INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative committee of
the CompX Capital Accumulation Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of The CompX Capital Accumulation Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and the Schedule of Reportable Transactions, together referred to as "supplemental information" are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COMPX CAPITAL ACCUMULATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023

Note 1 – Description of plan:

General. The following description of the CompX Capital Accumulation Profit Sharing Plan, (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a noncontributory defined contribution profit sharing plan and covers substantially all employees of CompX International Inc. and its wholly-owned subsidiaries, CompX Security Products Inc., CompX Marine Inc., Livorsi Marine Inc., and Custom Marine Inc. (collectively, the "Employer"), who have completed at least one year of service, as defined, and are at least 20 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

At December 31, 2023, CompX International Inc. is 87% owned by NL Industries, Inc. At December 31, 2023, Valhi, Inc. (NYSE: VHI) owned 83% of NL's outstanding common stock and a wholly-owned subsidiary of Contran Corporation owned 91% of Valhi's outstanding common stock. At December 31, 2023, a majority of Contran's outstanding voting stock was held directly by Lisa K. Simmons and various family trusts established for the benefit of Ms. Simmons, Thomas C. Connelly (the husband of Ms. Simmons' late sister) and their children and for which Ms. Simmons or Mr. Connelly, as applicable, serve as trustee (collectively, the "Other Trusts"). With respect to the shares held directly by Mr. Connelly and the shares held by the Other Trusts for which Mr. Connelly or his sister serves as trustee, Mr. Connelly or the trustee is required to vote the shares of Contran voting stock held directly by Mr. Connelly or by such trusts in the same manner as Ms. Simmons. Such voting rights of Ms. Simmons last through April 22, 2030 and are personal to Ms. Simmons. The remainder of Contran's outstanding voting stock is held by another trust (the "Family Trust"), which was established for the benefit of Ms. Simmons and her late sister and their children and for which a third-party financial institution serves as trustee. Consequently, at December 31, 2023 Ms. Simmons and the Family Trust may be deemed to control Contran, and therefore may be deemed to indirectly control the wholly-owned subsidiary of Contran, Valhi, NL, the Employer and the Plan.

Contributions and participants' accounts. The Employer makes contributions to the Plan pursuant to a profit-sharing formula and allocates the contributions to the participants' accounts based upon their relative eligible compensation for the year. Plan earnings are allocated to participants' accounts based upon the participant's relative account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Employer's contribution is reduced, as provided by the Plan, to the extent nonvested amounts are forfeited by participants who withdraw from the Plan. At December 31, 2022 and 2023, there were no unallocated forfeited accounts. Forfeitures of approximately \$56,000 were used to reduce employer contributions for the year ended December 31, 2023.

Vesting and benefits. Participants' vesting commences upon completion of two years of service at the rate of 20% per year, and participants are fully vested after six years of vesting service. Employee rollover contributions are fully vested when made.

Upon termination of employment due to resignation, dismissal, total disability, retirement or death, a participant (or beneficiary, if applicable) may elect to receive either (i) a lump sum amount equal to the entire vested value of the participant's account, or a portion thereof, (ii) payment of the participant's vested account balance in monthly, quarterly or annual installments, or (iii) a combination of (i) and (ii) above.

Plan termination. Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants would become fully vested.

Expenses of administering the Plan. To the extent not paid by the Plan, administrative expenses are paid by the Employer at its sole discretion. The Employer paid a significant portion of administrative expenses in 2023.

Tax status. The Plan has been notified by the Internal Revenue Service in a letter dated June 30, 2020 that it is a qualified plan under Section 401(a) of the Internal Revenue Code (the "Code") and is therefore exempt from federal income taxes under provisions of Section 501(a) of the Code.

The Plan's Annual Returns/Reports of Employee Benefit Plan prior to 2020 are closed to examination by the applicable tax authorities. The Plan Administrator has concluded that the Plan had no significant uncertain tax positions for the years ended December 31, 2022 and 2023.

Note 2 – Summary of significant accounting policies:

Basis of accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Management estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may, in some instances, differ from previously estimated amounts.

Investment valuation and income recognition. The Plan's investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

The net appreciation for the year is reflected in the Plan's statement of changes in net assets available for benefits. The net appreciation includes realized gains or losses and unrealized appreciation or depreciation on investments. Realized gains and losses on sales of securities are based upon the average cost of securities sold. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis.

Risk and uncertainties. The Plan may invest in a variety of stocks, bonds, fixed income securities, U.S. government securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statements of net assets available for benefits.

Payment of benefits. Benefits are recorded when paid.

Subsequent events. The Plan has evaluated subsequent events through September 23, 2024, the date these financial statements were available to be issued and concluded that no additional disclosures were required.

Note 3 – Non-participant directed investments:

The Plan invests in mutual funds administered by third parties. On September 1, 2023 the Plan changed trustee and custodian from Principal Financial Group to Fidelity Management Trust Company ("Fidelity") and adopted a prototype plan document administered by Fidelity. This change initiated a black out period beginning August 23, 2023 through September 29, 2024. During this time period, changes could not be made to participant accounts and funds could not be withdrawn from the Plan.

The Administrative Committee of the Plan has engaged investment managers to manage the Plan's investments, as shown below:

	Fair value December 31,	
	2022	2023
Fidelity Investments (Boston, MA)	\$ —	\$ 11,557,975
Diamond Hill Investments (Columbus, OH)	3,121,112	3,505,135

Acadian Asset Management LLC (Boston, MA)	938,552	1,132,639
T. Rowe Price Associates, Inc. (Baltimore, MD)	2,131,939	—
Total investments	\$ 23,544,921	\$ 26,690,934

Note 4 – Fair value measurements:

The Plan carries its investments at fair value in accordance with Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, which establishes a consistent framework for measuring fair value and is applied to all financial statement items required to be measured at fair value. The standard requires fair value measurements to be classified and disclosed in one of the following three categories:

- *Level 1* – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- *Level 2* – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the assets or liability; and
- *Level 3* – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The level within the fair value hierarchy by which the Plan's investments are categorized is based on the lowest level of any input that is significant to the fair value measurement of each investment. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2023. There were no transfers between levels in the fair value hierarchy during 2022 and 2023.

Mutual funds: Investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2023.

	Fair Value at Reporting Date Using			
	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2022:				
Total investments in mutual funds	\$ 23,544,921	\$ 23,544,921	\$ —	\$ —
December 31, 2023:				
Total investments in mutual funds	\$ 26,690,934	\$ 26,690,934	\$ —	\$ —

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

Note 5 – Related Party and Party-in-Interest Transactions:

The Plan made direct payments of \$7,490 to Principal Financial Group and \$500 to Fidelity in 2023 for investment management services. Such fees are included in administration expenses of the Plan. The Plan sponsor pays directly any other fees related to the Plan's operations.
