, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on July 1, 1990 and last amended December 11, 2023, is a defined contribution plan covering employees of Camden Development, Inc. (the "Company") and its subsidiaries. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee

Fidelity Management Trust Company ("Fidelity" or the "Trustee") is the trustee for the Plan and holds all Plan assets in a trust account.

Eligibility, contributions, and vesting

The Plan's eligibility requirement allows participation upon six months of service with no age requirement. The Plan provides for voluntary contributions of up to 60%, unless a special salary reduction agreement was entered into, of the employee's eligible compensation. Employees are automatically enrolled in the Plan at 4% of the employee's compensation upon meeting the eligibility requirement. Employees may elect a different percentage or elect not to participate by notifying the Company or Fidelity. Deferral contributions for participants having automatic enrollment contributions made on their behalf are increased annually by 1% (not to exceed 10%) of compensation. The Internal Revenue Code (the "IRC") limits the annual amount of salary deferrals that may be made by any participant.

The Company's non-discretionary matching contribution on behalf of each participant is equal to 100% of the first 2% contributed to the Plan by the participant, and 50% of the next 5% contributed to the Plan by the participant. The Company's matching contribution for each participant for the Plan year is limited to \$3,000. The Company may also make a discretionary contribution to the Plan. For the year ended December 31, 2023, no discretionary contribution was made.

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of Plan earnings or losses, and Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investments offered by the Plan either through direct transfers from one option to another or by changing the percentage of future contributions allocated among the investment options.

Camden Development, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2023

Note 1 - Description of the Plan (Continued)Eligibility, contributions, and vesting (continued)

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is vested in the Company's matching contributions and related earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	67%
3	100%

If a participant terminates employment before having a fully vested interest in their account, the non-vested balance of the account will be forfeited. Forfeitures may first be used to pay administrative expenses of the Plan and any remaining amounts will be used to reduce future Company contributions. Forfeitures applied to reduce employer contributions amounted to \$199,177 during 2023.

Participant withdrawals

Withdrawals may be made from participant vested account balances, subject to certain restrictions, upon termination of employment, retirement, reaching the age of 59½, or by incurring a disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary. Distributions ordinarily are made in single lump-sum cash payments. Active employees, who suffer a financial hardship and cannot obtain funds from other resources, may withdraw all or part of their vested account balance.

If the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump-sum without the participant's consent. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

Participants are permitted to borrow funds from the balance in their respective accounts subject to a minimum loan of \$1,000 and limited to the lesser of 50% of the participant's vested balance or \$50,000. Participant loans bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Administrative expenses

All expenses of the Plan are paid by the Company, except for certain transaction-related fees, commissions and participant notes receivable fees.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through September 25, 2024, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standard Codification Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market fund – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Participant-directed brokerage accounts – these investments are valued daily using quoted market prices.
- Common/collective trust – this investment is valued at NAV of the fund. The NAV is calculated by the fund based on "net assets", which includes fully benefit-responsive investment contracts at contract value comingled with other investments. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the common/collective trust. The investment can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.

Camden Development, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2023

Note 3 - Fair Value Measurements (Continued)

- Pooled separate accounts – Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liability. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	Level 1	Total
Money market fund	\$ 19,310	\$ 19,310

Note 3 - Fair Value Measurements (Continued)Fair value of investments that calculate NAV

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2023 and 2022, respectively:

<u>Year Ended</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2023	\$ 111,952,321	N/A	Daily	Daily
December 31, 2022	\$ 94,222,357	N/A	Daily	Daily

Note 4 - Income Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing CODA plan, which obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance within the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, investment interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

Note 6 - Common/Collective Trust

The Morley Stable Value Fund (the "Morley Trust"), a common/collective trust, invests primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. The Morley Trust primarily holds investments in fully benefit-responsive investment contracts that states the Plan may make withdrawals at contract value for benefit-responsive requirements.

Camden Development, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2023

Note 6 - Common/Collective Trust (Continued)

The reported fair value of the Morley Trust is determined by a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Withdrawals from the Morley Trust for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Morley Trust's trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice.

Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Morley Trust resulting from Company directed actions. Such Company directed actions include, but are not limited to: (i) Trustee or Company-directed reallocation of investments; (ii) Company sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Morley Trust as an investment option of the Plan; and (v) terminating the Plan.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 9 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee and therefore these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable to participants, which are party-in-interest transactions that are exempt from the prohibited transactions rules.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity. Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Camden Development, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Camden Development, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Camden Development, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on July 1, 1990 and last amended December 11, 2023, is a defined contribution plan covering employees of Camden Development, Inc. (the "Company") and its subsidiaries. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee

Fidelity Management Trust Company ("Fidelity" or the "Trustee") is the trustee for the Plan and holds all Plan assets in a trust account.

Eligibility, contributions, and vesting

The Plan's eligibility requirement allows participation upon six months of service with no age requirement. The Plan provides for voluntary contributions of up to 60%, unless a special salary reduction agreement was entered into, of the employee's eligible compensation. Employees are automatically enrolled in the Plan at 4% of the employee's compensation upon meeting the eligibility requirement. Employees may elect a different percentage or elect not to participate by notifying the Company or Fidelity. Deferral contributions for participants having automatic enrollment contributions made on their behalf are increased annually by 1% (not to exceed 10%) of compensation. The Internal Revenue Code (the "IRC") limits the annual amount of salary deferrals that may be made by any participant.

The Company's non-discretionary matching contribution on behalf of each participant is equal to 100% of the first 2% contributed to the Plan by the participant, and 50% of the next 5% contributed to the Plan by the participant. The Company's matching contribution for each participant for the Plan year is limited to \$3,000. The Company may also make a discretionary contribution to the Plan. For the year ended December 31, 2023, no discretionary contribution was made.

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of Plan earnings or losses, and Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment allocation among the various investments offered by the Plan either through direct transfers from one option to another or by changing the percentage of future contributions allocated among the investment options.

Note 1 - Description of the Plan (Continued)Eligibility, contributions, and vesting (continued)

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is vested in the Company's matching contributions and related earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	67%
3	100%

If a participant terminates employment before having a fully vested interest in their account, the non-vested balance of the account will be forfeited. Forfeitures may first be used to pay administrative expenses of the Plan and any remaining amounts will be used to reduce future Company contributions. Forfeitures applied to reduce employer contributions amounted to \$199,177 during 2023.

Participant withdrawals

Withdrawals may be made from participant vested account balances, subject to certain restrictions, upon termination of employment, retirement, reaching the age of 59½, or by incurring a disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary. Distributions ordinarily are made in single lump-sum cash payments. Active employees, who suffer a financial hardship and cannot obtain funds from other resources, may withdraw all or part of their vested account balance.

If the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump-sum without the participant's consent. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

Participants are permitted to borrow funds from the balance in their respective accounts subject to a minimum loan of \$1,000 and limited to the lesser of 50% of the participant's vested balance or \$50,000. Participant loans bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Administrative expenses

All expenses of the Plan are paid by the Company, except for certain transaction-related fees, commissions and participant notes receivable fees.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through September 25, 2024, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standard Codification Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market fund – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Participant-directed brokerage accounts – these investments are valued daily using quoted market prices.
- Common/collective trust – this investment is valued at NAV of the fund. The NAV is calculated by the fund based on "net assets", which includes fully benefit-responsive investment contracts at contract value comingled with other investments. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the common/collective trust. The investment can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.

Camden Development, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2023

Note 3 - Fair Value Measurements (Continued)

- Pooled separate accounts – Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liability. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	Level 1	Total

Note 3 - Fair Value Measurements (Continued)Fair value of investments that calculate NAV

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2023 and 2022, respectively:

<u>Year Ended</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2023	\$ 111,952,321	N/A	Daily	Daily
December 31, 2022	\$ 94,222,357	N/A	Daily	Daily

Note 4 - Income Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing CODA plan, which obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance within the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, investment interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

Note 6 - Common/Collective Trust

The Morley Stable Value Fund (the "Morley Trust"), a common/collective trust, invests primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. The Morley Trust primarily holds investments in fully benefit-responsive investment contracts that states the Plan may make withdrawals at contract value for benefit-responsive requirements.

Camden Development, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2023

Note 6 - Common/Collective Trust (Continued)

The reported fair value of the Morley Trust is determined by a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Withdrawals from the Morley Trust for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Morley Trust's trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice.

Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Morley Trust resulting from Company directed actions. Such Company directed actions include, but are not limited to: (i) Trustee or Company-directed reallocation of investments; (ii) Company sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Morley Trust as an investment option of the Plan; and (v) terminating the Plan.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 9 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee and therefore these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable to participants, which are party-in-interest transactions that are exempt from the prohibited transactions rules.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity. Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing.
